

THE RUSSIAN STEAMER GOES PRINCE OUT TO BATTLE OF THE DANGER OF LAKE ONTARIO

Future of the Dynasty Rests With Him. Succession Involved. Can Only Pass to Males When They Survive and Other Members of Family Have All Become Ineligible.

St. Petersburg, Oct. 26.—The latest reports received in court circles from Spain give assurance of the recovery of Crown Prince Alexis. Apart from the meagre details of the doctor's bulletins, not a single fact has been allowed to appear in the Russian newspapers regarding the illness of the heir to the throne, and the whole nation is deeply incensed by the refusal to disclose the truth with respect to the injuries from which the Crown Prince is suffering has bred a crop of sensational rumors.

The facts are that eleven days ago a childish prank moved the little Prince to climb a high cupboard in the hunting lodge at Spala, where the imperial family was sojourning. He slipped and fell, striking a sharp corner of a chair and sustaining numerous bruises. The frightened attendants tried to make light of the accident and the Prince bore his sharp pain without flinching.

VICTORIOUS ALLIES PRESSING TURKS BACK ALL ALONG THE LINE

Bulgarians Achieve the Most Important Success of Campaign. Salokina May be Cut Off From Communication With Constantinople by Latest Move—Effort to Isolate Turkish Army from Capital—Adrianople Expected to Fall Within the Week—Occupation of Pashmakli Reported.

London, Oct. 27.—A brief Sofia despatch tonight announces what may prove to be the most important move of the victorious Bulgarian army as yet achieved, the capture of Eski Baba. The despatch describes this town as an important position on the main line between Adrianople and Constantinople, but omits to say whether the Bulgarians are in actual possession of the railway station. If they are, they have cut the communication between Constantinople and Salokina, and with 40,000 Turkish troops now in Adrianople it had become impossible for the Turkish forces after the fall of Kirk-Kiliseh were holding the line from Kuleli Burgas to Salokina, a short distance east of Eski Baba.

Constantinople, Oct. 27.—Reports of skirmishing on the right wing of the eastern army seem to indicate that the Bulgarians around Adrianople are still developing the turning movement. According to information emanating from rebel sources, the Sultan has expressed a desire to accompany the generals to the front in order to encourage and inspire the troops by his presence. An extra council held at the palace by the leading statesmen advised the Sultan to relinquish this plan.

Her coal supply is not very large, and there is some question whether after going to St. John a sufficient quantity will remain in the bunkers to steam to Bermuda. In case of a shortage a return would have to be made to Halifax to take on Welsh coal which the warship uses. The Cornwall goes to St. John under the orders of the Admiralty and at the request of Hon. J. D. Isaacs, minister of marine and fisheries. The missing Whitehead torpedo has not been found.
