WANT MORE REPAIRS TO MAIN STREET

Residents of the North End are complaining of the condition of Main street, which is badly in need of repairs. Main street is not only the busiest thoroughfare in the North End, but there is probably more traffic over it than any other city street. One side of the street between Paradise Row and Portland street was well paved last year, but the other side of that part of the street and both sides from Portland street down to Albert street are in bad condition and some parts even dangerous. In one place in particular at the commencement of Elm street, and near Douglas avenue, two automobiles and a sloven within the last week had axles broken owing to holes in the pavement. The work of repairing the lower end of Main street has been completed, making a great improvement and adding to the appearance of the city.

Captain William Finley, who formerly lived in the North End, arrived here on Monday on board the barkentine Bruce Hawkins, with a load of coal for Gibbon & Company, from Philadelphia. This is the first time Captain Finley has been in St. John since he left here fifteen years ago. The captain is accompanied by his wife and family.

Miss Nellie Brown, of Adelaide street, left last evening by steamer for Boston where she will spend her vacation.

G. T. Black of Main street, who met with an accident at the Narrows on Tuesday afternoon was out yesterday for the first time since the accident.

The members of St. Stephen Cadets were entertained by Mr. and Mrs. George Kierstead at their home in Main street, after drill and a pleasant hour was spent.

The Stetson Cutler Company are operating their shingle mill at Pleasant Point this morning with a full crew of men.

Miss Opal Hay, of Paradise Row, left last evening for Montreal, where she will engage in study at one of the convents there. Many friends gathered at the depot to say farewell.

CURED OF DRINK BY SIMPLE REMEDY

A Devoted Wife Helps Her Husband to a Cure Through Samaria Prescription.

Mrs. S., of Trenton, was in despair. A loving father and a careful provider when sober—her husband had gradually fallen into drinking habits, which were ruining his home, health and happiness. Drink had inflamed his stomach and nerves and created that unnatural craving that kills conscience, love, honor and breaks all family ties.

But read her letter:
"I feel it my duty to say a few words about your Tablets. As you are aware, I sent and got a bottle, thinking I would try them in secret. My husband had only taken them a week when he told me he was going to Port Arthur for the summer, so I had to tell him all about the Tablets. He said he would take them just the same, so I sent and got the second bottle for fear one would not be enough. He writes me saying that he has taken the contents of both bottles, and he feels splendid, does not care for drink. In fact, he has not taken any liquor from the first of my giving it to him. I feel I cannot say too much in favor of your wonderful Remedy."

S. S., Trenton, Ont.
Samaria Prescription stops the craving for drink. It restores the shaking nerves, improves the appetite and general health, and makes drink distasteful and even nauseous. It is used regularly by Physicians and Hospitals, and is tasteless and odorless, dissolving instantly in tea, coffee or food.

Now, if you know any home on which the curse of drink has fallen, tell them of Samaria Prescription. If you have a husband, father, brother or friend on whom the habit is getting its hold, help him yourself. Write today. A FREE TRIAL PACKAGE of Samaria Prescription, with booklet, giving full particulars, testimonials, prices, etc., will be sent absolutely free and postpaid in plain sealed package to anyone asking for it and mentioning this paper. Correspondence strictly confidential. Write today. The Samaria Remedy Company, Dept. 59, 142 Mutual street, Toronto, Canada.

A WOMAN LOST HER HAIR AND GOT IT BACK WITH HERPICIDE

While there are no thrills in the narration of Mrs. P. T. Nichols, 628 Broad street, Beloit, Wis., her story is nevertheless one of amazing interest. "Stricken with neuritis and erysipelas, I lost all my hair. My doctor recommended Newbro's Herpicide. I used six or eight bottles and now have a fine head of slightly curly light brown hair. Not a gray hair in my head. This is the most remarkable as I am middle-aged."

While the results which follow the use of Newbro's Herpicide are always more or less astonishing, they are always natural. Herpicide destroys the dandruff, stimulates the flow of blood to the hair follicles and keeps the scalp perfectly healthy. It makes possible a natural and luxuriant growth of hair, except in cases of chronic baldness.

Hieatt's Hygienic Milk Bread

MUNICIPAL BORROWING

Canadian Officials Seek Advice From Local Government Board in England

(Times' Special Correspondence)
London, Sept. 2.—Hon. W. F. A. Turgon, attorney general of Saskatchewan, and Mr. Justice Lambert of Regina, while they were here, took the opportunity of consulting officials of the Local Government Board on the subject of government supervision and control of municipal expenditures.

ancial matters caused a searching analysis of the methods prevailing in the dominion and many people expressed surprise that the Canadian government did not exercise some jurisdiction in the matters of expenditures of the smaller municipalities. In this country, of course, no municipality borrows money without the sanction of the Local Government Board, presided over by the Right Hon. John Burns.

In Canada the matter might be complicated because there are provincial government as well as the federal government. Doubtless Mr. Turgon and Mr. Lambert will have some interesting views to communicate to their colleagues.

LANCASHIRE'S LABOR SHORTAGE

Emigration of Cotton Workers to Canada and Australia a Cause

(Times' Special Correspondence)
London, Sept. 2.—Lancashire is making another complaint about the scarcity of workers.

The shortage of cotton pickers which has been experienced for some time in Oldham is putting some of the firms to great inconvenience. For two or three years now there has been a marked falling off in the number of boys going into the cotton mills and the effects of this are only just being realized. Each spinner should have a big and a little piecer assisting him to look after a pair of mules, but in some instances the spinners are experiencing great difficulty in getting hold of even one piecer.

reason is the emigration to Canada and Australia.

Mendacity
I can stand for the man with the personal hobby, and live through the ravings of those who have no hobby. But my temper is short and inclined to be knobby. With the person who says that he never reads ads.—Judge.

A Possibility
"Here's something queer," said the dentist. "You say this tooth has never been worked on before, but I find small flakes of gold on my instrument." "I think you have struck my back collar button," replied the victim. — Buffalo Commercial.

ENGLAND'S LEADING INDUSTRY IS PRODUCTION OF CLOTHES.

There are probably more people employed in England in the manufacture of woollens and clothing than in ten other industries combined. The Tailoring Craft reaches its highest perfection there because it is in England that the best cutters and tailors come to pursue their vocation. The centre of the clothing industry is in London, and right in the centre of London, with every available resource at its command which the march of time has evolved, stands the House of CURZON. No other firm in the world can excel as to quality and price of production. Thus it is that CURZON BROS. have linked themselves up with the lands across the seas, and place at your disposal the benefits which the resident in England, and above all, in London, so easily enjoys. To-day you can have a veritable London Tailor's Shop delivered right into your home just for the mere asking—nothing to pay.

SAVE DOLLARS ON YOUR TAILORING.

Our Free Samples of Cloth provide you in miniature with a selection of choicest woollens which no local house could be expected to equal. Our mail order tailoring has earned for us
