since I left camp Borden, the only thing  
I knew than to do was go A.W.O.L. and go to  
work, I had tried to do things the right way  
and had gotten nowhere, I ~~started~~ started  
a coal Business, and was doing real good  
till I got picked up, I ran I lost my truck,  
Business, and owed money to the Bank of  
Commerce, after I finished my time, I tried  
Soldiering again, But I was so worried, I just  
couldn't do it, I went loose again, and  
tried to make some money, I'd just get going  
good, and start to straighten myself out, when I'd  
get picked up again. I still owe the Bank of  
Commerce, and now their going after the people  
who went good for me, my credit was real  
good at the Cambell finance Co, when I was  
called into the army, since I've been in, I've  
been ruined there, am I going to be black  
listed every where, when I get back in civilian  
life. ~~and~~ Once I got in the hole, in the army  
I couldn't get out of it, it wasn't my fault,  
that I first started going A.W.O.L., and  
after that, I couldn't stop. financial worries  
have been the cause, of my troubles and worries  
ever since I got in the army. When I was  
in the transport, I was on Night Duty, and able  
to work in the Daytime, But they wouldn't leave  
me there, they kept picking me around, and  
driving me on the loose.
