

THE WEATHER

Forecast:
Maritime—Showers at first followed by strong northwest winds.
Washington, May 12.—Northern New England—Showers Thursday; cooler except extreme east Maine coast Friday, unsettled, probably showers. Moderate southwest to west winds.
Toronto, May 12.—Showers have occurred generally in Saskatchewan and more locally in Ontario and Quebec, elsewhere in the Dominion the weather has been fine. A cool wave from the north has caused a considerable drop in temperature over the larger part of the western provinces and is now spreading over the Great Lakes.

A Bad Sidewalk

The police report that there is a dangerous hole in the sidewalk about opposite 92 Brussels street. They report that repairs should be immediately made owing to the fact that there has resulted several accidents to pedestrians.

Letter Found

A letter addressed to a woman residing in New York was found on Charlotte street last night by the police. The letter was without stamp and is now being held at police headquarters awaiting the owner and three cents worth of stamps before it can continue on its journey to the big United States city.

Clean Up Day.

The commissioner of public safety has been trying to arrange for a city clean up day between now and the last of the month. The board of health will be asked to co-operate and it is likely that the matter will come before a meeting of the board on Thursday. If possible two days of cleaning will be arranged for this year.

The annual meeting of the St. John Real Estate Company, Limited, was held yesterday afternoon in the company's offices, the president, R. G. Haley, in the chair. R. G. Haley, P. Neil Brodie, H. C. Creighton, H. W. Frink and L. P. D. Tilley were elected directors. The following officers were afterwards re-elected: President, R. G. Haley; vice-president, P. Neil Brodie; managing director, L. P. D. Tilley.

St. Martins Telephone Co.

The annual meeting of the St. Martins Telephone Company was held in the office of Barnhill, Ewing & Sanford, yesterday afternoon. W. A. Ewing was re-elected president. The other officers were Captain Robert Carson, vice-president, and Richard O'Brien, A. W. McMackin and Robert Connolly directors. H. G. Black was selected as secretary-treasurer. The company is on a sound footing.

W. A. OF ST. LUKE'S HOLD FINAL MEETING

Reports presented show good work—Presentation to Mrs. Thomas Walker.

The Woman's Auxiliary of St. Luke's church met in the schoolroom of the church yesterday afternoon. The meeting which was largely attended was the last of the season. Reports of work done were read and showed encouraging results. The outfit provided by the auxiliary for one of the Indian children in the Indian government school at Le Pas, Saskatchewan, was placed on exhibition and officially inspected by Mrs. J. M. Hay, diocesan Dorcas secretary.

A pleasing incident of the gathering was the presentation to Mrs. Walker, president of the diocesan branch, of a handsome silver card case suitably engraved. In making the presentation, on behalf of St. Luke's auxiliary, Mrs. McKim, president, referred to Mrs. Walker's valuable work in the interests of the organization. In a neat speech Mrs. Walker thanked the donors for the gift and the kind words that had accompanied the presentation. Afternoon tea was served.

ANOTHER LOCAL MAN WOUNDED

J. J. Donohue, formerly of Simms' Brush Factory, hit by bullet in recent battle.

Word was received in the city yesterday afternoon that another St. John boy, J. J. Donohue, had been wounded on the battlefields in France. The message was received by the soldier's brother, Frank J. Donohue, 22 Brussels street, in the following telegram: Ottawa, May 12th.

Frank J. Donohue, 22 Brussels street, St. John, N. B.

Sincerely regret to inform you 23723, Private J. J. Donohue, 14th, formerly of 12th Battalion, officially reported wounded. Further particulars when received will be sent you. (Signed) Adjutant General.

Before enlisting for overseas service Private Donohue was employed with T. S. Simms & Company in the brush factory and resided with his sister, Mrs. John Walsh, 18 Brussels street. He was one of the first to enlist at the army last summer and left with the infantry brigade when they went to Valcartier. After putting in a hard winter on Salisbury Plains Private Donohue was drafted to the Royal Montreal Regiment and was hastened to France and was seen in the trenches. His relatives and friends are anxiously awaiting further word of his condition.

Private J. J. Donohue will be well remembered by the local baseball fans for he was not only a good ball player on the National team in the East End League but was the manager of that team. He is a young man with plenty of grit and his many friends sincerely hope that he will fully recover from his wounds.

LADIES' AID OF ZION CHURCH GIVE CONCERT

Programme of entertainment pleases all—Good sum raised.

A good concert was given last night in Zion Methodist church schoolroom under the auspices of the Ladies' Aid. About 180 persons were present and all enjoyed the programme of music, readings and other numbers. The chair was taken by F. D. McLean. The proceeds of the entertainment, during which ice cream and other refreshments were served, amounted to \$35. The following was the programme: Opening chorus of patriotic songs, twelve children, dressed in white; recitation, Gertrude Rouleau; piano duet, Miss Champion and Miss Adams; solo, Hew Walker; reading, Miss Spence; solo, Edith Champion; piano trio, Misses Adams, Champion and Shaw; solo, Miss Alchorn; dialogue, Misses Pemberton, Keithlin, Patterson and Killeen; solo, Mr. Alchorn; comic quartette, "Profundo Basso," Mr. and Mrs. Champion, Doris Champion and Mr. Brown. Miss Florence Adams presided at the piano.

GOOD CONCERT ENJOYED

Miss Evelyn Currie pleases all in fine musical programme.

Miss Evelyn Currie, pupil of Miss Muriel McIntyre, gave much pleasure to a large audience in Centenary church schoolroom on Tuesday night when she played, without the score, a long programme of pianoforte selections. Her technique and general fine treatment of the different numbers were in every way an indication that in this young lady St. John possesses an artist of exceptional merit. Frequent applause gave evidence, if any were wanting, that the concert, in which Miss Amelia Green, Miss Ermine Climo and Miss McIntyre gave valuable assistance, was thoroughly enjoyed by all present.

THE LIBERALS FORGET TERMS OF WAR TRUCE

Senator Pope, of Quebec, thinks Liberals should not force an election at this time.

"The Liberals have evidently forgotten the terms of the truce into which they entered last fall in reference to the carrying on of the business of the country during the war," said Senator Rufus H. Pope of Cookshire, Que., who has been in the city during the last few days with his son, Captain J. H. Pope, paymaster with the Railway Construction Corps here.

"They have done everything they could to bring on an election and the agitation caused by them will mean an election eventually. They have used every means in their power to obstruct the business of the country and the government has had to contend with many obstructionist tactics. It seems too bad that the country should be forced to carry on an election during the war but the Liberals seem bent on having an appeal to the people."

Senator Pope said he had not been engaged in politics for some time, but he felt that the Liberals had not carried out the terms of the agreement made by them at the beginning of the war. Whether the election came now or later it was evident that the agitation at present started by the Liberals would result in an appeal to the people some time soon.

Senator Pope was accompanied by Mrs. Pope on his visit to St. John. They returned to Montreal on the Pacific express last evening.

GOOD PROGRESS ON NEW BRIDGE

A. R. C. Clark & Son have forms nearly ready for concreting floor.

More than one hundred men are at work on the new highway bridge at the Reversing Falls, under the direction of A. R. C. Clark & Son, who have the contract for placing the concrete floor on the new structure. Although only at work since last Wednesday, the contractors have practically all the forms in place for the concrete and it is expected that a start will be made in pouring the concrete early next week.

In preparing for the concrete a wooden flooring has to be placed on the bridge. Specially formed wooden joists are first put in place and on these are laid smooth boards with tight joints. Then across the driveway of the bridge are placed one inch iron bars about four inches apart. On top of these are placed half inch bars running lengthwise of the structure. On these again are placed crosswise one inch iron bars. At the intersections of these three layers of binding wires are placed and then twisted to hold the iron reinforcement rigid. Later the concrete will be placed on the wooden floor with these iron bars as reinforcement. The spaces between the bars to be filled are about four inches by six in size.

Messrs. Clark are busy assembling their plant for the mixing and handling of the concrete. Several derricks will be in use and mechanical concrete mixers will be utilized. A railway with dumping cars will be in commission for carrying supplies out on the big structure.

"BEAR" MARKET IS VERY SLOW

Jack Walsh finds there is a poor demand for Bruin—An unwelcome "prize".

Jack Walsh, a horseman in No. 3 Company, has found himself in rather a peculiar predicament. The fireman is a veteran of the South African war and, therefore, being quite accustomed to handling a rifle, entered with much vim into the shooting tournament on the Citizens' Rifle Range in the Schofield building, Prince William street. Quite a number of the firemen competed but Hoseman Walsh was nearly always to the front with the highest score. In addition to a silver cup for the winner Commissioner McLellan gave as a prize a real live North Shore brown bear. The bear was brought to the city last summer by some men who enlisted in the 26th Battalion and as mascot are not allowed with the battalion the bear was procured by the commissioner for a prize. Walsh won the bear and last Monday evening went to the range and took charge of Mr. Bruin.

That he had a picnic with his pet goes without saying, for every time they came to a telegraph pole on his way home he had a hard time preventing Mr. Bear from climbing the pole, then he was also greatly troubled with dogs which followed barking and causing no little commotion. Finally Jack arrived at No. 3 fire station and thought all he would have to do was to present the bear to his company and his troubles would be over. The surprise when he learned that the bear could not be kept in the station because the horses would become frightened and he was instructed that he must take his pet away. Walsh was now in a quandary as to what to do. He could not turn the bear loose on the public street so the next best place was to take it home. This he did and he tied the animal to a post in his cellar. He did not know what to do with it and kindly offered to present it to the Rockwood Park. He was congratulating himself that he would surely get rid of it in this way when he was given another setback last evening when one of the park officials called on him and stated they could not accept the kind offer, as the bear he wished to give them was not the kind of a bear they wished to have in the park.

Mr. Walsh is now troubled over what his next move will be toward the disposal of the animal. His friends are offering no little amount of advice, but it is of such a kind that it cannot be acted upon. The prospects are that Mr. Walsh will have the bear to care for until the fall when it will be killed and the firemen will be treated to a dinner of roast bear meat.

REGULATIONS GOVERNING IMPORTATION OF EGGS

All packages of eggs imported into, or passing through Canada must be marked.

Regulations for the marking of packages containing eggs imported into Canada or passing in transit through Canada have been made and established by Order in Council of April 27, 1915, as follows, viz:—

1. Every package containing eggs imported into Canada or passing in transit through Canada shall have marked thereon in plain letters the word "Produce" and the name of the country whence exported directly to Canada.

2. The brands or stencils for such marking shall be supplied by the Department of Customs in the form approved by the Minister of Customs, and the marking of the packages containing eggs shall be done at the expense of the importer or shipper, under the supervision of a customs officer.

3. It shall be the duty of collectors of customs, at ports where imported eggs are entered for consumption or for warehouse or for exportation, to see that all packages of such articles are properly marked as prescribed by these regulations.

4. Packages of imported eggs entered for warehouse, if not properly marked or branded, shall be marked in such warehouse under the supervision of the customs lookers in charge, who shall see that all such packages are marked according to regulations, before they are delivered from warehouse.

5. Customs officers attending the delivery of imported eggs entered for consumption in Canada or in attendance when the same are being landed in transit on board vessels or cars for exportation from Canada, shall personally supervise and enforce the marking of all packages of such eggs.
