#### BEAVERBROOK **AWARDS ARE** ANNOUNCED

Seven new students on the cam-pus this fall are the recipients of Beaverbrook Entrance Scholar ships to UNB. These scholarships seven in number, were founded by Lord Beaverbrook for the purpose of assisting needy and deserving students in obtaining a college education. They are tenable for four years in the Arts and Science courses and for five years in Engineering and Forestry. years in Engineering and Forestry The value of these scholarships is four hundred dollars a year and if the student stays in the Lady Beaverbrook Residence he receives an additional one hundred dollars The scholarship winners are select ed mainly for the marks which they obtain on the Provincial Mat-riculation Examinations, and also on their merit in general during their high school careers. The need of the students is of course one of the most important factors considered along with ability.

These scholarships have been the means of a great many stu-dents attending university, who would otherwise not have had the opportunity. This year's winners are: Robert Smith, Fredericton; Maynard Benwell, Campbellton Lloyd Higgs, Gunningsville Lloyd Higgs, Gunningsville; Robert Staples, Saint John; David Betts, Millerton; Wayne Nightingale, Rothwell and James Forrest,

Mr. Smith is the son of Mr. and Mrs. Alfred Smith of 643 Charlotte Street, Fredericton, and is a graduate of Fredericton High School led the Province this year in matriculation exams.

Mr. Benwell is a graduate of Campbellton High School and was second on the list of award winners. Mr. Higgs attended Moncton High School and was valedictorian of his class on graduation.

Mr. Staples is a graduate of Saint John High School and Mr. Betts attended the Derby Superior

Mr. Nightingale is a graduate of the Minto High School and Mr. Forrest is a graduate of Harkins High School in Newcastle.

#### Students' **Parliament**

The Atlantic University Parli ment Association at a meeting at U.N.B. on October 4, appointed the following officials:

Honrary Chairman Thomas R. Denton, of Acadia University, Chairman of last year's Parliament Chairman, Diana B. Drew, Asso ciate Vice Chairman, Hugh M. Pea cock and J. David Snowball; Secre tary in chief, Peggy Wetmore; As sociate Treasurers, Neal C. Har-grove and Jacque P. Michaud, Associate Executive President.

Plans were discussed for the forth coming Maritime University Students' Parliment, which it is hoped will be held at Fredericton, early in the spring. This will be the second undertaking of this kind students of Maritime Universities to organize and operate Model Parliament. Last year the students of Acadia were sponsors of the Parliament which was held in the Provincial Legislative buildings in Halifax.

Its objectives are to acquaint the students with Federal parlimentary traditions, procedure and practice; to bring them together in a common academic endeavour and thus, to enable them to discuss some of the common problems of the Maritime Provinces

The great success of last year's venture was largely due to the splendid co-operation and assistance of the government of Nova Scotia and numerous Ottawa supporters. The hospitality of the and the students agreed that they gained a great deal from this week-

#### FOUR STUDENTS AT U.N.B AS FOSTER **SCHOLARSHIPS INAUGURATED**

of the University of New Brunswick today announced that the Sir

Each scholarship has a maximum value of \$1900. Promissing students from all parts of Canada who need financial assistance to attend uni-versity are eligible for these new scholarships.

The honour of winning them for the first time has been achieved by George C. Harper, Moncton; Leroy V. C. Rankin, Pictou, N.S.; William E. Russell, St. Stephen and Robert H. Whitman, Fredericton. Harper, who is 17, is the son of Mrs. H. C. Harper. Young Harper graduated from Moncton High School this year fourth in a class of ninety with an average of 85%. He made 674 marks on the matriculation examinations. He was a member of the school orchestra and band and the school cadet corps. He was also chosen to represent Moncton High School on the 'Adventure in Citizenship Trip" to Ottawa, which was sponsored by the Rotary International. Harper

Leroy Rankin is the son of Mrs. H. D. Rankin of Pictou. His father is dead. He graduated from Pictou Academy third in a class of fiftyeight with an average of 83%. He was his class representative on the student council, captain of both the football and hockey teams and winner of the Omer Richard Memorial Prize for high standard in athletics and scholarship. He was also selected to attend a recent United Nations summer school at Sackville. Young Rankin, who is also only 17, intends to study civil engineering.

plans to study civil engineering at

U.N.B.

William E. Russell, 18, is the son of Mrs. Mary E. Russell of St. Stephen. He was valedictorian for his class, editor of both the school paper and the year book, active in dramatics, winner of the Earl Scovil Medal and an outstanding track and field athlete. In Toronto recently he qualified for the finals of the Canadian Olympic Team's trials. Russell will be an arts

Robert Wightman, 17, is the son of Mr. and Mrs. Arthur Wightman of Fredericton. He graduated from ANOTHER YEAR of Fredericton. He graduated from Fredericton High School second in the class and won the B. C. Foster Memorial Prise for mathematics with a perfect mark. His matriculation total was 720. Wightman was chosen to represent Frederic-ton High School on the "Adventure Members are prepared to invade in Citizenship Trip" to Ottawa and ome favourable geological struct was a member of both the football ure to stake claims for uranium.

Included in this year's diverse programme are such items as: the joint purchase with the library

#### RADIO CLUB HOLD THEIR FIRST MEETING

Rockerfeller grant.

ericton.

An interesting meeting of the UNB Radio Club was held in the Electrical Engineering Building at 7.30 p.m. October 6. This was the first meeting called and the president, Bob Scott, was in the chair Some of the business dealt with at the meeting included the new transmitter code practice for memers renair to existing equ new projects, and a start at making a budget. The group, consisting of six licensed operators, proved to be very enthusiastic and an active year for the Radio Club is antici-

Alex Cunningham and an assist ant are finishing the building of the club transmitter, it was reported, and the "rig" will be in operation in about one month. Plans have been made for regular code practice sessions at which time members may master the key with a view to obtaining an operator's licence. Several members have volunteered to repair the club antenna which did hang between the Library and the Electrical Building and which hurricane Edna blew down. One of the new projects discussed was the construction of power walkie-talkies which might prove valuable in time of it. A spacious S.R.C. emergencies when telephone lines smaller offices for the down. One of the topics receiving attention was the budget which was drawn up in rough form city of Halifax was overwhelming for completion at a later meeting.

The next meeting of the club is on Monday, October 18th and any interested students are welcome

joint purchase with the library of the Financial Post on microfilm, and the Canada wide pro motion of new Syndicates on the TO NFCUS CONFAB campi of other universities. For the information of new

comers, the U.I.S. is in effect an investment fund. Like its incorporated counterpart the U.I.S has a diversified portfolio which is jointly purchased owned, and sold by the members. To an investor the obvious ad

vantages of an investment fund are: small risk of capital de preciation, and a diversified portfolio at a fraction of the cost by ordinary investment methods.

To a student the extra advantages of a campus investment fund are: 1) valuable investment knowledge necessary to profess ional people, 2) investment ex perience to supplement theoretical knowledge, 3) a voice in the knowledge, 3) a voice in the selection of stocks, 4) accessibility to investment literature, 5) participation in social events.

The cost of participating in U.I.S. activities is negligable, but does involve an investment because that is the purpose of the organiz The general contract for the \$25. at present. The investment \$25. seems small when one considers that no further investment is necessary during a person's stay at U.N.B.

At Carleton College, Alfred John ston, past member of the U.I.S. is actively promoting an investment syndicate modeled on the U.I.S. constitution. Alf in a letter to the Syndicate expressed his wish to contribute his share in the U.I.S. for the purchase of microfilm.

Potentially keen members are being sought. Interested persons are encouraged to attend the meet-ings at their earliest convenience.

#### **Debaters Elect**

Warwick Gilbert, a third year Science student from Saint John. was elected president of the UNB Debating Society at a meeting on October 4th. Eugene McGinley was elected to the post of treasurer and Neil Hargrove to the position of manager. Dick Hale is the new vice-president.

Gilbert is filling the position of president which was vacated by Ian Mackeson Sandbach who did not return to college this fall due to

At the meeting plans were made for the MiDL conference to be held at King's College, Halifax, on October 15th and 16th.

Gilbert, in a short talk, emphasized the value of speaking ex-perience in the education of a university graduate. He said that the ability to express ones self well was a valuable asset to anyone.

Intramural debates will be held often at the Art Centre on Tuesday nights and the topics promise to be interesting and entertaining. Strong interest in debating has been shown among the new stu-dents and all indications point a successful debating towards
