Plumpness Makes Health
Thin People Need This

If you are too thin; if you are pale
and sallow; if what you eat seems not
to strengthen you; if your lips and
cheeks are colorless; it is because your
blood is deficient in red corpuscles, and
disease can easily overcome you, as you
have no reserve strength or nourishment
to uphold you.

A pharmaceutical product, called 3
grain hypo-nuclease tablets, is much pre-
scribed for these conditions, and if taken
for several months, rapidly increases
weight and improves the color. Buy in
sealed package of any well stocked
apothecary shop.
