DR. BRANDETH requests a perusal of the fol-
 lowing article:—
LIFE AND DEATH,
 Every thing has two distinct principles to its na-
 ture; one
THE PRINCIPLE OF LIFE
 THE OTHER
THE PRINCIPLE OF DEATH.

So long as the principle of Life predominates,
Health is enjoyed. When the principle of Death,
 sickness takes place. How is this accounted for?
 By the principle of Death, I mean the principle
 of decomposition or decay, which is each hour go-
 ing on in the human frame from the hour of birth,
 to that of our final exit. While the natural outlets—the
 pores—the bowels—and all other directories of the
 body, discharge these decayed particles as fast as
 they are generated, we are in a state of health; we
 are free from the presence of the disease.
 When, from breathing an impure atmosphere, liv-
 ing in a vicinity of swamps, or when we are in the
 constant habit of coming in contact with bad smells
 —or from arising from obnoxious accumulations of
 animal or vegetable bodies in a state of putridity,
 being infected from a living body under the influence
 of disease in a malignant state; or sedentary occupa-
 tions; or, in short, any cause which promotes de-
 composition faster than the stomach and bowels and
 the other excretories can remove, naturally; we are
 then in a state of disease. And should the cause
 which produces this state of the body remain, and
 nothing be done to drive the accumulated and accu-
 mulating impurities out of the body, the principle of
 death or decomposition, will become paramount,
 and the last glimmering of life depart from the once
 animated clay.

How then, shall we *counteract these death dis-*
persing influences? *How?*
PURGE!—Yes—*I say Purge!*
 The magic in that word shall yet be understood, if the
 hand or brain can accomplish so mighty an explana-
 tion. Yes, purged be that pain in the head, the
 back, the bowels, the foot, the stomach, the side,
 the throat. Does it arise from internal or external
 cause,—I still say purge!—For know this self-evi-
 dent truth, that pain cannot exist, save by the pres-
 ence of some impurity—some deposit of decompos-
 ed particles upon the organ or part where the pain
 is seated. And purging discharges this impurity by
 the bowels and continuing the practice daily will
 cure every complication of disease; and will pre-
 vent any one from becoming seriously indisposed;
 even when in constant contact with the most ma-
 lignant fevers which cannot by possibility seriously
 affect the body, if we are continually careful to pre-
 serve it in a pure state, by frequent and effectual
 purgation. Hippocrates says, "Purgatio expulset
 what must be expelled, and patients find relief; if
 on the contrary, they are tormented by purgation,
 it is a proof there are yet matters which must be
 expelled."

The subscriber of this has resided in every va-
 riety of climate, and by always purging on the first
 appearance of sickness, has enjoyed for the last
 ten years, uninterrupted health. For we may call
 such the state of him who is never sick more than
 6 or 8 hours, about the time it takes to secure the
 effect of a purgative. The purgative I make use of
 is my grandfather's pills, and they are, to my cer-
 tain knowledge, the most judiciously balanced
 purge in existence. I have used them for 8 months
 daily, in doses of from 2 to 16 pills per day, to sa-
 tisfy myself as to their innocency. It therefore,
 cannot be doubted, it is my opinion, that any per-
 son, be he ever so prostrated by disease, provided
 he is capable of taking exercise at all, may lengthen
 his life to 60 years, by continuing, to assist his
 natural functions with the **BRANDETH VEGE-**
TABLE PILLS. Death never can take place un-
 til the Principle of decomposition puts out the lamp
 of life. And that would seldom be before 60 or 70
 years, was this principle of purgation always re-
 sorted to on the first appearance of sickness.
 In the hope that these remarks may be of some
 service, I am the public's obedient servant.

BALDNESS.
A BEAUTIFUL HEAD OF HAIR is the
 grandest ornament belonging to the hu-
 man frame. How strangely the loss of it
 changes the countenance, and prematurely
 brings on the appearance of old age, which
 causes many to recoil at being uncovered, and
 sometimes even shun society to avoid the jests
 and sneers of their acquaintances; the retire-
 ment of their lives consequently spent in retire-
 ment. In short, not even the loss of property
 fills the generous thinking youth with that
 heavy sinking gloom as does the loss of his
 hair.—To avert all these unpleasant circum-
 stances, **OLDRIDGE'S BALM OF COLUM-**
BIA stops the hair from falling off in the
 application and a few bottles restores it again.
 It likewise produces eyebrows and whiskers;
 prevents the hair from turning gray, makes it
 curl beautifully, and frees it from scurf. Nu-
 merous certificates of the first respectability in
 support of the virtues of Oldridge's Balm are
 given by the proprietors.

Read the following:
ROBERT WHARTON, Esquire, late Mayor
 of Philadelphia, has certified, as may be seen
 below, to the high character of the following
 gentleman:
 The undersigned do hereby certify that we
 have used the Balm of Columbia discovered
 by J. Oldridge, and have found it highly ser-
 viceable not only as a preventative against the
 falling off of hair, but also a certain restorative
 of the hair.

 years of age, and the others not less than 30.
 From the Mayor,
