Lunge Weighs Over 50 Pounds

Huge Fish Hooked By Mr. Sam Bongard in the Bay.

Mr. Sam Bongard is today heralded as Belleville's Izak Walton, the champion lunge catcher of the Bay of Quinte. He and Mr. Basil Doolittle, went down to Mosquito Bay and there Mr. Bongard hooked a monster weighing 50 1/2 pounds. The fishermen had an ordinary fishing tackle and after an hour or more of work landed the fish which was nearly five feet in length. The lunge was brought up town and photographed along with its captor at Mr. W. S. Clark's studio and then put on exhibition today in Mr. Oliphant's window.

Mr. M. Kelleher hooked a 30-pound lunge in the bay and the large catch is reported.

D. J. McGlashon Fell in Battle

First Reported Wounded, Now Given as Among the Fallen

Sergeant James McGlashon, custodian of the Belleville Armouries received the sad news today that his fear for the safety of his son, Pte. David James McGlashon were all too true. Some weeks ago he was reported wounded and missing but today's message brings the official news that he was killed in action on August 11th. Sergeant McGlashon had been hoping against hope that he might turn up as a prisoner.

Pte. D. J. McGlashon went overseas with the 155th battalion. He was barely old enough to enlist when he donned the khaki and followed his brother, Sergt. Arthur E. McGlashon overseas. After a period of training in England he was transferred to a western unit in France and there he fought and died a hero's death. His brother, Arthur who was badly wounded over a year ago, has just been able to return home. The deepest sympathy will be shown Sergeant and Mrs. James McGlashon in their loss.

Was Executed

London, September, 23.—Madame Alexander Botchikajewska, organizer of the Russian Women's Battalion of Death, was executed at Vitebsk, on September 12th, for participation in a counter-revolution, according to a wireless despatch received here today. The despatch declared that the woman was shot.

Ukrainian insurgents have blown up a German military train, and have captured ten villages, according to despatches received.

Shot For Refusing

Amsterdam, Sept. 23.—A large number of German recruits, mostly boys eighteen years of age, refused to entrain for the front at Aix-la-Chapelle, according to Les Nouvelles, which says that the soldiers were ordered to fire upon the mutineers, of whom eight were killed and many wounded.

It is stated by the newspaper that the remainder of the revolting recruits were then driven into their train like cattle, but they were firing from the windows of the cars as the train moved out of the station.

Impracticable to Tax War Loans

Would Fail to Raise Immense Sum, Minister's Opinion.

Ottawa, Sept. 21.—The suggestion which has been put forward and given wide publicity that an unlimited taxable five and a half per cent. issue of Victory bonds should be put out for the purpose of raising the funds required for the Government during the coming year and for refunding at a premium certain outstanding war loans amounting to many hundreds of millions of dollars is regarded by the Department of Finance as quite impracticable.

It would be in the opinion of the Minister of Finance, inevitably fail to raise the immense sum of money which will be required for the prosecution of the war and the establishment of further Imperial credits for the purchase of wheat, foodstuffs and munitions in Canada. Assuming its success as possible, it would create a vast body of securities which by reason of being not of conformity with investment conditions would speedily, upon our narrow markets, go to a heavy discount causing dissatisfaction among subscribers and necessitating the payment of much higher interest rate upon succeeding issues.

The question of dates of maturity of bonds, rate of interest, issue price to the public, freedom from taxation and all other important features in connection with each successive War Loan, were given most careful consideration by the Government in conjunction with the best financial opinion of Canada and in the light of existing conditions which had to be faced as they were. The exemption from taxation has always been a most important factor in enabling the Government to float their War Loans for the amounts necessary for their war finance and at lower rates of interest yield than they would otherwise have been obliged to pay. The volume of loans has much to do with price and other terms of issue. The larger the loans, the greater must be the attraction of the securities if their market value is to be maintained and the way paved for further successful issues. The Government has to deal with conditions and not with theories.

Gompers Comes to Defence of Britain

Declares Part of Report at Labor Congress Invalid.

London, Sept. 23.—At the British Labor Conference Thursday Samuel Gompers, president of the American Federation of Labor, replying to a criticism of James Ramsay MacDonald, former chairman of the Labor party, regarding the conference endorsing President Wilson's fourteen points, declared that no one Labor party in the allied countries had rejected the President's points.

"American labor is behind our Government one hundred per cent., and behind the Allies whatever may be," Mr. Gompers added.

Continuing, Mr. Gompers declared he did not approve the declaration in the committee's report referring to the United States as the only ally which had stated its war aims with clarity. He thought this was an unwarranted criticism of Great Britain, but as the British labor delegates had not objected to such inference, it was not for him to protest. He favored acceptance of the report, not because he agreed with its construction, but because he considered it the best obtainable from the conditions which would destroy our people's future.

Patient Drowned at Rockwood Wharf

Slipped Away From Nurse and Ended Life—No Neglect on Part of Attendants.

Yesterday afternoon a woman patient of Rockwood Hospital was accidentally drowned, when she wandered away from the nurse in charge. The drowning was not noticed until the absence of the patient was discovered, and a search was immediately made, with the result that the body was found.

One of the nurses had twenty-two patients out walking in the grounds of the hospital, and when the time to return to the buildings arrived, only twenty-one were in the party. A search was immediately made, and the body of the unfortunate patient was found floating near the wharf. Coroner Mundell was called and after a brief inquiry deemed an inquest unnecessary.

necessary, as there was absolutely no neglect on the part of the hospital officials. The woman was a depressed case, and seeing her chance to slip away, evidently did so with the intention of ending her life.

The deceased patient was an elderly lady and a former resident of Orono, where the remains were sent this morning for interment.

Hun Murderer Cut Woman's Throat by Sick Child's Side

With the Americans on the Metz Front, Sept. 23.—While a French mother in Hattenville, a mile north of Vigneulle, knelt by the bed of her sick child, praying for an allied victory while the Americans were approaching, a Hun slashed her throat, according to stories told by the villagers to American officers.

Lieut. Raymond Penney, entered Hattenville with a tank and found the woman's body in a pool of blood beside the bed. Her throat was cut. Villagers told how she was killed. German officers lived in the woman's house during their occupation of the village, forcing her to cook for them. When the bombardment started the Boches began preparing to leave. The woman dropped to her knees, praying aloud for victory. Her life paid the forfeit for her patriotism.

Sensational Arrest by Police at Quebec

Man Gathered in By the Military Thought to be Enemy Spy.

Quebec, Sept. 21.—An important capture is alleged to have been made under sensational circumstances here last night, when the military police, after a wild chase over roofs, through valleys and dark yards in Lower Town arrested a foreigner named Provkoff Trotsky. He was arrested in Quebec Monday evening last in a beer garden on John street, after he had made unfriendly utterances against the Allies. He escaped from the St. Louis barracks, however, and was finally located in a Lower Town boarding-house, close to the water front.

Trotsky, when first arrested, carried a large roll of money which had been confiscated, and again yesterday evening, when apprehended, he had another big roll of bills. He talks French and English fluently, is apparently refined in character and had in the three grips he carried a collection of false wigs, beards, etc. The authorities refuse to give out any statement as to the real identity of the man, who is now being closely guarded at the barracks.

Premises Dwyer Co. in Montreal Burned

One Man Was Burned to Death and Four Firemen Injured, One Seriously.

Montreal, Sept. 23.—One man was burned to death, four firemen were injured and another fireman was overcome by smoke in a fire that broke out on the premises of the W. H. Dwyer Company, Limited, hay and grain merchants, of 1443 Ottawa street, this city, Thursday.

Further, five horses belonging to the company were burned. The man who was burned to death, Wm. Howe, was asleep in a shack adjoining the wall of the Dwyer building when the fire broke out. The body was found unburned in bed.

Fireman Lussier was seriously injured when the roof of the building fell in on him and three other firemen. His condition is reported at the General Hospital, where he was taken, as serious. The loss is placed at \$15,000.

L.O.D.E. Acting as Police

At Collingwood Fair—In Other Capacities Also.

Collingwood, Sept. 23.—A feature of this year's fair, the Great Northern Exhibition, has been the splendid assistance of the L.O.D.E., who are acting as police, section judges, guards and attendants. This is the first year they have acted in this capacity, and the remuneration received is donated to the order to assist in the work of aiding the soldiers.

The Canadian expedition for Siberia is to have a director of athletics and Captain Lou F. Scholes, director of athletics for the Toronto Military District, attached to headquarters, has been appointed to the position.

Must Surrender Unconditionally

War Mothers of America Oppose Any Peace Until Enemy Gives Up.

Evansville, Ind., Sept. 23.—"Unconditional surrender" is demanded of the German nation, in a resolution sent yesterday by the War Mothers of America, representing American women with sons at the front, holding their first national convention here, to President Wilson, General Pershing, and the American expeditionary forces in France. The resolution reads:

"Millions of war mothers of America, represented in national convention in Evansville, stand loyally behind you in our desire to make no peace until Germany and her allies surrender unconditionally." The adoption of the resolution followed the reading of a telegram from President Wilson, in which he paid a tribute to the "suberb courage" of the war mothers of America. "Their sons are making America loved and honored wherever men love freedom and respect justice," he said. "Their heroism and their sacrifices will make the whole world a happy and safer home for the wives and mothers of brave men in the days to come."

New Reasons for Marriage

IN REVISED PRAYER BOOK

Change Made By Synod—Prayer For Empire to Be Revised Because It Seemed Boastful.

Toronto.—An important change in the marriage service was made in the course of the revision of the Prayer Book by the Anglican General Synod, the following being substituted as the reason for marriage: "Matrimony was ordained for the hallowing of the union betwixt man and woman; for the procreation of children, to be brought up in the fear and nurture of the Lord; and for the mutual society, help and comfort, that the one ought to have of the other, in the holy and blessed sacrament."

In the liturgy of the Scottish Church there is a special collect, Epistle and Gospel, to be read when the married couple wish to partake of the Holy Communion. These have been introduced into the Revised Canadian Prayer Book.

While the question of solemnization of matrimony was under consideration, Canon Daw, of Hamilton, made a strong protest against house weddings. He himself sacrificed his fat fee last week by refusing to perform one.

World of Misery?

During the consideration of the funeral service, Rev. Dyon Hague brought in a suggestion that a prayer should be introduced thanking God for delivering the departed from "the miseries of the present world."

"I am tired listening to this word 'miseries, miseries, miseries'" exclaimed A. H. Backus, of Aylmer. "This is not a miserable world, it is a joyful world, and it's pretty nice place to stay in. If we are sick we send for a doctor to keep us alive, and even if a Lord Bishop gets ill he is not too eager to fly away from this miserable world, but will get a specialist or go away for a little ozone to keep him in his misery."

Prayer Too Boastful.

A new prayer for the Empire was proposed, which contained the sentence, "We give Thee humble thanks for that Thou hast enlarged the bounds of our habitation and entrusted us with authority over peoples and tribes and tongues, and given us power and honor among the nations."

Rev. Dr. Symonds, of Montreal, did not like to have anything that would seem to foster the sentiment of national self-satisfaction, while to Rev. E. C. Cayley the prayer seemed unnecessarily boastful. Referred to a special committee for revision.

For generations, Anglican children have found an interesting puzzle in the "Table of Affinity." The committee has simplified this table into modern terms. This table will now be placed in front of the Marriage Service.

Stripped of Honors

IA-Col. Gingras Is Dismissed From Service.

Montreal, Sept. 23.—Thursday Lieut.-Col. Daly Gingras, D. S. O., was formerly dismissed from the military service and stripped of his honors and decorations as a result of the sentence commended by the recent general court martial held to enquire into seven charges against

him. The announcement of the sentence, as approved by the Governor-General in council, was given by Major General F. W. Wilson, G.O.C. in his own office military headquarters, in the presence of a number of staff officers.

At the conclusion of the announcement of the sentence which read "the sentence is that Lieut.-Col. Daly Gingras, D.S.O., be dismissed from the service and stripped of all his decorations," he was released from the close custody in which he had been held and was permitted to proceed to his home.

Huns Attack Northcliffe Eskimos in the War

FOR PROPAGANDA WORK

Order From Gen. von Hutier Has Fallen Into the Hands of the Americans.

With the American Army on the Lorraine Front, Sept. 23.—Efforts made by the German high command to counteract the effect of the allied endeavors to express their war aims to the German people are evidenced in an order from General von Hutier, which has fallen into the hands of Americans. The order, which attacks Lord Northcliffe, follows:

"Then enemy begins to realize that we cannot be crushed by his blockade, his superiority in numbers and his force of arms. He, therefore, is trying, by trickery and underhanded methods of which he is pastmaster, to induce in the minds of the German people doubts of their invincibility. He has founded for this purpose a special ministry for the destruction of German confidence. At the head of this ministry he has put that most rough-goingascal of all the Entente Lord Northcliffe, who has been given billions for influencing opinion in Germany and at the front by means of paid agents, assassinations of ambassadors, and in all other ways in favor with the Entente methods.

Leaflets and Pamphlets.

"Aviators are constantly distributing increasing numbers of leaflets and pamphlets. Letters written by German prisoners are falsified in the most outrageous way. Tracts and pamphlets are written to which names of German poets, writers and statesmen are forged. These come from the Northcliffe press, which is working day and night for this sole purpose. His whole thought and aim is to place these forgeries in the hands of the German people.

"However obvious they may appear to the man who thinks twice, they may suggest a doubt, even for a moment, in the minds of those who do not think for themselves, and shake their confidence in their leaders, their own strength and in the inexhaustible resources of Germany. Germany may be saved by confidence.

"Such Machinations."

"Lord Northcliffe forgets that German soldiers are neither negroes, Hindus, illiterate French or American incapables of seeing through such machinations.

"Explain these infamous attempts to your young and inexperienced comrades. Tell them what our moral enemy expects of the man, what is at stake. Pick up the leaflets and pamphlets and give them to your commanders for transmission from them as the aim of our enemies.

"You will thus help the command and also help to hasten the hour of victory."

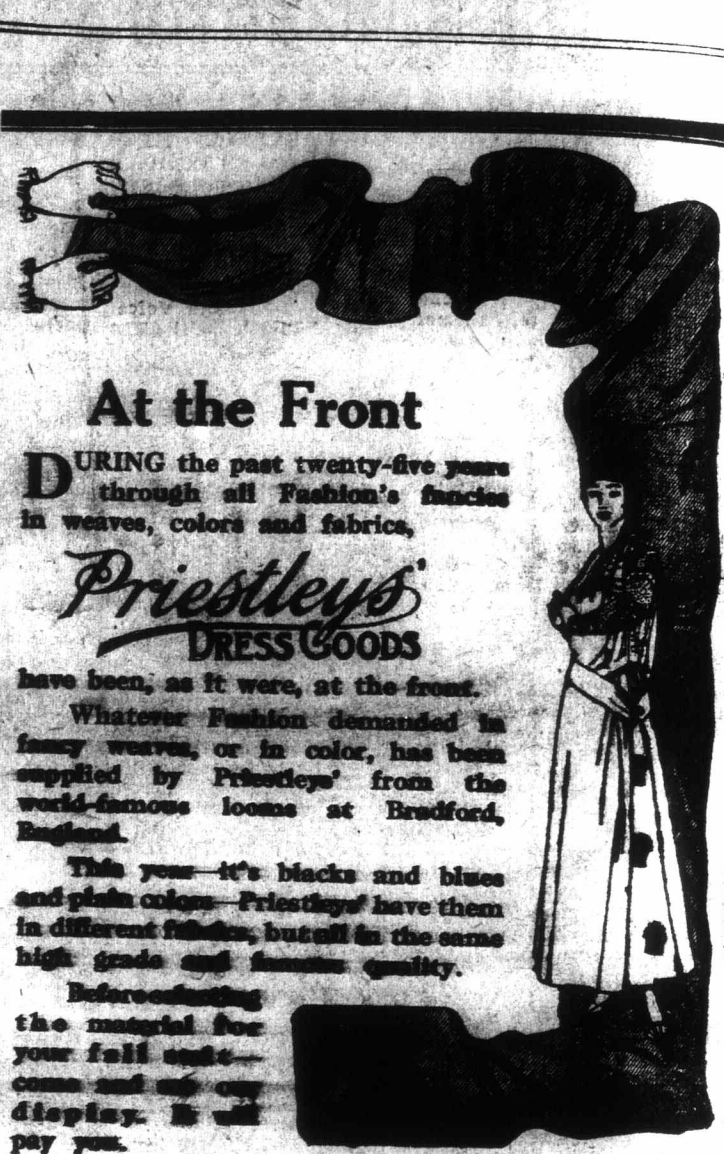

Eskimos in the War

Will Gather Whale and Walrus Fat For Glycerine.

Christian Leden, of Christiania, Norway, proposes to establish collection agencies in Northern Canada and Greenland, where oil will be rendered rich in glycerine from the blubber of whales, narwhales and the walrus and shipped to the United States for the manufacture of nitroglycerine. Mr. Leden, who was in Boston the other day, said that he is organizing the Eskimos of Greenland and Northern Canada for the purpose.

Mr. Leden was in the Canadian barren lands to the north-west of Hudson's Bay, when the war in Europe broke out. It was not until 1915 that he learned of the war from a sledging party which he had sent south to a Hudson Bay station.

He estimates that he will be able to collect and ship south to the United States not less than 10,000 barrels of 400 lbs. a barrel of these animals oils in 1919. He says that therefore the quantity should be increased largely from year to year as the Eskimos are being thoroughly organized.—Boston Globe.

At the Front
DURING the past twenty-five years through all Fashion's fancies in weaves, colors and fabrics, Priestleys' DRESS GOODS have been, as it were, at the front. Whatever Fashion demanded in fancy weaves, or in color, has been supplied by Priestleys' from the world-famous looms at Bradford, England.

This year—its Macks and blues and plain colors—Priestleys' have them in different finishes, but all in the same high grade and famous quality.

Refrain from the material for your fall wardrobe—come and see my display. It will pay you.

Salt's Plush Coats
