

Gleaned by the Way.

'I say, uncle, why don't you put that rusty foot of yours through the window?'

'Oh? What? You young rascal! Because, then, you know the pane would be gone immediately.'

Inflamed Eyelids. When the eyelids become red and inflamed and there are feelings as though particles of sand were in the eye you will know that you have granulated eyelids. Our readers will be glad to learn that Dr. Chase's Ointment is a complete cure for this trouble and should be applied at night after washing the lids with warm water.

Chronic Bronchitis 15 Years. Mrs. James Burns, Sr., writes: 'My husband was ill with chronic bronchitis for fifteen years and was treated by several physicians without success. By the use of Dr. Chase's Syrup of Licorice and Turpentine the bronchitis has been entirely cured and his system has been built up by the use of Dr. Chase's Nerve Food.'

Small and hungry Julia climbed to her seat at the table and the other evening and exclaimed in eager, delighted caroling tones: 'Oh jolly! We are going to have jelly—I just love jelly—but, mamma, what makes it so nervous?'

Wife: 'I have about made up my mind, John, that when I married you I married a fool.'

Husband: 'That reminds me of a remark you made just before we were married. You remember that you said it would be hard to find two people more alike than you and I.'

Her (sighing)—'Oh, I met such a lovely, polite man to-day.'

Him—'Where was that?'

Her—'On the parade. I must have been carrying my umbrella carelessly for he pumped his eye into it. And I said: 'Pardon me,' and he said: 'Don't mention it—I have another eye left.'

Pain will depart in exactly 20 minutes if one of Dr. Shoop's Pink Pain Tablets is taken. Pain anywhere. Remember! Pain always means congestion, blood pressure—nothing else. Dr. Shoop's Headache Tablets—also called Pink Pain Tablets—quickly and safely ease this blood pressure away from pain centers. Painful periods with women get instant relief. 20 Tablets 25c. Sold by A. V. Rand.

A June bug nearly broke up a wedding in Ohio last week. The thing flew in the face of the bride and screamed when she moved to have a kiss. The groom made a swipe at the bug and landed on the best man. The minister had quite a time in quieting the party before he could proceed with the ceremony.

'I wonder why people say, "As smart as a steel trap"?' asked the very young man. I never notice anything so remarkably smart about a steel trap.' And then, says the Chicago News, the sage from Sagerville told him the reason.

'A steel trap, my boy,' replied the sage, 'is smart because unlike some people, it shuts up at the proper time.'

DR. A. W. CHASE'S 25c. CATARRH CURE

The oddest, the most momentous associations oftentimes attach themselves to the most trifling things. Thus at a dinner the hostess said to a sour-faced man on her left:

'May I help you to some of the boiled rice, Mr. Smith?'

'Rice? No, thank you; no rice for me,' Smith answered, vehemently. 'It is associated with the worst mistake of my life.'

The editor of a country paper received the following query: 'Can you tell me what the weather will be next month?' In reply, he wrote: 'It is my belief that the weather next month will be very much like that of your subscription.' The inquirer wondered for an hour what the editor was driving at, when he happened to think of the word 'unsettled.' He went in the next day and settled his account.

MERRILL LAMBERT CO., LIMITED. *Money Done*—This fall I got thrown on a fence and hurt my chest very bad. It could not be laid to rest and I was in a bad way. I tried all kinds of treatments but they did not do good. One bottle of MERRILL LAMBERT's remedy cured me completely. C. H. COMARROCK, Rossmore, Digby Co., N. S.

Mr. Thomas Stiny is precisely what his name would signify. The other day a friend visited him, and after a few words had been interchanged Mr. Stiny asked his caller: 'Would you like to have some refreshment?'

'With great pleasure, dear old boy,' exclaimed the poor fellow, who was terribly thirsty.

'All right,' I will open the windows. We'll have some brandy.'

MERRILL'S LAMBERT'S CATARRH DIPLOMATIC.

Aim Higher.

Don't worry about your salary. Increase your skill. Salaries are raised to meet the growing value of men who are earning more than they get. How can you get on? By never getting off—on speed and spending your time in idleness. Cultivate the higher attributes of manhood; brain power always takes the precedence and bruce force. Study not only to please 'but go a step beyond. You can make of your position exactly what you choose, and in the lowest position there are possibilities which can lead into another and higher. If men in the stores, shops, and factories would spend the money they now waste in drink and tobacco, in the pool-room, and on clean shows, in getting useful books, in studying how the things they work at can be done in the best way, they would soon find themselves promoted and earn the higher wages which neither idling nor complaining but only better work can bring. Knowledge aids labor by increasing the quantity and the variety of production and thus enhances the sum total of value.

The Ailments of Women. It is the girls and women who suffer with what they think as 'Female Trouble' would look to their kidneys, they'll soon find the source of their ill health. The kidneys are closely allied with the female organs, and if the vitality of the kidneys is interfered with, great suffering occurs. There is no better medicine than Dr. Hamilton's Pills—they stimulate and strengthen the kidneys, assist other organs to do Nature's work, cleanse the system and thereby maintain perfect health. Great benefit and certain cure is guaranteed for all women who use Dr. Hamilton's Pills.

In the Channel Islands the woman does not change her name on marriage; so matter how often she changes partners she carries her maiden name with her to the grave.

Marriage with deceased wife's sister had been legalized there, and no sooner had the act been passed than similar scenes to Gretna Green were expected; but the ecclesiastical authorities damped the ardor of scores, nay, hundreds of English people by informing them that this privilege was reserved for natives only.

Chamberlain's Colic, Cholera and Diarrhoea Remedy Would Have Saved Him \$100.00.

'In 1902 I had a very severe attack of diarrhoea,' says R. N. Farns of Out Island, La. 'For several weeks I was unable to do anything. On March 18, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of my kind in the world, and had I used it in 1902 believe it would have saved me a hundred dollar doctor's bill.' Sold by Rand's Drug Store.

He Knew. The butcher's boy who had called to deliver a parcel thoughtlessly left the garden gate open, and the seven-year-old ruler of the house called after him to come back and shut the gate. The butcher's boy stopped, but showed no inclination to obey the command.

'I don't have to!' he shouted, defiantly. 'Yes you do,' insisted the seven-year-old ruler. 'You come right back and shut it, or somebody's going to get the worst licking he ever had.'

The butcher's boy came running back, full of fight.

'He is, eh?' he said. 'Well, who's going to lick him, eh?'

'Mother is,' calmly responded the youngster. 'If you leave that gate open, I'll be certain to go out into the street; mother'll see me and I'll get licked. Shut it tight, please, so I can't get out.'

And the butcher's boy shut it.

Host prostrates the nerves. In the summer one needs a tonic to offset the customary hot weather Nerve and Strength depression. You will feel better within 48 hours after beginning to take such a remedy as Dr. Shoop's Restorative. Its prompt action in restoring the weakened nerves is surprising. Of course, you won't get entirely strong in a few days, but each day you can actually feel the improvement. That tired, lifeless, spiritless feeling will quickly depart when you take the Restorative. It's 25c a bottle. Write for the book. The Night Cure is sold by A. V. Rand.

The Merry Widow. To make a Merry Widow hat. Take a bicycle wheel. Superimpose on the hub one deep granite saucapan. Fire slipping off the handle with an axe. Slice on cover of wicker-worked velvet from your season, before last's coat suit. Put on a three-inch binding around the rim of canary colored tulle silk from your great grandmother's party dress. Slip sixteen yards of box-crushing off your shirt waist box and wind about the crown. A very light and soft joint. For use as a jaunty effect. If used as hat pins.

Over 25 Years. In 1872 there was a great deal of diarrhoea, dysentery and cholera infection. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy or treatment, and has for thirty-five years maintained its record. From a small beginning its sale and use has extended to every part of the United States and to many foreign countries. Nine druggists out of ten will recommend it when their names are asked, although they have other medicines that pay them a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by Rand's Drug Store.

Speak Well of Your Employer.

If you work for a man in heaven's name work for him. If he pays you wages which supply you your bread and butter, work for him, speak well of him, think well of him, stand by him, and stand by the institution he represents.

I think if I worked for a man I would work for him. I would not work for him part of his time, but all of his time. I would give undivided service or none.

If put to a pinch an ounce of loyalty is worth a pound of cleverness. If you must vilify, condemn and eternally discourage, why resign your position, and when you are outside damn to your heart's content. But I pray you, so long as you are part of an institution, do not condemn it. Not that you will injure the institution, not that, but when you disparage the concern of which you are a part you disparage yourself.

Think it over.

The Charm of Beauty. Nothing of More Value to Women. The glory and satisfaction of beautiful womanhood can be unknown to those possessing the uninitiated advantages of health.

No weak woman can be happy or enjoy life if the pleasures of life, radiant cheeks, sunken eyes, exhausted nerves, all tell of a terrible struggle to keep up.

What the weak woman needs is Ferronine. It renews, restores and vitalizes instantly—it's a 'woman's remedy'—that's why.

Ferronine makes women strong, plump and beautiful because it contains tons of nutrient, the kind that forms muscle, sinew, bone and nerve.

Vitalizing blood courses through the body, making delightful color, happy spirits, true womanly strength. To look well, to feel well, to enjoy the unlimited advantages of robust, bounding health use Ferronine; sold by all dealers in sex boxes, and refuse a substitute.

Flints are exceedingly hard substances—so hard that when we wish to be emphatic we sometimes say that a thing is as flint, yet all the flints in the world are supposed to have been formed from soft sponges, for by examining small pieces of flint under a microscope the texture of the sponge in a fossil condition often seen and the spicules peculiar to sponges are recognized.

M. Tournay, a Belgian engineer, has been commissioned by the committee for the international exhibition at Brussels in 1910 to erect a tower at Antwerp, which will be much higher than the Eiffel tower. The cost is estimated at \$240,000.

WIND ON THE STOMACH HEADACHE CONSTIPATION

Wind on the stomach is just as bad as that which rises from undigested food. Constipation comes of sluggish liver, and the liver is sluggish because of blood cause headache. Mother Seigel's Syrup cures all stomach and liver, and enables you to digest your food.

HELPFUL ADVICE

You won't tell your family doctor the whole story about your private illness—you are too modest. You need not be afraid to tell Mrs. Pinkham, at 100 West Main Street, Boston, Mass. From her last correspondence with sick women during the past thirty years she may have gained the very knowledge that will help you. Heading off a Risk

Gas is liable to puff out of the front door of any furnace unprovided for gas escape.

"Sunshine" Furnace has Automatic Gas Damper directly connected with smoke-pipe. Gas pressure sways damper sufficiently for it to escape up chimney (see illustration), but heat does not escape.

What does "Sunshine" Gas Damper mean to "Sunshine" Furnace? Means protection to the furnace parts against evil effects of gas.

What does "Sunshine" Gas Damper mean to "Sunshine" householder? Means furnace can be operated without fear as to "puffing" gas; furnace can be left without doubt as to whereabouts of gas.

What does "Sunshine" Gas Damper mean to "Sunshine" coal account? It means, instead of owner with "ordinary furnace" fear having to keep check-draft indefinitely closed to "let off" gas—when there's two-thirds parts of heat-energy to one part of gas passing up chimney—draft can be left open, and coal saved for another day's duty.
