R. BRANDETH requests a perusal of t follwing article LIFE AND DEATH.

Every thing has two distinct principles to its nature ; one

> THE PRINCIPLE OF LIFE THE OTHER

THE PRINCIPLE OF DEATH.

So long as the principal of Life predomin ates, Health is enjoyed. When the principal of Death, Sickness takes place. How is this accounted for?

By the principle of Death, I mean the rinciple of decomposition or decay, which is ach hour going on in the human frame from he hour of birth, to that of our final exit. While the ratural outlets—the pores—the bowels—and all other directories of the body, discharge these decayed particles as fast as they are generated, we are in a state of they are generated, health; we are free are free from the presence of the

When, from breathing an impure atmos-phere, living in a vicinity of swamps, or where we are in the constant habit of coming in contact with bad swells-effluvia srisin from obnoxious accumulations of animal vegetable bodies in a state of putridity, being infected from a living body under the influ-ence of disease in a malignant state; or sedentary occupations; or, in short, any cause which promotes decomposition fasterthan the stomach and bowels and the other excretories can remove, naturally; we are then in a state of disease. And should the cause which produces this state of the body remain, and nothing be done to drive the accumulated and acco-mulating impurities out of the body, the prineiple of death or decomposition, will become paramount, and the last glimmering of life de-part from the once animated clay. How then, shall we counteract these death dispensing influences? How?

PURGE !-Yes-I say Parge. PURGE!—Yes—I say Porge! The magic in that word shall yet be understood, if this hand or brain can accomplish so mighty an explanation. Yes, purged be that pain in the head, the back, the bowels, the foot, the stomach, the side, the throat. Does it arise from internal or external cause.—I still say purge!—For know this self-evident truth, that pain cannot exist, save by the presence of some impurity—some density. sence of some impurity—some deposite of decomposed particles upon the organ or part where the pain is seated. And purging discharles this impurity by the bowels, and con-tinues the practice daily will cure every complication of disease; and will prevent any complication of disease; and will prevent any one from becoming seriously indisposed; even when in constant contact with the most malignant fevers which cannot by possibility seriously affect the body, if we are continually careful to preserve it in a pure state, by frequent and effectual purgation. Hippocrates says, "Purgation expulses what must be expulsed, and patients find relief; it, on the contrary, they are tormented by purgation. contrary, they are tormented by purgation, it is a proof there are yet matters which must be expulsed."

The subscriber of this has resided in every variety of climate, and by always purging on the first appearance of sickness, has enjoyed for the last ten years, uninterrupted health.
For we may call such the state of him who is
never sick more than 6 or 8 hours, about the never sick more than 6 or 8 hours, about the time it takes to secure the effect of a purgative. The purgative I make use of is my grandiather's pills, and they are, to my certain knowledge, the most judiciously balanced purge in existence. I have used them for 8 months daily, in doses of from 2 to 16 pills per day, to satisfy myself as to their innocence. It therefore, cannot be doubted. It is my ominion, that any person be he were a pretherefore, cannot be doubted. It is my opinion, that any person, be he ever so prostated by disease, provided he is capable of taking exercise at all, may lengthen his life taking exercise at all, may lengthen his life to 60 years, by continuing to assist his natural functions with the BRANDETH VEGETABLE PILLS. Death never can take place wattil the Principle of Decomposition puts out the lamp of life. And that would seldom before 60 or 70 years, was this principle of purgation always resorted to on the first appearance of sickness.

In the hope that these remarks may be of some service, I am the public's obedient servant,

D. BRANDETH, M. D.

BALDNESS.

A BEAUTIFUL HEAD OF HAIR is the A grandest ornament belonging to the hu-man frame. How strangely the loss of it man frame. How strangely the loss of it changes the countenance, and prenaturely brings on the appearance of old age, which causes many to recoil at being unzovered, and sometimes even shus society to avoid the jests and sneers of their acquaintances; the remainand sneers of their acquaintances the remain-der of their lives consequently spent in retire-ment. In short, not even the loss of property fills the generous thinking youth, with that heavy sinking gloon as does the loss of his hit.—To avert all these unpleasint circum-stances, OLDRIDGE'S BALM OF COLUM-BIA stops the hair from falling off on the first application and a few bottles restores it again. application and a rew course resource it likewise produces eyebrows and whiskers prevents the hair from turning gray, makes it curl beautifully, and frees it from scurf. Nutrification of the first respectability in merous certificates of the firstrespectability in support of the virtues of Oldridge's Balm are shown by the proprietors.

Read the following:

ROBERT WHARTON, Esquire late Mayor of Philadelphia, has certified, as may be seen below, to the high character of the following gentleman :

The undersigned do hereby certify that w have used the Balm of Columbia discovered by J. Oldridge, and have found it highly ser-viceable not only as a preventative against the falling off of hair, but also a certain restorative

HEADACHE.

DR. E. SPOHN, a German physician of much acte, having devoted his attention for some years to the cure and removal of the causes of NERVOUS AND SICK HEAD-CHE, has the satisfaction to make known, but he has a remedy which by removing the causes cures effectually and permanently this distressing complaint. There are many families who have considered Sick Headache a ones who have considered SER Heddache a constitutional incurable family complaint. Dr. S. assures them that they are mistaken, and la-bouring under distress which they might not only alleviate, but actually eradicate by the use of his remedy. It is the result of scientific research, and is entirely of a different character from advertised patent medicine, and is a unpleasent to the taste. To be had of I. I. SIMS. MUSSON & SAVAGE.
