LOCAL NEWS

C. H. Stevens has received a commission from the headquarters of the International Cigar Makers' Union appointing him organizer for the maritime provinces. He will leave shortly on a tour of the three provinces.

Rev. Walter S. Dunlop, a native of St. John, began as curate at St. Paul's Anglican church, Halifax, on Sunday. He is a graduate of the University of Toronto and Wyndolfe College.

Hon. Dr. W. F. Roberts, minister of health, addressed a special meeting of the Moncton board of health last night. The members of the board held a consultation with the minister regarding health matters.

Frank S. Spearin, until recently connected with the Imperial theatre operating staff and a resident of this city for over four years, has left for Boston. He is taking up newspaper work there temporarily. Meanwhile he intends to continue and specialize in motion picture electrical work and will take up an important theatrical position in that city shortly.

**ROOSEVELT IS
NOMINATED FOR
VICE-PRESIDENT**

Franklin D. Roosevelt, of New York, assistant secretary of the navy, was nominated for vice-president yesterday by the Democratic National Convention. J. Hamilton Lewis, of Illinois, was withdrawn early by former Governor Dunne, Governor Stewart, of Montana, announced his own withdrawal; Edward T. Doheny, of California, and former Governor Hawley, of Idaho, were withdrawn and Major-General L. D. Tyson, of Tennessee, in person announced he would not be a contender, as did David R. Francis, of Missouri. Nomination of W. T. Vaughn, of Oregon, who had received state primary endorsement, was changed into a second for the successful nominee.

Mr. Roosevelt was placed in nomination by Timothy L. Ansberry, a former representative from Ohio, who sat a Cox delegate in the District of Columbia delegation. Seconds sprang from all parts

of the convention hall, and although Roosevelt was not formally nominated until well after the business of nomination was taken up, there was never any doubt about it, and never at any time was there any opposition.

The seconding of his nomination by Governor Smith, of New York, from the Tammany delegation clinched it.

W. C. T. U. MEETING.

The regular meeting of the W. C. T. U. was held in their rooms, Orange Hall, Germain street, last evening with the president, Mrs. David Hipwell, in the chair. A collection was taken up for missionary work. The union decided to send Mrs. Mary Seymour as its delegate to the Dominion convention, which is to be held at Windsor (N. S.) Mrs. R. D. Christie will attend the convention as dominion superintendent of Sunday schools. The corresponding secretary was asked to write to Mrs. Elizabeth Perry, of Summerside, provincial president, regarding engaging Miss Agnes Slack's services in this province. Some worthy work regarding a family was brought before the union and acted

upon. The members welcomed Mrs. H. M. Lawson, who had returned from a five weeks visit to Revere (Mass.) After much planning regarding the temperance referendum the members were asked to ray for the success of the prohibition cause.

The idea of using current transmitted through the earth as a means of locating metal ores is familiar, the belief being that the greater conductivity of these metalliciferous regions can be clearly indicated, and the area mapped out, says

the Scientific American. The location of oil deposits, which according to the Electrical Review is now being investigated electrically, presents a converse problem. In this case the insulating properties of the oil diminish the current, and oil-bearing regions are detected accordingly. In view of the great depth to which it is often necessary to bore for oil—that may exist simultaneously with an almost oil-free sand above—the method would seem to have limitations, but it has doubtless possibilities in dealing with surface oil areas.

LEUNG, HOODS & SON, Montreal

IS BEER INJURIOUS?

Dr. Chas. Gilbert Davis says, "Beer is doing more harm to humanity, than any other alcoholic."

Dr. S. H. Bergen says, "I think Beer kills quicker than any other liquor."

Dr. John M. Dodson, Dean of the Medical Department of the University of Chicago, says, "Beer-drinking has a very pernicious effect upon nearly every organ of the body. It produces disease of the stomach and digestive tract, of the heart and circulatory system, the kidneys and liver, and nervous system. In addition to this, it lessens the vigor and vital resistance of the whole body, and makes the beer-drinker very much more susceptible to infection such as pneumonia and other diseases."

T. B. MacCauley, president of Sun Life, says, "Beer drinkers have not merely a heavier mortality than total abstainers, but heavier than strictly moderate spirit drinkers. This is well realized in life insurance."

**A hand-picked man
to pick your tires**

Dominion Tire dealers are, so to speak, hand-picked men. Not every dealer can secure the privilege of selling these tires. The motorist is considered first—and "Dominion" Tire dealers must be of the type to give motorists the service they have a right to expect—just as

Dominion Tires
are Good tires

and always give a satisfactory, efficient and economical service.

If you have any tire problems bothering you, put them square up to the "Dominion" Tire dealer. He will answer and his opinion will be that of an expert.

**EAT
What
You Want**

without distressing after effects. There is no reason why you should not, now that you know there is a medicine that will unfailingly counteract dyspepsia and other stomach troubles.

**HAWKER'S
DYSPEPSIA
REMEDY**

gives quick relief to stomach troubles, regulates and invigorates the digestive system, and permits proper eating without distress and pain.

Give Hawker's Dyspepsia Remedy a chance to relieve your suffering.
