This World War Demands the Supreme Effort of a United Empire

Shall Our Province Fall Behind?

It should not be supposed that contributions of a couple of thousand It should not be supposed that contributions of a couple of thousand men, a few odd dollars, some barrels of potatoes and boxes of socks constitute our rightful sacrifice. So far not more than a handful of people in all this country have any actual realization of what the war means. These few bave given their husbands or their sons to the cause of Empire. The remainder have done nothing in comparison with their abilities and their opportunities.

Our national life, our peace, our prosperity and our happiness are so dependent upon the well-being of the British Empire that only by playing our part in that Empire can we maintain our fortunate posi-

"For Romans in Rome's quarrel Spared neither land nor gold, Nor son nor wife, nor limb nor life, In the brave days of old."

The 55th Regiment still requires five hundred men from New Brunswick. These men must be furnished at once, and must be recruited from New Brunswick homes. We cannot ask strangers to take our places. The duty before us is clear, however hard the part may seem. Some will lose their lives; others will be maimed; many will
