

The Surgeon General has determined that **EXTRA BILLING** is beneficial to your health.

This message was paid for by extra billing by your Alberta Doctors' Association

We'd like to talk to you about **extra billing** before we ever have to operate on you, just to be safe. With the cost of malpractice suits getting higher than most anesthesiologists, we feel justified in asking for just a bit more of the green stuff. After all, if you were in our \$200 shoes, wouldn't you do the same? It's not like

we're asking for a pound of flesh, or anything of the sort, just your cooperation in paying your bills, **all** of them. And when you come to think about it, isn't it worth the extra cash to feel secure in knowing that you're no damn good to your doctor *dead*? **Extra billing** - for your health and ours.
