

DEPARTMENT OF INDIAN AFFAIRS
CANADA

December 10, 1935.

Memorandum:

Doctor McGill.

I understand that a request may be made by the Premiers of the Provinces at the meeting now being held in Ottawa for a substantial contribution from the Federal Government towards any expenditures made for the construction or improvement of roads in the various provinces.

May I respectfully suggest if this is the case that representations be made, when the matter is being considered, in order to obtain the assent of the Premiers to giving the Indians their share of employment in their respective districts, whenever practicable.

Departmental Engineer.
