

PREFACE.

IN presenting to the public our first edition of the County of Halton Gazetteer and Directory, we desire to state that the object, which we trust has been attained, is to provide a work which will prove not only useful but interesting, and that every exertion in our power has been made to render it complete and reliable. The postal addresses of farmers and other residents of the Townships—now for the first time published in this form—will, we are certain, prove of particular value.

We beg to return our sincere thanks to the Clerks of the several Municipalities, Postmasters, and Editors of the local papers for their kindness in providing us with valuable information.
