## VOCATIONAL TRAINING NEEDED

Head of Wilson Box Co., Ltd., Speaks of Need of it for Our Young People—Hydro Also.

Interviewed by the Times, Alexander Wilson, president and managing director of the Wilson Box Co., Ltd., of this city, who manufacture all kinds of wooden boxes, said today that business with them has greatly improved since the beginning of the year and at the present time their factory was running at full capacity and as the package business was looked upon more and more as a trade barometer, this showed that business generally must be improving considerably.

Mr. Wilson also said that their export trade in box shooks was increasing in a very satisfactory manner. He was firmly convinced that St. John's future in industry lay in developing an export trade and in this connection he was a strong believer in the introduction of cheaper power in the shape of hydro for manufacturing purposes, and he would also like to see introduced vocational training, so that our young men and young women might have greater opportunities in life than at present. He thought it high time that a trade high school was established here along the line of those which had been opened in recent years in the industrial centres of Ontario with such marked success, so that our young people might be kept in the province instead of having them emigrate to the United States. Mr. Wilson thought St. John had lost very valuable time in not having tackled this problem sooner.

## LATE SPORT NEWS

(Canadian Press.)  
Shanghai, May 15.—Unless the foreign diplomatic representatives in China guarantee by tonight that the Chinese Government will carry out all the terms of Chinese bandits in the Shanghai hills, the foreigners held captive will be killed, so Father William Lenders, an aged priest, who conferred with the bandit chieftain on Sunday, reported to the U. S. consul at Shanghai today, reaching there after many hardships.

Father Lenders described the chieftain, called Wang as "a young man, well dressed, wearing eye glasses." The priest persuaded Wang to extend for one day the limit of his ultimatum, which had been fixed at two days from Sunday. Wang told him that the pledges of Chinese officials meant nothing to the bandits and hence the word of the foreign diplomats must be given.

Commander Wang drafted his terms which did not demand money, but required that the Peking Government restore all the bandits to the status of regular soldiers with a pledge that they would suffer no reprisals.

The priest said the leader of the outlaws, "quiet toned, cordial, friendly, grim," made this comment on the possible failure of the Chinese Government and the foreign ministers to do his bidding:—"Do not deceive yourselves or believe me soft. What I threaten I will carry out exactly as I promise. You are missionaries and you know that what I say is true."

## "TAY PAY" TODAY HONORED BY THE BRITISH HOUSE

London, May 15.—Three hundred members of the House of Commons, representative of all political factions, joined in a great tribute today to T. P. O'Connor, M. P.

O'Connor, "father of the House," his seventy-fifth birthday anniversary, Stanley Baldwin, chancellor of the exchequer, was the toastmaster, and the speakers included former Premiers Lloyd George and Asquith, and J. Ramsay MacDonald, leader of the opposition.

"Tay Pay" was made recipient of a gold snuff box, filled with snuff, which the toastmaster said he hoped he would accept as a "lasting memorial of the affection and esteem in which he was held by his colleagues."

"Tay Pay," in reply attributed his long life to his habit of retiring at four o'clock in the morning and arising at noon. His long political life he ascribed to "an innocent local and confiding constituency." He represents the Scotland division of Liverpool, from which he was first returned in 1887.

## EVENTS

Quiet on the waters. Shadows "neat" the hill. Lies our boat a-dreaming. All the world is still. Near to Heaven seeming.

Slender tree-tops bending. Whistling to the stream. Stretching out slim fingers. Catch the sun's last beam. While the daylight lingers.

Quickly fades the sunlight. Shadows gather fast. Echoing whispers pass. Mourning day that's dying.

Faster through the waters. Linky near the hill. Moves our boat a-quiver. With a happy thrill. Eager down the river.

Through the thickening darkness. Of the quiet night. Skims our boat, a-cleaving. Stars' reflected light. Sparkling bubbles leaving.

## REV. DR. FRASER ON UNION QUESTION

Presents Objections at Meeting in Knox Church Before Large Gathering.

Rev. Dr. D. J. Fraser, principal of the Presbyterian Theological College in Montreal, president of the Presbyterian Church Association, and form-erly minister of St. Stephen's Church in this city, addressed a meeting in the lecture room of Knox church last evening under the auspices of the Presbyterian Women's League. The hall was crowded with an audience which manifested great interest in the speaker's remarks. Dr. Fraser expressed his great pleasure at being back in his ministerial home.

Dr. Fraser traced the various decisions of the General Assembly since 1916 and criticized the union committee for not carrying out the instructions of the last assembly to explore the whole legal issue involved in the proposed union. Instead, he said, they were sending to the assembly permissive legislation of the legal council of Canada prepared by the legal council of the union committee. In order to safeguard the interests of the union, the Association had been compelled, at its own expense, to engage legal counsel Eugene Lafont, K. C., and George A. Campbell of Montreal and C. R. Rob- ertson of Toronto had been retained.

The speaker asserted the proposed legislation was that the Presbyterian church, as a legal entity, entered the United Church of Canada and ceased to exist under its own denomination. This, he said, was what he was opposed to. He advocated another type of union which would allow those to enter the union who wished to remain members of their own denomination. Dr. Fraser said that the union committee had refused to allow the proposed legislation to be carried out.
