THE GROCERY MARKET

The following comment on the market situation as regards foodstuffs appeared in Canadian Grocer last week. There is comparatively little of moment in the markets this week. Changes have been of a more or less nominal character, though there is a general feeling of strength in all commodities offered.

Montreal.

Price changes for the week are important on one or two commodities and there are also some important tendencies to the market. Molasses has been reduced by one jobber five cents a gallon all around, and while this is the only definite change announced for molasses, it is understood that a nominal market prevails. Ground cloves have been reduced and spices are generally on an easy basis. Javelle water is lower in price, and one line of baby comforters is lower by five cents per dozen. Green vegetables have been reduced, although ripe tomatoes are higher. Feed oats are down.

Among the advances made is one for oak, which is up ten cents per 100 pounds. Hay is much higher, best grade selling at \$30 a ton. Barley feed is up. Lemons are higher and tea, coffee, cereals and canned fruits are ruling very firm. The bean market is steady and rice and nut markets remain on a steady

and unchanged basis. Prices hold high for maple sugar and syrup. The sale of milk feeds is good and the flour market is firm.

Some lines of new goods are arriving from week to week, including egg powder, etc., coming to hand.

Toronto.

The packers' strike and its possible effect on meat prices, should it be prolonged, was the only feature of outstanding importance in the grocery trade this week. Fresh meats, both beef and pork, were quoted higher this week. In fact most commodities were firm with tendencies higher. Quotations on Ontario potatoes have advanced to \$2.25 a bag. There is a great scarcity of On-

tario potatoes because of shipments to the United States. Potatoes for seed purposes are selling at even higher figures. New Florida potatoes are now arriving and are bringing from \$6 to \$10, according to grade. Dried fruits continue scarce and strong in price. Canned goods, too, are scarce, and indications point to supplies being pretty well cleaned up before the new crop comes on. Peas are an exception, however, being in very fair supply.

Reports from primaries indicate further advances in green coffee. As far as the Toronto market is concerned, quotations are unchanged, but all evidences

Stocks of Javes that have been held in rather heavy quantities are active, but the bulk of the low grade teas have been pretty well cleaned up.

All imported fruits are arriving in good supply, and Porto Rico pineapples are quoted slightly lower. Strawberries are still very high. Rices are steady but the choice qualities are hard to get. Beans are experiencing renewed activity, and prices are fairly easy.

Winnipeg.

A further advance is recorded this week in coffee, in keeping with the recent trend of this market. The outlook is for very high prices on dried fruits, with prunes and apples scarce and high. There are no seedless raisins to be had. A big range is shown in current quotations on jam by various jobbers. Tea is moving more rapidly and no price reduction is expected.

What the Dealer Means to You

THE shoe dealer does more for you than you perhaps realize. He not only carries a variety of styles and sizes for your convenience, right in your town, but he renders you a service which no one else can render in the correct fitting of your foot.

This is very important, not only for the sake of comfort, but also because the appearance and the life of your shoes depend upon correctness of fit. No matter what price you may pay for a shoe, it cannot give you its full service if it does not fit your foot.

And more than that: ill-fitting shoes often cause foot troubles, even though they may feel perfectly comfortable at first. Correct fitting shoes are essential, even if it means extra time and effort for you to get them.

So you should go to a dealer in whom you have confidence, let him advise you as to the type of shoe which is suited to your foot, and give him time to fit you correctly. You will get better service from your shoes if you will do this, and they will look better.

Write for our booklet "How to Buy Shoes" which gives more information on this important subject. It is sent gladly to any address in Canada upon request to our head office at Montreal.

Gold Soap

Gold Soap is not only big but solid. This is proved by its exceptionally heavy weight and by the way it lasts. Instead of crumbling and softening, Gold Soap wears away very slowly and evenly. It can be used down to the thinnest wafer.
