### AMERICAN COLONEL GIVES FREE ADVICE TO RHEUMATICS

SAYS IT'S SHEER FOLLY FOR ANYONE TO SUFFER THESE DAYS

Rheumatism can't be cured so long as your system is weak and run down. You must first build up and get strength to fight off the disease.

Ferronine cures because it builds up, because it purifies the blood and dissolves the Uric Acid and the poisons that cause rheumatism.

It is proved right here that Ferronine does cure.

Col. H. M. Ruse, of Edwards, St. Lawrence Co., one of the fine old heroes of the Civil War, was completely restored by Ferronine. Read his statement:

"I couldn't get around without a cane, and then only with difficulty. Rheumatism took complete control of my limbs.

"Suffering was more intense than hardships on the battlefield. When my doctor had done his best I got Ferronine.

"Then came a quick change. Ferronine gave me comfort at once, eased the pain and took the stiffness out of my muscles.

"I am well today. Ferronine cured me completely. I can jump and run like I did forty years ago."

Be sensible about your case. If your present medicine is useless give it up. Don't experiment again. Ferronine is known on all sides to be a cure that does cure. Why not get a supply today? The quicker you begin Ferronine the quicker you'll get well. Price 50c. per box or six for \$2.50, at all dealers, or direct by mail from The Carlsberg Co., Kingston, Ont.

## The Man Who Banished Corns

Blue-jay was invented by a scientist of distinction. By a man whose lifetime has been spent in the study of surgical dressings.

This is a master's method—correct, complete and efficient. And the millions of people who know it, never think of enduring a corn.

### All in One

The first step is to stop the pain. This is done by removing all pressure—by the soft protecting ring marked A.

The next step is to gently cause the corn to disappear. This is done by the remarkable B & B Wax, which no corn can resist.

This bit of wax—marked B—is centered on the corn. It cannot spread. So, unlike old-time methods, it acts on the corn alone.

C is rubber-coated adhesive. This snugly wraps the

application, protecting everything.

You apply this Blue-jay in a jiffy. The corn pain stops at once. The wrapping is comfortable and you forget it.

In two days you remove it and the corn can be lifted out. Only rare corns need a second application.

This is the scientific way, the easy, sure and right way to end corns. You will never return to any wrong method when you try a Blue-jay once. Try it tonight.

### GRAND TRUNK FINANCES

London, April 17.—(Canadian Associated Press)—The yearly statement of the Grand Trunk Railway shows an increase of more than two and a half million pounds in the gross traffic receipts but working expenses were up nearly six per cent, leaving the net traffic less by £215,000. To a surplus of £1,800 on all accounts is added the balance of the credit last year, making £248,000 carried forward.

The Canadian Associated Press announced recently that the dividend on the guaranteed and preferred stock would be passed, and the board of directors now express regret confirming that anticipation, attributing the reason to increase expenses caused by a continuance of the conditions arising out of the war.

### PROHIBITION REFERENCE BILL IN PASSAGE THROUGH ONTARIO LEGISLATURE

Toronto, April 17.—Premier Hearst's bill providing for a referendum on the continuance of the Ontario temperance act received second and third readings in the legislature last night, after it had been debated for three hours by the house.

Defaulters under the M. S. A. and persons convicted of seditious or treasonable offences during the war, are disqualified from voting or from holding public office in Ontario for a period of ten years, under a measure introduced in the legislature by Attorney-General Lucas.

### THE DEPOT BATTALION BAND.

To the Editor of Evening Times-Star:—During the next few days the arrival of three troopships is expected. After May 1 it is understood the transports shall make Quebec and Montreal their port of call and that the majority of our soldiers shall reach the city by train.

The Depot Battalion Band has been in attendance on the arrival of each troopship during the winter and its services have been greatly appreciated. The majority of the members of this excellent organization were originally the 115th Battalion Band and crossed to England with that unit. The general impression is that these men are anxious to return to civil life and as several, it is understood, have had employment offered them recently they feel that arrangements can be made whereby they can take advantage of these opportunities.

The time of arrival of troops by rail can be ascertained several hours before the train reaches the station and no doubt this band, as civilians, would only be too willing to assist in the reception. The members of the 115th Band previous to their enlistment, were citizens of St. John and the public no doubt would appreciate efforts allowing these bandmen to become citizens again at an early date.

Judging from the assistance given patriotic endeavors during these war years by our City Cornet and Temple bands it is assumed that these musical organizations will be at the disposal of our committees when a welcome is being extended our homecoming boys.

"A Morning at Constance Bay" will be read with interest by all young Canadians. It is the story of a splendid outing held by the Ottawa Boy Scouts. Begin to get well TODAY.

The reason for this is that during the wintertime, shut up within doors, eating too much meat and too little green vegetables, one heaps fuel into the system which is not burned up and the clinkers remain to poison the system—a clogging up of the circulation—with inactive liver and kidneys. Time to put your house in order.

For an invigorating tonic which will clarify the blood, put new life in the body, sparkle to the eyes, and a wholesome skin, nothing does so well as an herbal extract made from Blood and Stone root, Oregon grape root and Wild Cherry bark, which has been sold for the past fifty years as Dr. Pierce's Golden Medical Discovery. By reason of the nerves feeding on the blood, when the blood is pure the nerves feel the effect, and neuralgia or other nerve pains disappear because such pain is the cry of the starved nerves for food.

Stratford, Ont.—"I can highly recommend Doctor Pierce's Golden Medical Discovery and Pleasant Pellets. I have used these remedies twenty-five years in my family. Had a very bad case of neuralgia and 'Golden Medical Discovery' completely cured me in a very short time. I have given it to all my family, also to my grand children. I had a grand-child last summer that we thought could not live. We gave him the 'Discovery' and he is strong and healthy as any child could be. I am a great believer in Doctor Pierce's Medicines and would not be without them."—Mrs. A. Bowling, 285 Railway Ave.

Stratford, Ont.—"For many years I suffered with neuralgia. It would affect my head, extending down into my neck and shoulders. I took Dr. Pierce's Golden Medical Discovery and was completely cured."—W. J. Tame, 272 Railway Avenue.

## "I Shall Have to Quit, Principal, I Cannot Manage This Class"

"HOW is that?"  
"Well, I have tried hard enough, but the worry is too much for me and has got on my nerves."

"You should not worry!"

"That is just what everybody tells me, but I cannot sleep nights, and can only think of the troubles I will have with the class next day. I have stood it as long as ever I can. The doctor says I must quit before it is too late."

"Did you ever try Dr. Chase's Nerve Food?"

"No, I never have."

"I have never used it myself, but I have heard so many of the teachers telling about how it helped them when they were on the verge of a nervous breakdown that I have come to think there must be something in it."

"Yes, I have often heard about it, too, but did not just think that it would help me. Perhaps I had better try it."

"I would if I were you. We do not want to lose you, for you are just getting this class into good shape. Three teachers failed in this room, and the boys got rather unruly. That is why it has been so difficult for you, but if you can get your nerves built up you will get along all right."

"Well, I will make another try, and in the meantime I shall begin using Dr. Chase's Nerve Food."

In your nerves lie your greatest strength and greatest weakness. When the nerves are weakened and exhausted by worry, disease or overwork every muscle loses its strength and endurance. Every organ is partially paralyzed and the mind befogged.

By strengthening and building up the nervous system Dr. Chase's Nerve Food brings new energy and strength to mind and body. With new nerve force comes the power to achieve and the joy of health and vigor. 50 cents a box, 6 for \$2.75, all dealers, or Edmanson, Bates & Co., Ltd., Toronto. ## ENO'S FRUIT SALT

YES, and that spoonful of Eno's taken in a glass of water before breakfast is responsible for many a man's clear-thinking and business efficiency.

For you can't have clear-thinking with a bad stomach and sluggish liver.

If men of active minds were as active with their bodies, the chances are that they would not suffer from biliousness, sour stomach, constipation and kindred disorders. It is to such men that Eno's Fruit Salt proves its value as a gentle, safe and unfailing regulator of the digestive and eliminative system.

Being a natural aperient—that is, composed of all cleansing and tonic elements of ripe fruit juices—it performs its work in a normal way without irritation or harmful reaction. It clears the intestines, rouses the torpid liver to activity and produces a delightful feeling of liveliness and vigor that can only arise from a sound, active physical condition.
