14 HURT IN CAR CRASH.

Trolley Runs Loose Down Grade Colliding With Another.

Butler, Pa., July 18.—Fourteen persons were injured, seven seriously, in a street car collision yesterday on the lines of the Butler passenger railway at the Standard Steel Car Works terminal.

The cars were running close down a sharp grade, both being crowded with workmen, when suddenly the brakes of the rear car let go and the motor-man was powerless. The runaway car plunged down the incline, crashing into the forward car.

Carl W. Baxter had his left leg severed below the knee and right leg badly crushed, and Carl Krepps had both legs cut off below the knees.

Pride costs us a heap.

MENELIK MAY FIGHT ITALY.

Abyssinia Preparing For War on the Italian Border.

Turin, Italy, July 18.—Despatches from the Italian colony of Erythrea, in Africa, state that it is feared that King Menelik of Abyssinia, is preparing to make war on Italy. He is organizing an army of 20,000, ostensibly for the purpose of restoring order in that part of Abyssinia close to the Italian border, but as his instalment of \$2,000,000 to the king for the care of the Italian prisoners of the last war, had been paid, Menelik has now nothing to expect from Italy, and the pacific expedition is regarded as the merest pretext.

There is no greater misfortune than not to be able to bear misfortune.

SEEKS MODUS VIVENDI

Newfoundland Controversy Still in Unsatisfactory Shape.

Future Friction Is Feared As New Season Draws Near—Permanent Settlement Difficult—Newfoundlanders Want Hague Tribunal to Deal With Matter—Mutual Concession Needed.

Washington, July 18.—The approach of the first of August, marking the beginning of the new herring fishing season on the coast of Newfoundland, is a matter of great concern to the State Department, for it finds the fisheries controversy between America and Great Britain in a most confused and unsatisfactory shape. The modus vivendi entered into last year, by the terms of which, and greatly against the wishes of the Newfoundlanders, American fishermen were permitted to ply their vocation unmolested off the shore of that island, expired with the close of the fishing season.

It was the expectation of both the American and British Governments that before the opening of the next season some permanent arrangement could be reached that would remove all future friction on this score. The Newfoundlanders, however, were insistent upon their right to legislate locally for the fisheries so long as they did not in terrore disturb the American fishermen, claiming that in so doing they were not infringing the treaty rights of the Americans. The British Government has apparently been driven finally to concede the soundness of this contention, or at least it has been negotiated through Ambassador Reid on that basis.

Indications yesterday were that it will be difficult to reach any kind of a permanent settlement of the trouble, and the whole effort of the negotiations is apparently concentrated for the moment on the drafting of some form of modus vivendi to guard against the development of friction on the fishing shore that might in the end mean serious results. The fact is that the occasion is one that calls for much mutual concession if there is to be a true modus vivendi, and the Newfoundlanders are not anxious that should be until they have some sufficient assurance that they can have a satisfactory permanent arrangement. To that end they have suggested a reference of the whole subject of conflicting treaty and legislative rights to the permanent Hague tribunal.

CAID MACLEAN'S PREDICAMENT.

Tribesmen Decide to Hold Him Captive For The Time.

Tangier, July 18.—Alarmed at the news of the elaborate military preparations of the Moroccan officials, the tribesmen were on the point of handing over to the imperial authorities the brigand, Raisuli, and Caid Sir Harry MacLean, whom he is holding in bondage, when they finally decided to refer the case to two Ulemas renowned for their wisdom. The two sages happened to be friends of Raisuli, and pointed out that the brigand acted only in the interests of the tribes in capturing Caid MacLean.

They advised the tribesmen to do nothing but leave the matter in the hands of time and God, which the tribesmen decided to do.

ROYAL VISIT TO ICELAND.

King Frederick to Call On His Disturbed Subjects.

Copenhagen, July 18.—King Frederick of Denmark is soon to make a notable trip to Iceland for the purpose of trying to improve the relations between Iceland and the mother country.

The Home Government recognizes that for a long time there has been a strong movement among Icelanders for a separation. One of the points on which the separatists insist is a special Icelandic flag, and the members of this party propose to raise the flag on public buildings during the royal visit.

King Frederick will leave Copenhagen on July 24. The whole trip will last a month.

FALLS FROM SEVENTH FLOOR.

Hits Man on Sidewalk Who May Also Die.

Utica, N. Y., July 18.—Chas. Stacks, a well-to-do Pole, fell or jumped from a window of the seventh story of the Mann Building, in this city, yesterday and was almost instantly killed.

The body in its descent struck Joseph Matthews of Macy, who was passing. Matthews was taken to a hospital with a lacerated skull, a sprained ankle and internal injuries. His recovery is doubtful.

Stacks may have seated himself on the window sill and fallen out, or he may have jumped. He leaves a wife and three children.

Arctic Weather In Austria.

Vienna, July 18.—A sudden cold wave has struck Austria-Hungary. Ten degrees of frost was registered here yesterday, and severe frosts are reported from various places.

A cold rain is falling and there is much snow in the mountain districts. Summer visitors at mountain hotels are snowed in. The mountain railways are not working.

Such conditions have not prevailed before in 130 years.

Herd of Buffalo Decamp.

Winnipeg, July 18.—The ten buffalo in the city park stampeded yesterday and broke through the wire fencing. They swam the Assiniboine and retreating grounds, where they were kept for years.

Venezuela Won't Pay.

Brussels, July 18.—Venezuela has intimated that it will refuse to pay the \$3,000,000 debt to its Belgian creditors. This decision is contrary to the finding of the Hague tribunal.

Mrs. Gertrude McKiernan.

MOTHER AND DAUGHTER PRAISING PE-RU-NA.

MRS. GERTRUDE MCKIERNAN, 216 Nesbitt street, Emporia, Kas., writes:

"I suffered very much with a severe cold in the head and was always complaining of feeling tired and drowsy. When my mother suggested and insisted on my taking a few bottles of Peru-na, I did so, and in a short time I felt like a new person. My mother praises it very highly and so do I."

Confidence in Pe-Ru-na.

Mrs. M. F. Jones, Burning Springs, Ky., writes:

"We have been using Peru-na for some time and have no hesitancy in recommending it for the thousand and one ailments of humanity."

"From a personal test I shall not hesitate to recommend it, especially to all suffering women."

"Peru-na has gained full confidence and a permanent stay in our home."

A Great Tonic.

Mrs. Anna Linder, R. R. 5, Dassel, Minn., writes: "I took Peru-na and am well. I would not be without that great tonic for ten times its cost."

Where They Were Not Bad.

A visitor who was going through the penitentiary one day turned to the warden and said:

"I suppose you have a good many bad people here?"

"Bad! Bad people here!" ejaculated the gray haired warden, with an air of comic surprise. "What put that into your head? There are no bad people here. Why, if they wanted to be bad, we wouldn't let 'em."

The warden smiled grimly, and the visitor awakened to the fact that the "pen" was not the place where people could afford to be bad, even if they wished.

Calumny will soil virtue itself.

Women Who Wear Well.

It is astonishing how great a change a few years of married life often make in the appearance and disposition of many women. The freshness, the charm, the brilliancy vanish like the bloom from a peach which is rudely handled. The matron is only a dim shadow, a faint echo of the charming maiden. There are two reasons for this change, ignorance and neglect. Few young women appreciate the shock to the system through the change which comes with marriage and motherhood. Many neglect to deal with the unpleasant pelvic drains and weaknesses which too often come with marriage and motherhood, not understanding that this secret drain is robbing the cheek of its freshness and the form of its fairness.

As surely as the general health suffers when there is derangement of the health of the delicate woman's organs, so surely when these organs are established in health the face and form at once witness to the fact in renewed comeliness. Nearly a million women have found health and happiness in the use of Dr. Pierce's Favorite Prescription. It makes weak women strong and sick women well. Ingredients on label—contains no alcohol or harmful habit-forming drugs. Made wholly of those native American medicinal roots most highly recommended by leading medical authorities of all the several schools of physicians for the cure of women's peculiar ailments.

For nursing mothers, or for those broken-down in health by too frequent bearing of children, also for the expectant mother, to prepare the system for the coming of baby and making its advent easy and almost painless, there is no medicine quite so good as "Favorite Prescription." It can do no harm in any condition of the system. It is a most potent invigorating tonic and a woman's delicate system by a physician of large experience in the treatment of woman's peculiar ailments.

PIRACY UP TO DATE.

Dozen Men Hold Up Russian Steamship and Get Off With Good Booty.

Odessa, July 18.—The passenger steamer Sophia, which sailed from here on Saturday for Chori, was held up 60 miles from port by armed robbers on board, who made a successful raid and escaped.

While the captain and passengers were at supper three pirates overpowered them with revolvers. Two other stood alongside the wheelman and ordered him to lay his course for Odessa or be shot. About a dozen others went through the saloon and cabins and secured a cashbox containing \$25,000 which the cashier of the Russian Bank of Foreign Trade was taking to Chori, besides \$500 belonging to passengers.

When nearing Odessa, the robbers disabled the engines, let off steam, destroyed one of the steamer's boats, launched the two others and escaped ashore. There is no trace of them.

MR. COCHRANE HOME.

Well Pleased With Results of His Trip to North.

Toronto, July 18.—Hon. Frank Cochrane, Minister of Lands, Forests and Mines, returned yesterday from his trip to the north. His colleague, Hon. Dr. Reame, stopped off for a day at Algonquin Park and will be home this morning.

Mr. Cochrane expressed himself as delighted with the results of the tour. The accession talk was confined to a very few individuals, but that the settlers had real grievances must be admitted. The nature of these grievances Mr. Cochrane and Mr. Reame had learned and where possible a remedy would be applied.

The tour of the Ministers was no holiday jaunt. They held nine meetings in the two weeks in Rainy River and Lake of the Woods, and heard the representations of several hundred deputations.

Ottawa, July 18.—The Minister of Justice will introduce legislation at the next session of Parliament to impose a penalty on anyone who wilfully and publicly slanders Canada. The Immigration Department is already tired of the constant misstatements of dissatisfied immigrants.

There has been one prosecution already and a persistent policy of tracking down those who publish false statements concerning the country has been initiated.

British Admiral Falls Dead.

Niagara Falls, Ont., July 18.—Admiral J. P. McLea, R.N., dropped dead on the piazza of the Clifton Hotel at Niagara Falls yesterday afternoon. Heart disease was the cause.

Admiral McLea, with his wife and niece, came to the Falls ten days ago to sojourn for a time for the benefit of his health. On Tuesday he accompanied Col. Cruikshank to the Lady's Lane battle ground and it is supposed the emotion was too great for him.

The admiral collapsed while commencing with a party of hotel guests upon the beauty of the view from the piazza, and quite a commotion resulted among the ladies.

The remains will be shipped to England.

ZAM-BUK

SAVED THIS BABY

Mrs. M. Barrett, 808 Morcan St., Montreal, says:

"A horrid rash came out all over my baby's face and spread until it had totally covered his scalp. It was irritating and painful, and caused the little one hours of suffering. We tried soaps and powders and salves, but he got no better. He was so fretful all day long that it made it very hard for me. He refused his food, got quite thin and worn, and was reduced to a very serious condition. I was one day advised to try Zam-Buk, and did so. It was wonderful how it seemed to cool and ease the child's burning, painful skin. He gradually became more easy and able to sleep. Zam-Buk from the very commencement seemed to go right to the spot, and the pimples and sores and the irritation grew less and less. Within a few weeks my baby's skin was healed completely. He has now not a trace of rash, or eruption, or eczema, or burning sore. Not only so, but cured of the tormenting skin trouble, he has improved in general health. He has got fat and plump, weighs no less than 22 lbs., although only 1 month old, and is in first class condition."

Zam-Buk is sold at all stores and medicine vendors, 50c a box, or post free from Zam-Buk Co., Toronto, for \$2.00, 4 boxes for \$2.50.

LIBEL.

I day say I do look mad. I understand Jigley says I'm the worst liar that he ever saw.

Well, I should say so. Why, everybody admits that you're a pretty good liar, sir.
