Regular \$15 Field Glasses for \$3.95

POWERFUL ACHROMATIC LENSES.
FULL 50-MILE RANGE.

In the last issue of the "Farmer's Advocate" we advertised a special shipment of Field Glasses, which were on the way from France. These Glasses have now arrived, but as there are over 100 orders standing, we have only three dozen pairs left to clear out at the reduced price of \$3.95. As we said in our last advertisement, these are regular \$15 Genuine Achromatic High-grade "Hunters' Favorite" Pocket Field Glasses of remarkable power, and the reason we are able to sell them so cheap is because we buy direct from the manufacturer, in large quantities, and thus save the jobbers', wholesalers' and retailers' profits. The finish throughout is extra fine, crossbars and draw-tubes being heavily nickel-plated, and the trimmings in both gilt and nickel. The tubes are covered with the best grade of green alligator leather, and are fitted with 6 genuine achromatic lenses of high magnifying power and great clearness. Each pair of glasses is enclosed in a beautiful satin-lined, alligator leather case, and in the lid, protected by a satin pad, is a highly-polished mirror, which can be used for heliograph signals and other purposes. As you will notice in our illustration, these glasses are shaped to fit close to the eyes, a feature which adds wonderfully to the clearness of the view. We are so confident that any person who had an opportunity of examining these glasses would realize at once what a bargain they are, that we are willing to send a pair by express for free inspection to any address in Canada. You pay not one cent till you see them. Simply write us that you would like to examine a pair, and we will at once ship them to your nearest Express Office. When they arrive, call and test them thoroughly, and then if satisfied that they are all we claim them to be, and a real bargain at our price, pay the Express \$3.95 and express charges. If you are a farmer, ranchman, fisherman, prospector, sailor, or are in any position where you require a powerful instrument, you will find our Glasses worth many times this price. Read what some of our customers say: Allan C. Atkinson, Regina, N.-W. T., said: "The glasses arrived O. K., and I must say they are excellent value, and I am highly pleased with them. There may be better glasses made, but I don't think better value in field glasses is offered to the public." W. A. Snyder, Lyndon, Alta., said: "I received the glasses and am well pleased with them. They are far better than I could buy here for three times the price." If you do not live near an Express Office, or wish to save express charges, send \$3.95 cash with order, and 25 cents to pay postage, and we will forward the glasses by mail, postpaid. We guarantee safe delivery and perfect satisfaction and will refund your money if asked for. Do not delay, but order at once, as we only have three dozen pairs left. Address, very plainly, Johnston & Co., Dept. 3345, Toronto.

GOSSIP.

His Grace, the massive Suffolk Punch stallion portrayed on another page, was imported by J. H. Truman, of the Pioneer Stud Farm, Bushnell, Ill., and is owned by the Gazelle Live Stock Co., Ltd., Innisfail. This company has been incorporated at a capital of \$200,000, with Jno. A. Simpson, President; A. S. Thompson, Toronto, Ont., Vice-Pres., and Frank F. Malcolm, Innisfail, Manager. The head office will be at Innisfail, where it is the intention to carry on horse-ranching on a large scale.

A few miles to the north of Fleming, Assa., is the farm of D. Osborne, importer and breeder of pure-bred Clydesdale horses, Shorthorn cattle, Berkshire and Yorkshire swine. At the head of his Clydesdales is the imported stallion, "Dundrennan," imported in 1899, a horse of good type and splendid quality. In Shorthorns, Mr. Osborne recently imported a number of choice young animals from Ontario, and is rapidly developing a first-class herd. The swine are of the true bacon type so much in demand for the English market, and taken altogether are a first-class lot in every particular. No doubt we shall soon see Mr. Osborne at some of the leading shows, where he will add warmth to the contest and make it interesting for some of the older breeders.

On another page may be seen a trio of Herefords shown at the Inter-Western Pacific Exhibition, Calgary, by Oswald Palmer, Lacombe, Alta. The cow, Matilda 97226, is by the noted Star Wilton 18th, dam Matty Rouse. She is a matron of excellent Hereford type, thick-fleshed and of good quality. The yearling bull, Bonnie Brae Hesiod 5th 142229, was bred by Vinton Stillings, Gravensworth, Kans., sire Oakwood Hesiod 16th, dam Mavourneen, tracing to the great Fan-faire cow. This bull was first in his class at Calgary, and will make a herd header. The calf, Charlotte, is a May calf, out of Columbine, sire Oakwood Hesiod 16th. This is a grand square calf of beautiful conformation, and is sure to make a grand one. Mr. Palmer has a large number of bulls and heifers in his herd at present, and has some nice heifers for sale.

In a recent ramble through the country lying to the south of Grenfell, the "Farmer's Advocate" representative called upon the farm home of Mr. Wm. Dixon, of Hillosden, Assa. East. Although not a large breeder, Mr. Dixon has some fine specimens of the noble Shorthorn on his farm. The aged cow, Pipestone Beauty, which was a winner at Brandon in 1900, is particularly deserving of mention. She is a large, strong, well-built cow of remarkable constitution, and capable of carrying a great amount of flesh. Besides being a breeder of pure-bred stock, Mr. Dixon also takes a strong interest in horticulture and forestry. His vegetable garden is a model, and his extensive tree planting gives to his farm that true homelike appearance unfortunately wanting on many of our Western farms. Stock-raising and horticulture have not prevented Mr. Dixon from paying attention to the leading industry of grain growing, he having won prizes for barley both at the World's Fair at Paris and at many smaller shows. Mr. Dixon is one of the most progressive farmers in the country, and we predict that he will again be heard from at the leading exhibitions throughout the West.

NEW ZEALAND MEAT IN GREAT BRITAIN

Mr. Seddon has further explained his proposals as to the establishment of New Zealand State meat shops in Great Britain. "The New Zealand Premier says: 'We will open no 'cutting' shops; the quality of our meats is such as to warrant us in expecting to get top price. We do not want to prejudice the market and trade with us. We desire to take our meat into markets where it is comparatively unknown. Others have secured their markets, and are closing the door against us.' The New Zealand Government intends to set a side \$100,000 for the exportation of meat."
