Nearly 100 Sinn Feiners in Party That Shot Down Patrol of Police Cadets.

### ONE POLICEMAN REPORTED MISSING

Attack Took Place Near Macroom in Cork County Late Last Night.

Macroom, County Cork, Ireland, Nov. 29.—Fifteen auxiliary police cadets were killed and one cadet mortally wounded as the result of an ambush by between seventy and one hundred men near Kilmacool, southwest of here, last evening. Another of the cadets is missing.

The cadets, under District Inspector Craike, were patrolling in two lorries when they were ambushed.

Robbed the Bodies.

London, Nov. 29.—Despatches relating to the killing of fifteen auxiliary police cadets near Kilmacool were read in the House of Commons by Sir Hamar Greenwood, Chief Secretary for Ireland, during the course of the Irish debate today.

The party which ambushed the cadets consisted of from eighty to one hundred men, all dressed in black and wearing steel trench helmets. They fired from both sides of the road on the lorries and also directed an enfilading fire straight down.

All Were Killed.

By force of arms some of the men had been disarmed and brutally murdered. Their bodies were rifled of all money and valuables and their clothing was taken from the corpses. Arms and ammunition were also taken and the lorries burned. The secretary thought that with fifteen officers of the late war thus lying dead, the House would not wish to continue the discussion in the face of such a challenge to parliament and civilization.

The auxiliary cadets are now recruits in training for the "Black and Tan" auxiliary police.

Boston, Nov. 29.—Sir Arthur Currie, President of McGill University and commander of the Canadian Expeditionary Forces, speaking here tonight at the 21st annual dinner of the Canadian Club of Boston urged citizens of the United States and Canada to remember their "common humanity" and declared "the two nations above all others who have championed democracy in its best form must not fail to stand together now."

"It must be the duty of every citizen of these two great nations," said Sir Arthur, "to discourage every offensive thought to silence every irritating word, to sow the seeds of international unity and accord, to bring together in accents of peace the Anglo-Saxon peoples for the immense task that confronts us."

The Two Flags

After comparing the symbolism of the United States and British flags, Sir Arthur said:

"If the flag stands for the things that have been set forth do you think that it is ever pardonable for a nation to offer it insult; is it not a shameful thing that men so far forget themselves as to degrade and scorn a symbol that represents the very highest ideals? Do they not forget that when they offer insult to another nation's flag they are shaming their whole people; their own flesh and blood; that they are trampling on a flag which they are trading into the mire the most sacred heritage and possession of a nation. No nation that permits these outrages can claim the homage of the world."

### NEWMAN CLARK'S DEFENCE TO BE HE WAS INSANE

Alienists Expected to Play Important Part in Andover Murder Trial Today.

### SENSATIONAL STORY EXPECTED AT COURT

Refusal of Victim to Marry Alleged to be Cause of the Shooting.

Special to The Standard.

Andover, Nov. 29.—The trial of Newman Clark, charged with the murder of Phoebe Bell at Grand Falls on the night of March 24, is to be heard at the Circuit Court which convenes here tomorrow. Judge Chandler, Moncton, will preside.

The case is proving one of more than ordinary interest to the citizens of Victoria County, and one that has attracted the attention of press and pulpit since the night the girl was slain. The events subsequent to the killing of Clark, and later his kidnaping from the hospital where he was recovering from self-inflicted wounds, have all produced sensational stories in their native.

Alleged Crime Cause.

The accused has been twice married and it is said the victim of his attack was being sought for his third matrimonial venture. It is reported that on her refusal to entertain a proposition of marriage, and on repeated requests that the sutor desist in his unwelcome attentions, it is believed Clark became enraged at the rebuffs received from the object of his love, drew his revolver at their last meeting and fired the shots which caused her death. It is further stated that the girl was not injured.

Tried to Escape.

The plot, as there seems to be evidence of a plot, to kidnap him from the hospital, where he was being treated for his wounds and ferret him across the border into U. S. territory and out of the jurisdiction of the Provincial Courts, was partially successful. The prisoner, however, weakened by his wounds, was unable to withstand the hardships of travel over the rough roads of spring, and his would-be rescuers were obliged to stop at an out of the way farmhouse before they got to the border line. It was here that the officers of the law who set out to recapture the prisoner found him.

Plea is Insanity.

At his trial the plea of not guilty by reason of insanity will be entered. It is understood he has been under observation by alienists, and that hypothetical questions may be expected to play a big part in the plans of the attorneys or in defence. Attorney-General Byrnes will prosecute for the Crown, while W. P. Jones, K. C., is counsel for the defendant.
