DEAD WOMAN IDENTIF. D.

Body Found in Trunk Was That of a Person Who Was Seeking Divorce.

CLEVELAND, Ohio, Sept. 15. - The body of a young woman which was found yesterday crowded into a trunk and which was picked up in the water under a coal dock on the lake front, has been identified as that of Mrs. Inez Smith of this city. The woman disappeared on Sept. 6th. That she was murdered and her body placed in the trunk and thrown into the river the police say is certain. Some time ago the woman applied for a divorce, alleging that her husband, Samuel Smith, had another wife living whom he married in 1898. Before her marriage to Samuel Smith the murdered woman's name was Inez Hall and she ions, the passengers were schooled as had lived in Cleveland about five years, but recently had not been living gether.
