UNCLE SAM HAS HIS EYE ON ANOTHER INTER-OCEANIC CANAL

Secretary Bryan Says an Outlay of \$4,500,000 Would Obtain Concession from Nicaragua and Costa Rica

Washington, Jan. 25.—Suggesting that it was not unlikely that the United States some day would build another inter-oceanic waterway to supplement the Panama canal, Secretary Bryan tonight explained that he regarded it as a wise precaution for the American government to negotiate treaties with Nicaragua and Costa Rica, giving this country an option of a canal route across that section of Central America. He also spoke of the importance of a naval base in the Bay of Fonseca, and announced that the state department was prepared to treat for this with Honduras, Salvador and Nicaragua.

"Any great enterprise like the Panama canal," said Mr. Bryan, "involves uncertainties. For a long time the route across Nicaragua was regarded as the favored route. As a matter of business, it is wise to provide against contingencies. Anybody who is interested in so large an enterprise as our canal at Panama can afford to pay a small amount for this additional route of a naval base in the Bay of Fonseca, and announced that the state department was prepared to treat for this with Honduras, Salvador and Nicaragua."

The secretary explained at length the purpose of the pending treaty with Nicaragua, which, in its original form, awarded a protest from Costa Rica, as well as Honduras and Salvador. He expressed the opinion that these protests had arisen from a misunderstanding of the purposes of the United States, and thought the situation had now been clarified by the announced purpose of the American government to treat liberally with Honduras and Salvador for their rights in the Bay of Fonseca, and with Costa Rica separately for her portion of the River San Juan, which forms a part of one of the suggested routes.

As a result of these treaties, the United States, by the payment of \$3,000,000 to Nicaragua, and about half that amount to Costa Rica, would obtain an option on any canal route across these two countries.

TORONTO MAN SHOT

BY BURGLAR ROBBING OFFICE

Toronto, Jan. 25.—Falling to throw up his hands when ordered to do so by a burglar whom he had caught ransacking his office, Frederick A. Briscoe, 14 Simpson avenue, office manager for the Sun Bag Company, logged avenue, was tonight met by a fusillade of bullets, two of which took effect, lodging in his leg and hip.

The burglar effected his escape without being seen by any of the office staff. How the man made his entry and vanished mystifies the police. The only means of entrance and escape were through the factory. The burglar obtained only some street car tickets and some small change.

IF BACK HURTS USE

SALTS FOR KIDNEYS

Eat Less Meat if Kidneys Feel Like Lead or Bladder Bothers

Most folks forget that the kidneys like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean, and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flushed kidneys and stimulates them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless, inexpensive; makes a delightful effervescent lithia-water drink which everybody should take now and then to keep their kidneys clean, thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

FOR CATARRHAL DEAFNESS AND HEAD NOISES

Here in America there is much suffering from catarrh and head noises, American people would do well to consider the method employed by the English to combat this insidious disease. Everyone knows how damp the English climate is and how dampness affects those suffering from catarrh. In England they treat catarrhal deafness and head noises as a constitutional disease and use an internal remedy for it that is really very efficacious.

Sufferers who could scarcely hear a watch tick tell how they had their hearing restored by this English treatment to such an extent that the tick of a watch was plainly audible seven and eight inches away from either ear.

Therefore, if you know someone who is troubled with catarrh, catarrhal deafness or head noises, cut out this formula and hand it to them and they will have been the means of saving some poor sufferer from total deafness. The prescription can be easily prepared at home for about 75c. and is made as follows:

From your druggist obtain 1 oz. of Eucalypti (Double Strength), about 75c. worth. Take this home, and add to it 1/4 pint of hot water and 4 ounces of granulated sugar; stir until dissolved. Take a tablespoonful four times a day.

Pain is used in this way not only to reduce by tonic action the inflammation and swelling in the Eustachian Tubes, and thus to equalize the air pressure on the drum, but to correct any excess of secretions in the middle ear, and the results it gives are usually remarkably quick and effective.

Every person who has catarrh in any form should give this recipe a trial and free themselves from this destructive disease.

I never felt better in my life."—Miss BETSY A. FALCONER, Box 115, Sterling, Conn.
