## Radiol

**RADIOL TREATMENT** prolongs the life of a horse's legs. Completely removes by radiation all soft swellings that disfigure and lame a horse, as Strained Tendons, Windgalls, Bag Sprains, Capped Elbows, Big Leg, Enlarged Glands, etc. No Blisters; No Laying Up; No Hair Removed.

RADIOL TREATMENT fixes down a worn horse's legs, and is a certain cure for puffing joints and Sprains, Prevents Filled Legs.

An intelligent use of the "Radiol" counteracts that daily wear and tear of the legs caused by training, racing or on the road.

One flask of "Radiol" will make a gallon of valuable leg wash.

Carlswitz, Uddington, Eng., July 28, 1908.  
Sirs.—Kindly forward on receipt of P. O. enclosed another bottle of "RADIOL." I have been using it with great success on a Hackney mare with a very bad windgall that the vet. had given up. Yours truly, Thos. Reid.

## QUESTIONS AND ANSWERS Miscellaneous.

### ITALIAN BEES WANTED.

I wish to know if you have a hive of Italian bees for sale, or if you would be kind enough to let me know where I can get a hive, and the price. N. M. E.

Ans.—Bee men should take this hint and advertise.

### BLOODY MILK.

I have a good milch cow that at times gives stringy and bloody milk, first one teat and then another, and has done so nearly all summer, on and off. Is her milk safe to use? SUBSCRIBER.

Ans.—Bloody milk is generally due to rupture of some of the small blood vessels of the udder, usually induced by congenital or inherited weakness. Treatment consists in bathing the affected parts, long and often, with cold water, and giving one ounce of tincture of iron in a pint of cold water as a drench three times daily until blood flow ceases. If she becomes constipated, give a pint of raw linseed oil. If this does not effect a cure, try giving three drams of nitrate of potash three times daily in a pint of water. This will probably correct the stringiness in the milk.

### GOSSIP.

Holstein cows and heifers, in calf to noted sires of high-producing cows, are advertised for sale by E. H. Dollar, Hevelton, N. Y., near Prescott, Ont. See the advertisement and write for particulars and prices.

Mr. J. W. Richardson, Caledonia, Ont., advertises for sale choice young Holstein bulls, bred from Record of Merit dams, and sired by Sir Pieterje Posch De Boer, whose two nearest dams have official records that average 25.67 lbs. butter in a week.

The attention of readers is called to the advertisement in this paper of the important dispersion sale of coach or carriage horses, Shorthorn cattle, Cotswold sheep and Berkshire swine, the property of Mr. Charles Young, of Brookside, Oxford County, Ont., to take place on November 17th, when all the live stock, fine poultry, and implements of the farm will be sold, without reserve.

Messrs. Henry Arkell & Son, Arkell, Ontario, near Guelph, importers and breeders of Oxford Down sheep, advertise for sale 50 yearling ewes, bred to the imported ram, champion at Toronto, 1908, also a few yearling rams and ram lambs by imported sires. The Farnham Farm flock of Messrs. Arkell has taken the lead at the big shows in Canada for years, and this offer affords a fine opportunity to secure the foundation of a flock or new blood to improve an existing flock.

### TRADE TOPIC.

It is claimed that The Temple Pump Company, of Chicago, is the pioneer in the manufacture of the Multiple Cylinder Gasoline Engine, that "The Master Workman," a double-cylinder gasoline engine, was the first in the field, and that now the whole course of progress in the making of gas engines is towards the multiple-cylinder type, engines of two, four, six and eight cylinders being made. The Temple Pump Company are now manufacturing two and four cylinder engines for general farm use. The advantages of the two and four cylinder engines for the farm are: Economy in the use of fuel, greater certainty of continuous running, quick and easy starting, less cumbersomeness, and adaptation not only for stationary use, but for portable and traction use. Sooner or later the need of an engine for traction purposes, as well as for stationary, will be felt by every agriculturist. This is the fifty-fifth year of the Temple Pump Company. See their advertisement in this paper and write for particulars.
