## The Editor's Wife.

THE LADY SUFFERED TER-RIBLY FROM RHEUMATISM.

Her Joints Began to Swell and Twist Out of All Shape—Death Would Have Been a Relief—Dr. Williams' Pink Pills Restore Her to Health.

From the Harriston Tribune

After long consideration and much hesitancy about having her name made public, Mrs. John A. Copland, wife of the editor and proprietor of the Harriston Tribune, has resolved that the world should know how wonderfully her health was restored by the timely use of Dr. Williams? Fink Pills for Pale People. Our representative interviewed Mr. Copland and the following is his statement of the case.

Williams' Pink Pills for Pale People. Our representative interviewed Mr. Copiand and the following is his statement of the case.

"Whilst we were living in Toronto at No. og McGill street, my wife took ill in the autumn of 1894, and had such racking pains that she could hardly stir. One of the best specialists in Toronto was called us and he diagnosed the case one of acute infammatory rheumatism. His prescriptions were given and he said that the case was a very severe one and it would be a wonder if her joints did not become minshapen. What this eminent physician predicted came true, At the end of a month my wife was worse than ever, and her wrists and knuckles were twisted greatly out of shape. She was so disheartened that she would weep at the slightest provocation. She was loath to stay in bed, and had to be assisted to arise and dress, every movement giving her intense pain. During all the ensuing winter this state of things continued, she gradually becoming worse in spite of the strong medicines and the lotions that the doctor prescribed for her. We tried in vain the massage treatment and the electrical treatment. My wife would moan nearly all night with the pain. She was unable to hold the baby, and even could not bear to have a person point a finger at her. I fearsy that the spring would see my wife under the sod, and you may be sure I was terribly affected by it. All this time we continued to give her the doctor's treatment and medicines, until finally my wife stoutly refused to take any more of the drugs. From that ont she began to improve, and one evening P was astonished to see her coming to meet me when I arrived home from the office.

"Why," I said," the doctor is doing you good after all." 'Not at all," ahe said and smiled. Then she produced a little round wooden box and held it up. "I have a great secret to tell you," as laughed. "Unknown to you I have been taking Dr. Williams' Pink Pills, and this is the seventh box. They are rapidly curing me. Naturally I was overjoyed and almost wept at the th

her wrists and knuckles are as shapely as ever.

Several of our neighbors in Toronto knew how sick she was, and can corroborate every word I have said. Either myself or my wife are willing to swear to the truth of these statements.

Mr. Copland has been laughed at for the enthusiasm with which he has sung the praises of Dr. Williams' Pink Pills, but he believes that anything so valuable to mankind should get all the praise it deserves.

Mrs. Copland was seen at her residence on King Street, Harriston, and she corroborated every word her husband has said. She reluctantly gave consent to have her name published, but said that she thought it proper that the efficacy of these pills should be made known. She was led to use Dr. Williams' Pink Pills through seeing the accounts of cures in the newspapers.
