**RECENT WEDDINGS**

**Roscoe-Ruggles.**  
Bridgetown, N. S., Sept. 25.—(Special.)—Flags are in evidence everywhere and the town is beautifully decorated in honor of a fashionable event which took place in St. James' Episcopal church at 11 o'clock this morning, when Major Barry Roscoe, D. S. O., son of Hon. Col. W. E. Roscoe, K. C., and Mrs. Roscoe, of Kentville, was united in marriage to Louise Thorne Ruggles, only daughter of Mr. and Mrs. Harry Ruggles, of Bridgetown.

**Miller-Elli.**  
A wedding of much social interest took place at the home of Mr. and Mrs. Fred Ellis, Mac's Bay, Charlotte Co., on September 25, when their eldest daughter Hazel became the bride of Harold Otis Miller, head salesman for J. A. Pugsley & Company of this city. Rev. D. J. MacPherson officiated. The ceremony took place under an arch of evergreen and roses. The bride was given away by her father. Her bridesmaid was of white silk with a bridal train of white tulle and carried a bouquet of roses and maiden hair fern. The wedding march was played by Miss Lily Ellis, cousin of the bride. There was a magnificent display of wedding presents including cut glass, silverware and other articles costly and useful, demonstrating the high esteem in which the happy pair are held by their many friends. The parents' gift to the bride was \$100 in gold. After a delicious supper the bride and groom motored to St. John and left on the evening train for Nova Scotia, where they will visit the Annapolis Valley and other points of interest. On their return they will reside at 28 Wright street.

**Taylor-Potter.**  
At the home of the bride's sister, Mrs. D. Polley, 264 Duke street, St. John, west, last evening, Samuel J. Taylor was married to Miss Mabel L. Potter, both of this city. Rev. D. J. MacPherson performed the ceremony. The bride was becomingly dressed in a white gown and was given away by her father. There was a magnificent display of wedding presents including cut glass, silverware and other articles costly and useful, demonstrating the high esteem in which the happy pair are held by their many friends. The parents' gift to the bride was \$100 in gold. After a delicious supper the bride and groom motored to St. John and left on the evening train for Nova Scotia, where they will visit the Annapolis Valley and other points of interest. On their return they will reside at 28 Wright street.

**Woods-Miller.**  
David Wilfred Woods and Miss Greta Miller, both of White's Mills, Kings county, were united in marriage at 2 o'clock yesterday afternoon at the home of the officiating clergyman, Rev. A. L. Tedford, Haymarket Square.

**Jenkins-Byers.**  
At the Baptist parsonage, Haymarket Square, at 4 o'clock yesterday afternoon, Rev. A. L. Tedford united in marriage Sidney Melbourne Jenkins, of Marsh Road, and Miss Mabel Lillian Byers of 106 Charlotte street, West St. John. Following the ceremony the pair left for Hoyt, where they will spend a short time at the bride's former home.

**Miss Marion Letitia Burchill** and Frank Taylor Cameron were united in marriage yesterday by Rev. F. S. Dowling, pastor of Zion church.

**Miss Helen Pearl Akerley,** daughter of Mr. and Mrs. G. O. Akerley, was united in marriage last evening to Kenneth B. Ross by Rev. F. S. Dowling. The bride wore a pretty costume of

Issued by Canada Food Board.

**CODFISH BALLS.**

This is a delectable supper dish as simple to prepare as it is nutritious. There are two good methods of preparing it:

(1) Boil one cup of codfish and boil and mash four good-sized potatoes. Combine the potatoes and codfish. Mash all together. Add a small piece of butter, pepper and one beaten egg. Roll in flour substitute to form balls and fry or else cover with egg, bread crumbs and fry.

(2) Another good method is to take the same materials, cut the potatoes into three or four pieces, tear the fish into pieces and boil together until the potatoes are tender. Then drain, mash and season with butter, pepper and egg. Drop by spoonfuls into the frying pan.

**Food Board Flashes For Feminine Folk**

"How many meals may I serve outside of my family without having a license?" is a question frequently asked by the woman who keeps a few boarders. Fifteen meals may be served each day over and above those for members of one's family—that is to say, three meals for five people.

**FORMER ST. JOHN MAN NOW IN GUATEMALA, LEADING ORCHESTRA**

Interesting Letter Comes From O. P. Stearns, Formerly of The Imperial

Osborne P. Stearns of Boston, who early last winter and in the season of 1916 played flute and piccolo very acceptably in the Imperial Theatre orchestra in this city, writes to Musical Director A. E. Jones of the King Square theatre in St. John, N. B., under the name of Guatemala, Central America. Writing of his orchestral work in this strange land Mr. Stearns says:

"I didn't bring down a crowd of my own, but my orchestra is the regular house crowd of natives, and believe me they can play. It is natural for a Latin to be a good musician, I suppose, and temperament in their violin, piano, harp, and all the rest of it. I have two flutes, two clarinets, two trumpets, two horns, two bassoons, contra bass and a separate timpanist. They compare favorably with some symphony bands I have heard in Europe. I had a little trouble at first in getting them to make their notes, but I have been playing for some time now and they are getting on very well. They are getting on very well, and their general musicianship is greatly above the average for this country."

**"FIENDS INCARNATE"**

(Sir Robert Borden in Toronto.)  
When I reached England early in June the situation on the western front gave cause for grave apprehension. When I set out for Canada about the middle of August, the position was completely changed. Apprehension had given way to confidence, and there was a well-founded belief that the grand climax of the war is approaching. Before that comes there will be much talk of peace. No inconclusive peace which would merely be the prelude to another struggle will be accepted by the men who have borne the burden and made the sacrifice. The issue must be settled now and Germany must learn her lesson and for all time be made incapable of shrinking from the nameless outrages by which she has deliberately degraded the name of humanity; they would blush for the barbarous and brutal cynicism with which she has scorned and broken every decent convention of public law and international usage. Was it for nothing that the Americans went into battle shouting "Remember the Lusitania"? Was it for nothing that the Hun heard the battery "Remember the Landover Castle" when the Canadians made their onset? The memory of these things cannot be wiped out in a day or a year, or even a century."

**David Wilfred Woods and Miss Greta Miller**, both of White's Mills, Kings county, were united in marriage at 2 o'clock yesterday afternoon at the home of the officiating clergyman, Rev. A. L. Tedford, Haymarket Square.

**Jenkins-Byers.**

**Thousands To Be Quartered Here**

Winter Arrangements for the Troops—Second Tank Battalion Soon Ready—News of the Soldiers

St. John will soon be a military camp again. In a very few weeks the officers and men of the C. E. F. will be returning from camp to their winter quarters here. Military authorities expect that there are between 8,500 and 4,000 C. E. F. troops in M. D. No. 7 and these will be quartered in the city of St. John.

Considerable correspondence has already passed between local headquarters of the tank battalion, which for some time past has been quietly organizing at Petawawa Camp, is now nearly ready to embark for overseas. The formation of this battalion is another step toward the establishment of a Canadian brigade.

It is reported that several St. John men who are qualified lieutenants have been given an opportunity of entering the service of their king and country through this second tank battalion. The military authorities at Ottawa have asked three officers who are willing to enlist for this branch of the service being the allotment settled upon by M. D. No. 7. No local appointments however, have as yet been made but in all probability this will be done in a very near future.

An order relating to the rank and standing of officers and N. C. O.'s of the active militia has been received by the officers at headquarters of M. D. No. 7. Hereafter the method adopted was more or less of the hit or miss calibre and if an officer had influence sufficient or powerful friends at court he usually went from duty here or who are willing to enlist for this branch of the service being the allotment settled upon by M. D. No. 7. No local appointments however, have as yet been made but in all probability this will be done in a very near future.

**Couldn't See Her Boy And Now He Is Killed**

Riverdale, Ont., Sept. 26.—Over the piano in the home of Mrs. Wardle, 9 Wyatt avenue, hangs the enlarged portrait of her three soldier sons. One boy, Henry, was killed in action on October 5, 1916, at the age of twenty-three. Fred, the eldest, was wounded last June, now Lawrence, youngest of the three, just back to the trenches after recovery from a wound received last May, has been killed in action, Sept. 2 at the same age as his dead brother. "This is likely to be my breaking-up," said the heart-broken mother. She went to England some time ago to see her boy, but waited in vain for five months—the military authorities would not give him leave of absence. He went overseas in the 38th Battalion. By trade he was a book-binder.

**Open Classes For Defective Children**

Effort Will Be Made in Toronto To Secure it for Those Unable to Walk

(Toronto Star.)  
Two items of business of more than usual importance were discussed at last night's meeting of the Board of Education. One dealt with the necessity of establishing special classes for mentally and physically deficient children, and the other with the need for at least two more inspectors. Dr. Helen MacMurphy, government inspector, spoke briefly but impressively on the first subject.

The special committee, of which Mrs. Courtney was chairman, submitted a report on the first subject. From data gathered by the chief medical officer it was shown that there are at present in Toronto eighty-eight children who are within the classifications requiring special attention. These are as follows: Disabled children, forty-two; deaf and dumb, fourteen; defective vision, twelve; defective speech, seven, and epileptic thirteen.

"I have paid a visit to the homes of every one of these children," said Dr. MacMurphy, who was introduced by Mr. Courtney. "The children of the first section are for the most part very bright and one or two have managed to teach themselves to read. But none of them can get to school. It would seem to be a waste of time to make some arrangements for teaching them, so that they may not become dependent in after years upon the city or some charitable institution."

The members of the board were impressed with the necessity of carrying out the report of the special committee was seen on to the management committee to deal with at once. A start will be made with the seventeen children mentioned in the report. The plan was presented by Mr. Courtney. The plan was presented by Mr. Courtney. The plan was presented by Mr. Courtney.

**Baseball From The Skies**

New Form of Amusement Devised By Baseballists in the Army.

A new form of amusement has been devised by that portion of American soldiers drawn from the ranks of the baseballists. It appears to be of a rather risky sort, but the American sport wants nothing that is devoid of the elements of exciting adventure. The new wrinkle was originated by the aero squadron at Kelly Field a few weeks ago, when a baseball dropped from a plane 700 feet up was caught by a player on the field below. Three Canadian balls were dropped before an adventurous player succeeded in making the catch.

The airplane boys over in France heard of this piece of business and at once determined to go to the Kelly Field boys one better. The *Plane News*, printed by the men on active service in France, tells us about it. Among the members of the Third Aviation Instruction centre there are twenty baseball teams, and these will try for what is to be known as the "record catch." A plane piloted by a flying officer will rise to a height of 750 feet, fifty feet higher than was attained in the Kelly Field contest, and at intervals of every three or four minutes the pilot will swoop over the spot where the contestants will be lined up, dropping single balls so that there will be but one ball dropping at a time. In case a catch is made of the ball from 750 feet, the pilot will rise to 800 feet, and the men given a second chance to win the record. To the one who catches the ball at either of these heights will go the world's championship and a medal proclaiming his feat. The ball he catches will also become his property for a keepsake.

**Taking Over Ford Plant**

Detroit, Sept. 25.—Arrangements have been completed for the taking over, by the government, of the Cincinnati plant of the Ford Motor Company. The plant will be devoted to the production of war materials exclusively.
