

Take a Look at a Farm Fence Worth Building

Ideal is the recognized standard fence for Canadian Railways. Railroads build fences for permanence. Canadian farmers are buying more Ideal Fence to-day than any other make. They keep our two factories busy, turning out fence at the rate of 30 miles a day. You see this fence everywhere you go. You know there must be reasons. Just take a good look at it as shown above and read the argument for buying

IDEAL FENCE

Looks strong, doesn't it? It is strong. It's made to last. All made of No. 9 hard steel wires, both horizontals and uprights. Heaviest fence wires used. It adjusts itself in extremes of temperature. That's why Ideal fence always stands up erect. The lock which is used at every intersection of wires is shown in lower left hand corner. Neither climbing over nor horning, nor crowding, nor anything else can make the wires slip. It is not a fence that gets holes in so cattle and horses can poke their heads in and hogs root their way through. You can't tell about the galvanizing from looking at the picture but look at the fence itself for that. More heavily galvanized than any other. Easy to build, fits any surface, hilly or level

Is the Argument sound? People who have investigated it answer yes. That's why so many are buying it. Take a little time to think of the essentials of good fencing before you buy. The Ideal has all of them. We know you'll want Ideal when you know about it. Write for our book about fencing, FREE.

I WILL MAKE YOU STRONG

Take My Belt for What it is Worth. Wear it Until You Are Cured—Then Pay Me My Price.

If you come to me and I tell you that I can cure you, I've got confidence enough in my treatment to take all the chances. I am curing hundreds of weak men and women every day, and I know what I can cure and what I can't. If you will secure me, you may wear my Belt, free, until cured.

I know that no man remains a weakling because he wants to. I am sure that you want to overcome every indication of early decay that has shown itself on you. I don't think the man lives who would not like to feel as big and strong as a Sandow; and I

know that if you have a reasonable foundation to build upon I can make you a bigger man than you ever hoped to be. I want you to know that, you who can't believe it, and I want you to have my book in which I describe how I learned that strength was only electricity, and how I learned to restore it; also, I want to tell you the names of some men who will tell you that when they came to me they were physical wrecks, and are now the finest specimens of physical manhood.

Dr. McLaughlin,—

Dear Sir,—Before buying your Belt I had Sciatica so bad that I was unable to walk across the floor. Being persuaded by my family to try one, although I had no faith in it myself, I consented to get one, more to stop them from bothering me, as I had given up all hope of ever being able to walk again. After using the Belt one hour I was able to walk across the room, and in three days I could walk outdoors. Now I claim I am soundly cured, giving Dr. McLaughlin's Belt all the credit.

And how is it with you? Have you rheumatism and back pains, a dull ache and weakness over your kidneys, dull headaches, with a tired, stupid feeling? Are you losing your vitality? Do you feel yourself growing aged before your time? Are you nervous, sleepless, short of memory and lacking in spirit and self-confidence? Do you know that you are not the man you would like to be?

If so, I can cure you. What you lack is just what electricity supplies.

My Belt will cure you, and if you will come to me you will soon be one of "DR. McLAUGHLIN'S MEN."

Young men desirous of obtaining a business education should look up the advertisement of Elliott Business College, corner Yonge and Alexander streets, Toronto, in this issue.

At an auction sale of Hackneys at Londesborough, England, on August 18th, the property of Mr. R. Whitworth, Sir Walter Gilbey paid 690 guineas for the pick of the yearlings, a colt and a filly, 460 guineas for the colt, Antonious, and 260 guineas for the filly, Cheerful. The 51 Hackneys and Harness horses realized a total of 3,668 guineas.

A splendid 7½ x 11-inch photo-engraving of that prince of Clydesdale stallions, Baron's Pride, may be purchased through this office for 50 cents in cash, or it will be given as a premium to any present subscriber of "The Farmer's Advocate" who will send us the name of one new yearly subscriber, accompanied by \$1.50.

At Tring Show, England, last month, in the butter test and milking trials, in the class for cows, any breed or cross, exceeding 900 lbs. in weight, the roan six-year-old Shorthorn cow, Millie, won the first award. Her yield in the 24 hours of the trial, 49 days after calving, was: milk, 67.4 lbs.; butter, 2 lbs. 3½ ozs. The 2nd-prize cow in the class, an eight-year-old Shorthorn, gave, 14 days after calving, 67.10 lbs. milk, and 2 lbs. 12½ ozs. butter.

Shirley Brooks, one time editor of Punch, was noted for his whimsical humor. "It annoys me," he said one day, "if I am discourteously treated at the threshold of a friend's door. I remember once calling on someone, and the maid, in her rudest manner, told me he was not in, and shut the door in my face. I felt I must be revenged upon her somehow, so I returned after an interval of five minutes, rang the bell, and in my meekest manner mildly said: "Did I say he was?"

Mr. P. O. Collins, Bowesville, Ont., writes: "Our large herd of Yorkshires are progressing very favorably, and the demand for breeding stock during the past three or four months has been fairly good, despite the adverse conditions under which the hog-raiser labors at the present time. I have sold a large number of hogs as a result of my advertisement in "The Farmer's Advocate," and have yet a large number of both sexes and of various ages on hand for sale. We are preparing an exhibit of Yorkshires for the Central Canada Exhibition at Ottawa, which we think will be far superior to any other exhibit we have ever made, not only in point of quality, but numerically also, as we intend bringing forward upwards of fifty head. We cordially invite all visitors to Ottawa Exhibition to inspect our stock, and to intending purchasers we would say that we are sure we can offer them first-class stuff at prices that will induce them to buy."

SHORTHORNS AT AUCTION.

Owing to selling his farm, Mr. Jos. Akitt will, at his farm, South Hill, two miles north of Inglewood Junction Station, C. P. R. and G. T. R., on Thursday, October 1st, 1908, sell his entire herd of 18 head of Shorthorn cattle. This is an extra nice lot of cattle, in good condition, exceptionally large, grand, good doers, and, for cattle of their type, which are of the thick-fleshed, broad-backed kind, they are wonderfully good milkers, positively the very best kind of cattle for Canadian farmers. They will all be sold to the highest bidders, and are certainly right in every particular, so that purchasers will be assuming no risk whatever in their purchase. Among the lot are several very choice heifers, and the grand stock bull, Choice Koral =50026=, imported in dam. Conveyances will meet all morning trains on day of sale at Inglewood Junction Station. Lunch will be provided at noon. The terms are 6 months' on bankable paper, or 5 per cent. per annum off for cash. Write for catalogues to Joseph Akitt, Inglewood, Ont., or John Smith, auctioneer, Brampton, Ont.
