from the clergy. He dispelled the fears that the fund would fall through.

It is to be supposed that self-respecting Presbyterians would have the veterans of the church who contributed throughout their period of service cut off now from receiving benefits.

Judge Forbes said no scheme was more popular with the laity if the clergy were to give it their support.

Matter for the Laity. Rev. J. D. McKay, Halifax, did not have much confidence in the scheme under its present policy, chiefly that it demanded support from the young clergymen who desired to be beneficiaries.

Rev. J. D. McKay thought that young ministers ought to contribute to the fund. Rev. McGregor McKay said he now received \$200 a year from the fund. This he regarded as nothing but justice and back salary for the days when he labored night and day for the church at \$400 per annum.

Rev. A. McArthur, New Glasgow, wanted a scheme formulated which would be more acceptable to the young clergymen. A scheme ought to be perfected to enable the retired clergymen to receive \$500 per annum.

Rev. M. G. Hendry, St. Croix, said even if the existing system was not considered perfect, young ministers were not loyal to the church who refused to join until a perfect scheme was developed.

He would feel mean if he could not contribute the present annual demand, \$4.

Rev. Dr. Macrae, St. John, wanted a law making it compulsory for every minister at his induction to become a contributor to the fund. This ought to be the initial step towards placing the fund on a firm and satisfactory condition.

Rev. Mr. McKinnon moved that the question be remitted to the presbyteries, as to any or what changes ought to be made and report at the next maritime synod.

Decided to Rescind. After considerable further discussion, Rev. Mr. Sinclair's motion to rescind resolution 10 was carried by a vote of 41 to 9.

Rev. Mr. Rogers, New Glasgow, then provided the synod with information relative to the fund. At the beginning of the year the debt had been \$1300 and had been accumulating. It would probably be \$2200 by the end of the year.

The report included a proposal asking presbyteries to provide for the efficient and enthusiastic work of the fund.

Rev. Dr. Murray, Halifax, seconded by Rev. M. Calkin, moved a resolution in accordance with the proposal submitted by the committee on the aged and infirm ministers' fund.

Phases of the question were under discussion when the hour of adjournment arrived.

Rev. D. McGregor said the fund could not possibly live if the rates were not raised. Prof. Burrows suggested reports on the fund. Rev. Mr. Macrae said the fund should be put on such a basis that all could go into it.

Discussion was deferred until afternoon. At the afternoon sederunt Rev. Dr. Pollock, principal of the Presbyterian College, Halifax, submitted the statement of the college board.

He reported that the college had increased its expenditures but had also increased the number of students to whom liberality had been extended in a measure responsible for the debt incurred.

Dr. Pollock also called attention to the small number of students in attendance this year. There seemed to be a marked decrease in the number of theological students. In Scotland there was a decrease of 50 per cent, and it was strange that the falling off was not in Canada. It was a serious matter as there was an increasing demand for young men to go into the church.

Some means should be devised to all the operations of the college which could not be paid for by the church. Dr. Pollock closed his remarks with a motion expressing satisfaction with the accomplishments of the college, asking the synod to increase the liberality for the college, and requesting ministers to induce young men to interest themselves in the study of the college.

The motion carried.

Normal Class for S. S. Teachers. Prof. Falconer, of the college staff suggested the establishment in Halifax next summer, of a ten-days' normal course for Sunday school teachers. The synod endorsed the scheme.

Rev. Mr. Sinclair moved that the synod request the general assembly to have the Presbyterian College of Halifax changed to Columbia College. Judge Forbes, in making the motion, said that the synod should be made to pay tribute to the saint whose name ought to be revered by all the church because of the fruits of his missionary work in Scotland.

Principal Calkin favored the change, but Rev. Dr. Isaac Murray did not. He claimed that nothing could be said for the motion. In making the motion the mover paid tribute to the saint whose name ought to be revered by all the church because of the fruits of his missionary work in Scotland.

Church. One was a week of general prayer culminating in decision day. The meaning of the latter term aroused some discussion and after the phraseology was amended the recommendations passed. The report was also adopted.

Church Life and Work. The report on church life and church work, read by Rev. Thomas Cumming, referred to the declining interest among the people and urged for greater effort to make the work of the church more effective.

Rev. Mr. Sutherland, in moving the adoption of the report and its recommendations, dealt with the present day conditions, especially the increase of the use of intoxicants and neglect of Sabbath observance.

The recommendations passed urged the pulpits, press and congregations to exert endeavors to lessen the use of intoxicants, and increase a stricter Sabbath observance and develop the spirit of family religion.

A resolution of appreciation was adopted for the efforts of the Lord's Day Alliance and the Evangelical Alliance of St. John, Halifax and other places.

Aged and Infirm Fund Again Debated. The debate respecting the fund for aged and infirm ministers was resumed. Rev. Mr. Foster, having previously withdrawn the motion made at the afternoon session, moved that a special committee be appointed to deal with the whole question and formulate such changes as they may deem necessary and report.

The committee named was Rev. J. H. Foster, convenor; Revs. C. McKinnon, J. D. Mackay, A. S. Morton, S. J. McArthur, Geo. Millar and the convenor of the assembly committee.

Widows and Orphans' Fund. Rev. Dr. Sedgewick reported for the widows' and orphans' fund. The actual value of the assets was \$116,457, an increase of \$4,165. The receipts for 11 months ending Feb. 28, were \$6,881, and the expenditures \$3,700, the surplus being \$3,181. From Feb. 1st until Sept. 30, 1900, receipts were \$3,781 and the expenditures \$1,800, a balance of \$1,981.

Dr. Sedgewick urged that a grant from the ordinary fund ought to be made if the committee applied. A motion to this effect carried. The report was also adopted.

Other Matters. Rev. Dr. Fotheringham read the obituary notices of Rev. Moses Harvey, L. L. D.; Rev. Lewis Jack, Rev. James Bennett, D. D., and Rev. Joseph Barker.

Rev. A. H. Foster presented the report of the synod fund, which showed a slight deficit. The report was adopted and the convenor was instructed to publish his deficit in the Presbyterian Witness.

While the report was under consideration, Rev. Dr. Burrows found fault proportionately than in other cases. After voting the assistant clerk, Rev. Mr. Stewart, \$25 for his services, votes of thanks were passed and the synod closed.

Country Market Features. The country market this week the principal feature is the plentiful supply of poultry at reasonable prices and excellent quality. Moose meat is likewise in ample supply, but there is not as much demand as there will be later on when the weather becomes colder. Wild birds have been coming in fairly plentifully and meet with ready sale. Vegetables are in only fair supply, without the abundance that might be expected at this time of year.

Potatoes are still high and the farmers seem to be holding them back; they are reported plenty up north and selling at \$1.10 to \$1.15, so that they may possibly sell at a profit in the market. Turkeys are scarce and very firm. Squash is scarce. Scabbage are in ample supply and sales slow. Pork is very firm as quotations. The following are retail selling quotations connected to date:

THE DEAF MADE TO HEAR. St. Thomas, June 3—A modern miracle was made known today when Mr. Riddle, of this city, announced that he had recovered his hearing. He had been almost entirely deaf, and it borders on the marvellous to find him able to hear everything with great distinctness. As his case is proving of unusual interest, we give Mr. Riddle's own statement: "My hearing was so poor, and not long ago I became almost deaf. It was the result of Catarrh of the Eustachian tube, but nothing did me good until I used Catarrhose. It cured my trouble, and I strongly recommend it to the deaf. Fully nine-tenths of the deafness is the result of Catarrh, and can be cured by Catarrhose. The cure of even deafness wrought by this remedy in cases of even twenty years standing are really astounding. I have used the wonderful powers of Catarrhose, and your druggist can tell of some astounding cases in his own experience. Better give it a trial, if your hearing is impaired. Price \$1.00; small size 50 cents, druggists of N. C. Folsom & Co., Hartford, Conn., U. S.

Increase in Toronto's Customs. Toronto, Oct. 1.—(Special.)—Customs receipts here for September were \$175,000, an increase of \$55,800 over the corresponding month of last year.
