**THE TURF.**

Ross Horses Win \$150,995.

New York, Nov. 4.—With only a few more big races yet to be decided, Park commander J. K. L. Ross is almost sure to lead the list of winning owners this season. Up to the end of last week, the Canadian sportsman's thoroughbreds have earned \$150,995. Five of his horses rank among the thirty best money earners of the season. They are Sir Barton, who won the Kentucky Derby, Preakness, Belmont and Withers, with \$82,000.

The second string showed a let up on the part of both teams, but went to the

100; Billy Kelly, with \$20,149; Constan-  
cy, \$18,194; Milkmaid, \$16,622, and Cud-  
gel, \$13,930.  
S. C. Hildreth is second on the list.  
With Mad Hatter, Purchase, Thunder-  
clap and Lucille he has won \$117,469.  
Samuel D. Riddle's Man o' War is the  
money winning thoroughbred. Till he is  
known son of Fair Play and Mahubah,  
which won the Hopeful and Futurity,  
earned \$93,223. Eternal, the three-year-  
old son of Sweet, belonging to James  
W. McClelland, won \$56,137.

**Record for Adio Guy.**

In winning the second heat of the 205  
pace at Lexington, Kentucky, recently,  
in 2:00 3/4, Adio Guy, driven by Billy  
Hudson, says the Chicago Horse Breed-  
er, paced the fastest heat ever credited  
to a hobbled pacing stallion, either in a  
race or against time. While Russell Boy,  
2:00, has raced in hobbles for several  
years, he took his record without them,  
driven by Tommy Murphy. All the  
other pacing stallions with faster records  
went free-legged. Adio Guy is owned  
by W. L. Johnson of Endicott, New  
York, who bought him from B. F.  
O'Neill of Halifax, N. S.

**BASKETBALL.**

**Intermediate League.**

Two good games were played in the  
Y. M. C. A. Intermediate League on  
Tuesday evening. A team captained by  
Malcolm defeated one led by Mackay,  
12 to 9. Seely's quintette defeated  
Urquhart's aggregation 21 to 19.

**Senior League.**

In the senior Y. M. C. A. league last  
evening Nixon's team won quite handily  
from Thorne's, 34 to 13.

**BOWLING.**

**Commercial League.**

In Black's Alleys, last night, a good  
game was rolled between the Maritime  
Nail Works and the Western Union in  
which the Nail Works were the victors  
by 35 points. On Tuesday there will be a  
meeting of the City League at Black's  
and the game will be between the Sugar  
Refinery team and that of the Ford  
Motor Works. Last night's score was  
as follows:

**Y. M. C. A. League.**

The Eagles flew away from the Autos  
in their first string last night. With  
Maher, Ryan and Murray scoring above  
the century mark and steady work  
from Coughlan and Riley, the birds of  
prey got the nice total of 491. For the  
Autos McShane's score of 117 was a  
pretty piece of bowling.

The second string showed a let up on  
the part of both teams, but went to the

Eagles by thirty-one pins, giving them a  
lead of sixty-nine on the total pin fall.  
Ryan and Coughlan were the only two  
birds to get a century. McShane ap-  
peared to have acquired the century  
habit.

The third string went to the Eagles  
by the narrow margin of four pins. This  
gave the Eagles all four points.

**Shots at the King Pin.**

Some bowlers appear to think it neces-  
sary to try for a spare no matter what  
break they get. Many pins are lost by  
this error. The only time for going af-  
ter a spare on a hard break is at the  
close of the game, when the other team  
is leading. Cleaning up with the second  
and third ball will keep up a player's  
score better than small spares combined  
with two or three boxes.

A player should study out the effect  
of his first ball. If he finds he can get  
a better break hitting on the right of  
the king pin than on the left, stick to  
that break. The longer a player sticks  
to one break, the better he can play it,  
and styles and spurs must follow.

Some players use the second and third  
pin break and find it works well with  
old pins. It scatters the deadwood and  
furnishes a good opportunity for spares.  
The success of it depends on hitting the  
third pin on the side and caroming off to  
the second. It depends on the player's  
curve as to which side of the king pin it  
works most effectively.

Judging by last night, it must have  
been easier traveling overhead than  
underfoot. The Autos appeared to be  
skidding and considering the state of the  
weather it was not surprising.

Ryan of the Eagles is a new star in  
the bowling firmament and has brought  
considerable strength to his team. He  
has a way of picking up unexpected  
spares and certainly knows how to get  
the breaks.

McShane's three strings equals the  
league record to date and he established  
a new record by bowling three consecu-  
tive centuries.

The Autos appear to require the ser-  
vices of an expert repair man. With the  
exception of the lead the rest seemed to  
be out of their usual condition.

Tonight's game will be between the  
Falcones and Hawks and a good fight can  
be looked for.

**THE RING.**

**Moha Is After Beckett.**

Bob Moha of Milwaukee has entered  
the field as a prospective opponent for  
Joe Beckett, England's heavyweight  
champion, according to reports from the  
west. Moha, who several years ago was a  
dangerous contender in the heavy-  
weight ranks, is reported in good phys-  
ical condition and eager for a chance  
to avenge the defeat of Eddie McGoorty,  
the Okosh boxer who was knocked out  
by Beckett.

Moha is being backed by a Milwaukee  
attorney in his quest of a match against  
the British heavyweight title holder. Al-  
ready a challenge has been sent to  
Beckett, together with notice of the post-

ing of \$5,000 as a guarantee of good  
faith on the part of Moha and his  
backer. Moha is not concerned with the  
length of the bout. All he wants is a  
crack at the conqueror of McGoorty at  
catch weights and on an early date.

**Wins on Decision.**

Halifax, N. S., Nov. 5.—The boxing  
bout scheduled to go fifteen rounds to-  
night between "Kid" Herman, of New  
York and Harry Jones, of Halifax, was  
won on a decision by Herman at the  
end of the ninth round. Jones fell in  
the eighth but was able to go the  
ninth. This was his limit, however, and  
the bout went to the New Yorker.

**News of the Boxers.**

Bobby Dobbs, a veteran lightweight,  
now living at Old Orchard, writes that  
he has a colored boxer named Stigall  
who, he says, is a second George Dixon.  
Dobbs wants to get him some bouts here  
with any of the lightweights.

Frankie Brown and Battling Reddy  
are matched to meet in Lynn on Nov.  
13. Eddie Murray and Charlie Pitts will  
meet at the same club on Nov. 20.

In the Beckett and Carpenter fight  
in London, Dec. 4, Carpenter will get  
\$35,000 for his end and Beckett \$25,000.

**AQUATIC.**

**Lipton Confident of Victory.**

(Halifax Recorder.)  
Sir Thomas Lipton will spend several  
days in Halifax, remaining here until  
the Carmania finishes coaling and is  
ready to proceed to New York. Yester-  
day morning a number of persons who  
had met him during the war called upon  
him, and in the afternoon he, with the  
Marquis De Villavieja of Spain, who is  
also an enthusiastic yachtsman, strolled  
about the principal streets and was so  
much impressed with the city, by the  
cordial welcome extended him, by the  
people he had met, that he talked about  
taking up his residence here.

He has a most genial disposition and  
is a most pleasant conversationalist, but  
it will be surprising to some people to  
know that he talks less about yachting  
than anything else. Chatting to the  
sporting editor of the Recorder, how-

## Sidelights On Sport

Since the arrival of Sir Thomas Lip-  
ton in Canada interest in the great yacht-  
ing event has been revived. There is,  
however, one phase which detracts some-  
what from the interest in this great  
aquatic event, and that is the enforcing  
of a time allowance. All competitors  
who are good enough sports to enter this  
classic international event, should be  
able to build a craft of any dimensions  
without having to be penalized. The  
rules force challengers to cross the ocean  
and this necessitates building a craft  
that can stand the long and dangerous  
voyage. On the other hand the holders  
of the cup can build a much smaller  
craft, and, as has been the case in former  
years, win on time allowance. That  
seems like poor sport. Let the defend-  
ers build any size craft they wish, be it  
big or small and race on its merits. There  
is not much sport in seeing a yacht sail  
over the line perhaps a couple of miles  
ahead of a rival and then to be proclai-

ed a loser. It is certainly not a case of  
the better vessel winning.

The New Brunswick Kennel Club is  
a live organization. At an enthusiastic  
meeting last evening it was decided to  
hold three winter shows, starting in  
January. G. W. Gray was re-elected  
president, E. Wallace was chosen first  
vice-president and J. V. McLellan as  
treasurer. The members again chose W.  
C. McKay as secretary. Mr. McKay is  
an enthusiastic dog fancier and has  
worked diligently in the promotion of  
the club.

An unfortunate accident occurred in  
Milwaukee a few days ago. Thomas  
Perry of Chicago, a heavyweight box-  
er, and Sammy Marino, of New York,  
were just completing a ten round bout  
when the former was knocked down and  
sustained a fracture of the skull, death  
resulting.

Bowling leagues are being formed all  
over the province and there should be  
keen competition for the Brunswick  
Balke-Colander trophy this year.

ever, he did say, "I expect to win this  
time."

He said Designer Nicholson and Cap-  
tain Burton had both been in New York  
and returned to England. The Sham-  
rock would be shifted from her present  
quarters and get in racing trim.

Asked about the statement that the  
Shamrock would have to give the  
Resolute time allowance, he said that  
nothing definite would be known until  
after the boats were measured; he  
thought it would be about seven min-  
utes over the thirty mile course.

Despite this, he had every confidence  
in the success of the Shamrock IV. She  
was of a different type than any of the  
previous Shamrocks.

**FOOTBALL.**

**Wins Championship.**

Sydney, N. S., Nov. 5.—Caledonia won  
the senior football championship of Cape  
Breton yesterday by defeating Morien,  
four to three, in a hard fought game at  
Morien. The island champions will play  
the winner of the Halifax league.

**BASEBALL.**

**Pipp Signs New Contract.**

Grand Rapids, Mich., Nov. 5.—Walter  
Pipp, first baseman of the New York  
American League team, was married  
here this week to Miss Nina M. Powers,  
a Grand Rapids girl. Mr. and Mrs.  
Pipp will leave for Cuba on their honey-  
moon trip. Walter will play ball while

in Cuba. The Yankee player's age was  
given as 26 and Miss Powers' as 24.

record-breaking achievement had been  
automatically registered. If the Bridge-  
port speed demon had not run out of  
gasoline, he would almost certainly have  
lowered Otto Walker's mark of 1 hour,  
7 minutes, 43 seconds, set in Chicago in  
1915, as easily as he cut off nearly a  
minute from Lee Humiston's old fifty-  
mile record of 33 minutes, 55 1/2 seconds.  
Wishar was leading the field by at  
least three-quarters of a mile when his  
misadventure occurred, near the finish of  
the thirty-fourth lap.

Fred Nixon was also forced out of the  
100-mile race with a broken chain, but  
returned to the track in time to capture  
third place. The second position was  
held by Maldivin Jones who, in a thrill-  
ing finish, shot his front wheel over the  
line just one foot behind that of the win-  
ner.

Wishar Driving Motor Cycle  
Covers 50 Miles in 32m. 57.2-5.

Ray Wishar, of Bridgeport, Conn.,  
smashed the world's fifty-mile record for  
motorcycles at the Sheepscot Bay  
Speedway, and young Albert Burns, of  
Oakland, Cal., came within fourteen sec-  
onds of accomplishing a similar feat in  
winning the national championships at  
100 miles. Both of the big heroes of  
the day rode Harley Davidson ma-  
chines. Wishar negotiating the half-  
century in 32 minutes, 57.2 seconds,  
while Burns continued for the additional  
fifty miles in one hour, seven minutes,  
57 seconds.

The fifty and 100-mile races were  
held simultaneously, the riders continu-

finish.
