

THE RUSSIAN CONTINGENT IN FRANCE

Another large force of Russians arrived at Brest, France, recently to reinforce the Russian lines already established in the Champagne district. Picture shows them enjoying a bath after their long journey.

THAT PARLIAMENT BUILDING SCANDAL

Liberal Members of Joint Committee in No Sense Responsible—Big Profit for Contractors in Percentages—No Excuse for the Waste

(Ottawa Correspondent of Montreal Star)

As regards the contract for the construction of the new parliament building, a Liberal member of the committee which has supervision over this work is authority for the statement that September 1, the date of the next meeting of the committee, will see the handing in of the resignation of himself and his Liberal colleagues.

The motion calling for the letting of a new contract by public tender, which was proposed by the Hon. Rodolphe Lemieux, will be introduced once more and pressed. If it is not carried the Liberals will step out of the committee.

They attempt to justify such action by the contention that while "restoration" of the old building was the end in view and the opinion was expressed that it could be got ready for next year's session, there was force in the argument that the work of restoration might best be done on the cost plus percentage system, but that when an entirely new building is to be erected the only safe way is to proceed by public advertisement and tender.

No Excuse for Waste.

(Toronto Globe)

After hastily demolishing the two million dollars' worth of masonry saved from the Parliament Buildings fire, the department comes forth with the contention that the masonry was unsatisfactory. The work, they say, was done and had to come down. The masonry is gone. The destruction is complete. All absolutely conclusive evidence has been destroyed. The evidence which the public have is the former report of the architect, "after a careful inspection," that the walls were sound, worth two million dollars, and would be a part of the new evidence. There is much at hand that is circumstantial. The demolition was carried out hastily and surreptitiously, without so much as informing the Joint Committee of the intention until it was complete. A suspicious attempt was made to excuse it by publishing a report to the effect that the intention had been made known to the Senate and Commons during the session.

6 Months Old Baby CURED OF DIARRHOEA

During the hot weather young children are very much subject to diarrhoea. In fact, more so than adults, on account of the more delicate construction of their constitution. It behooves every mother to look after her children on the first sign of any loosening of the bowels, for if they do not come down, the child is liable to suffer from cholera, cholera infantum, cholera morbus, Summer complaint, etc., is liable to follow, and they will, perhaps, lose their little ones by not taking the precaution to check this loosening of the bowels by using Dr. Fowler's Extract of Wild Strawberry.

Mrs. Chas. Monck, Marlbank, Ont., writes: "When my little girl was about six months old she took a severe attack of diarrhoea. I tried castor oil, laudanum and other treatments, but they were of no use. A neighbor told me about Dr. Fowler's Extract of Wild Strawberry. I tried it, and after giving my baby two doses I could see a great change for the better. I have always praised Dr. Fowler's since then."

Dr. Fowler's Extract of Wild Strawberry is the original. See you get it when you ask for it.

Manufactured only by The T. M. Turner Co., Limited, Toronto, Ont. Price 25c.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time In Many Instances

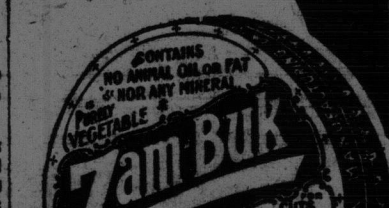

A Free Prescription You Can Have Filled and Use at Home.

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will be glad to know that according to Dr. Lewis there is a cure for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says after trying it: "I was almost blind, could not see to read at all. Now I can read everything without any glasses and my eyes do not need at all. I am glad they would pain dreadfully; now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with eye without glasses, but after using this prescription for fifteen days everything seems clear. I can even read the print without glasses. It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully relieved by following the simple rules. Here is the prescription: Go to any laundry drug store and get a bottle of Bon-Opto tablets. Drop one Bon-Opto tablet in a fourth of glass of water and allow to dissolve. With this use twice the eyes two or four times daily. You should notice your eyes clear up from the eye strain from the eye strain and inflammation will quickly disappear. If your eyes do not save them now before it is too late. Many have said they had almost been saved if they had cared for their eyes in time."

Here another purchaser writes to whom the above article was mailed, and says: "Bon-Opto is a very remarkable remedy. Its constant use has well been to me. I have been using it for some time and it has given me the most perfect vision I have ever had. It is a most valuable remedy and I am sure it is one of the very best remedies I have ever used. I have had it sent to me almost every family." Women Drug Co. Sole U.S.

A Frightful Death! Suffocated with Asthma Attack

Every sufferer from Asthma knows the terror, the abject fear that overcomes them when struggling for breath. The old-fashioned remedies may relieve, but never cure. Best results come from Catarrhose, which cures Asthma after a single dose. It is a powerful expectorant, kills the asthma germ that it cures. Choking spells and labored breathing are relieved, suffocating attacks and loss of breath are cured. Every trace of asthma is driven from the system, and even old chronic expectorant coughs are cured. Equally good for bronchitis, throat trouble and catarrh. The large one dollar bottle includes the inhaler and lasts two months, sold by all dealers or from The Catarrhose Co., Kingston, Can.

FARMERS HOLD FIRM ON MILK QUESTION

In so far as the farmers of Kings county are concerned—and they have been supplying three-quarters of the milk that comes to the city—the price of milk will be advanced on Friday in accordance with the decision reached at the meeting of the Kings County Milk Producers' Union held at Norton last week. This decision was reaffirmed at a meeting of the delegates following a general conference between representatives of the up-country milk producers and several local retail dealers held yesterday afternoon in the Palmer chamber.

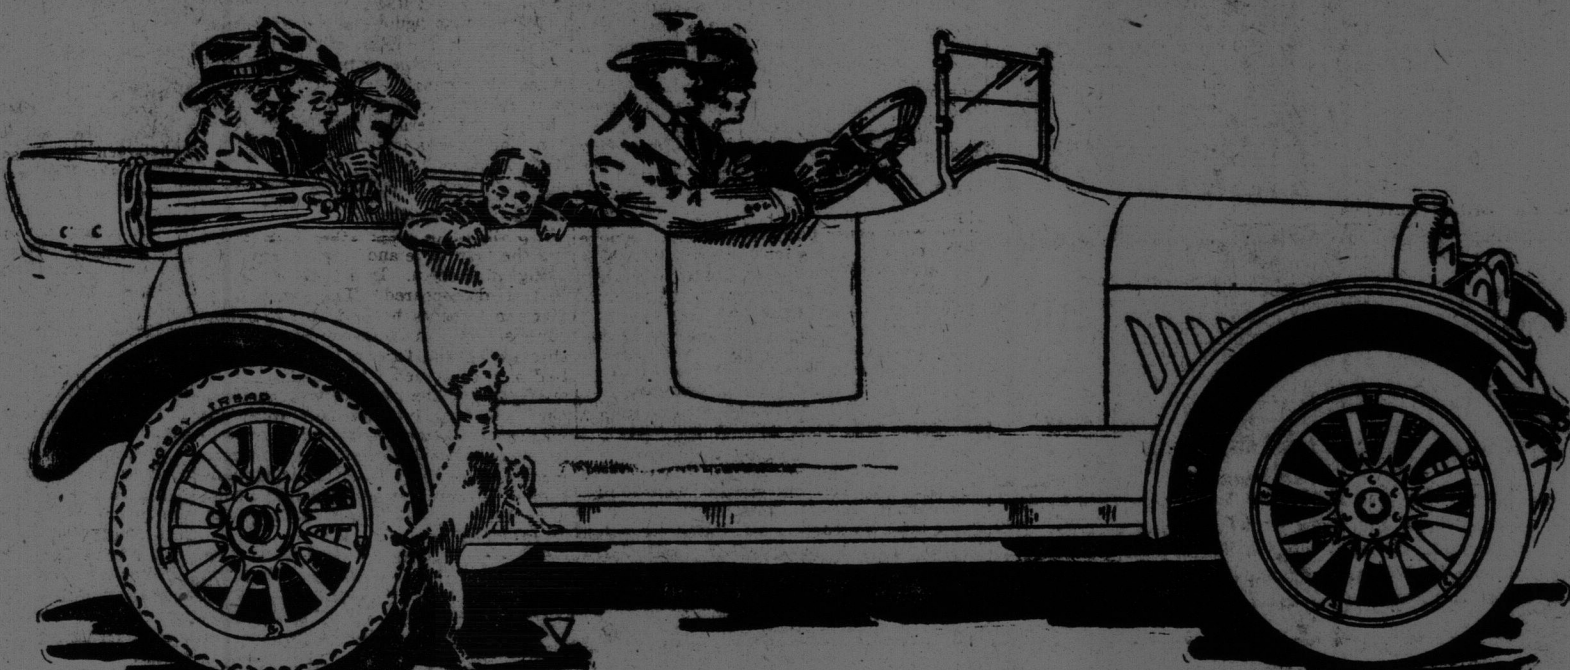

The session yesterday afternoon was at times a lively one and the chairman occasionally found it difficult to restrain some of the delegates. The farmers were determined in their attitude and their speakers were in no sense uncertain in presenting their side of the matter. The meeting itself was productive of nothing beyond an interchange of views. Some three hours were spent in discussion, the whole question being raised for and left in that period. The local retailers did not say that they would not pay the increased price, but the farmers, at a subsequent meeting, made it clear that unless their demands are met the supply of milk coming to St. John, so far as they are concerned, will be cut off by Friday. It is understood, however, that in some instances farmers are held by contracts at the present price but according to information given to the papers, these are in the minority. The matter is thus more definitely before the public. The farmers say they will not recede; the local dealers, or those who were present at the meeting, say that they cannot pay the increased price unless they raise the price to the retailers. Thus the matter stands.

Immediately after the general meeting a session for the farmers only was held and at this meeting the decision arrived at by the Norton meeting was reaffirmed, to the effect that starting on Friday, the farmers of Kings county will sell their milk to the dealers only at forty cents per eight quart can. This was passed unanimously and the delegation left

for their respective homes in the early evening trains.

Agreement Between Sweden and Russia. London, Aug. 28.—An agreement between Sweden and Russia for linking the railway systems of the two countries by bridging the River Tornea, which forms part of the boundary between Sweden and Russia, has just been ratified, according to a Reuter Stockholm despatch. The construction of the bridge will begin September 1.

1917 Announcement

WE have no startling announcement to make for 1917. We are proud to say that the 1916 Gray Dort has exceeded even our expectations. We expected great things of this wonderful car. We KNEW the Gray Dort was the real car—no matter what price. Today hundreds of motorists are fellow enthusiasts with us in our admiration of this exceptional car. The Gray Dort has taken Canada by storm.

GRAY DORT \$885

ADDED REFINEMENTS
The Same Tremendous Power and Strength
Greater Luxury of Comfort and Appearance
EVEN GREATER VALUE

We couldn't improve on the wonderful Planche motor—that veritable giant of power in the Gray Dort. The sturdy, rugged, heavy frame stood the severest tests. Mechanically the Gray Dort was and is correct. In the searching investigation we did not find a Gray Dort owner who was not enthusiastically satisfied—even amazed—with the performance of his car.

We have added some final refinements

to the car—made it bigger, and it is now the roomiest car at anywhere near the price. A larger windshield—an ammeter—dashlight—roberal and footrail—in every way the sturdiest and most mechanically perfect car is now the most refined and comfortable car.

Read the specifications. Remember that in three days motor experts bought up the entire 1916 output of this car.

MOTOR CAR & EQUIPMENT CO., ST. JOHN

F. O. B. CHATHAM

Motor—Gray Dort weighing 318 lbs., 4 cylinder, cast on block, L-head type, bore 8 1/2 in., stroke 5 in., speed 2000 R.P.M., horse-power 28. Enclosed valves, mudroom lifters, cast iron removable heads, 16-20 carbon steel stems, 40-50 carbon steel drop-forged I beam connecting rods. Cam Shaft—16-20 carbon steel high tempered with three phosphor bronze bearings. Timing gears—cast iron helical. Carter Carburetor, Thermosiphon cooling, 3 gallon tank and fin radiator, 4 quart oil pump and splash lubrication. Westinghouse two unit starting and lighting system. Connecticut battery ignition, 12 inch cone clutch with 6 compensating springs. Three speed and reverse selective transmission, with double row new departure bearings. Universal joint. Gasoline tank under floor. I beam Heavy Duty front axle. Floating rear axle, with forked tube torsion and Eysatt High Duty bearings. 1 1/2 inch chrome nickel steel propeller shaft. 10 inch internal expanding and external contracting brakes. Pressed steel frame. Springs—front 57 in. elliptic, rear 50 in. full cantilever. Left-hand drive. 16 in. irreversible worm and nut type steering wheel. Gear shift lever-center control. Emergency brake, right pedal. Service brake, clutch pedal. Accelerator pedal. Spark and throttle control on steering wheel. Artillery type wood wheels. Detroit demountable rims. 30 x 3 1/2 Dominion tires. Nobby tread rear. Westinghouse electric lighting. Linoleum covered running board. Lock ignition switch. Dashlight, ammeter, roberal, footrail, clear-vision windshield, one-man top, tools, equipment complete.

Wheel Base—106 inches.

Weight 2100 pounds.
