

## LIBERAL WOMEN IN FAIRVILLE ORGANIZE

Dr. Curren and Mr. Ross Heard in Addresses—Officers Elected.

More than fifty women attended the meeting in the Gaiety Theatre yesterday afternoon at Fairville, when Dr. L. M. Curren, M.L.A., Saint John county representative for the Liberal party, organized those present for the campaign work among the women in the coming election. W. A. Ross, deputy county secretary, the other candidate, was introduced by Dr. Curren and was received with hearty applause. Mr. Ross attended Fairville school when a boy and was for several years a resident of West Saint John.

After Dr. Curren addressed the meeting, the following were elected to act in an official capacity for the campaign: Chairman, Mrs. Amator Anderson; vice-chairman, Mrs. James Lowell, who presided in the absence of Mrs. Anderson; secretary, Miss Vera Keanan.

### GIVES PLEASURE

Dr. Curren said that he had come into this campaign because he could not stay out, feeling as he did that he would like to assist in making conditions better for the people by giving opportunities for work and prosperity. He was very much attached to the people of Fairville, he said. He felt sure that he would poll a large vote there and was sure of a larger vote in Lunenburg and in East Saint John and Glen Falls, than on his former election. He said that the misrepresentations of

the present campaign by the opposing party were the worst ever heard in a campaign. He promised to clear away some of the false impressions at the evening meeting.

Mr. Ross, he said, was a genuine young man, who would keep his promise made before election, if he received the support of the people.

### ROSS SPEAKS

In responding to the applause which was elicited by his introduction, Mr. Ross said that he wished the women present could have heard Dr. Curren in executive and on the floor of the House. If they had, they would realize that he is a man of excellent qualities and ability. He thanked them for their reception and hoped that they would realize more of the accomplishments of the party he represented after the evening meeting, when the matter would be gone into more thoroughly.

## DIES TO CLEAR PATH FOR WIFE

Man Hangs Himself and Leaves Note Explaining His Act.

EGG HARBOR CITY, N. J., July 29.—Returning last night from a grocery where she had gone to make some purchases for supper Mrs. Dorothy Vandorsky found her husband, John T. Vandorsky, a bricklayer, hanging dead by a rope from a balustrade of the second floor stairway.

In his pocket were found two notes. One was addressed to a man living here, whose name the police would not disclose. It explained that Vandorsky's act was prompted by his desire to "make a clear path for his wife's affections." The second note, addressed to the police, assured them that he had died by his own hand and that no one else was responsible.

Neighbors of the Vandorskys said that they knew of no other man for whom it would have been necessary for Vandorsky to "make a clear path." They expressed the opinion that Vandorsky was mentally unbalanced.

### TO PHYSICIAN

About a week ago, they said, Vandorsky went to a physician in Hammon to be treated for acid burns of the mouth and throat. At the time he explained that he had swallowed some acid "by mistake," but it is now believed that he was experimenting upon means of committing suicide at that time.

Mrs. Vandorsky collapsed when she found her husband's body and was put under the care of a physician. Later she said that when she left home to go to the store her husband appeared in the best of spirits. They had been married about eight years and have two small children.

Vandorsky committed suicide by fastening one end of a window-cord about his throat and the other to the balustrade. Then he leaped over the railing through an airshaft. A doctor who examined him said his neck was not broken, but that he had died of strangulation.

### CASE ADJUDGED

In the Police Court yesterday afternoon Patrick Kane, 141 Union street, West Saint John, was charged with having over strength beer on his premises. After some evidence was heard the case was adjourned until 10:30 o'clock Friday morning.

## Doctor Gives Permission To Show Quadruplets At Fair

All Four Mahaney Babies Happy, Healthy and Husky—Only Boy is First to Walk—Girl is Initial Talker

THE MAHANEY quadruplets, which have brought much fame to Saint John, are pronounced by their physician, Dr. E. S. Bridges, to be as healthy and vigorous specimens of the human species as can be met with and the doctor has given his permission for the babies to be shown at three of the provincial fairs.

The babies are now 19 months old and, as one of the city's special claims to interest, are at home to tourists each afternoon and evening at their residence, 113 Queen street. They have had a small number of callers each day and the visitors have been greatly surprised to find the babies are every whit as well and as lively as babies that have arrived in this world in single consignments.

John, the only boy, is walking about on his own two feet, a brisk and lively youngster. Christine, the largest baby of them all, is a trifle slower and more deliberate in her actions, but can cover a great distance when travelling afoot is her ambition.

GIRL TALKS FIRST. Edna is the greatest talker of the quartette, but her utterances are so

nounced a few days ago and which occurred in London. Mrs. Bosworth is the daughter of Mr. and Mrs. Edward Sears, of this city.
