## Two Questions

With so many low-priced socalled anti-skids obtain able, would that great host of motorists pay more for Dunlop "Traction" Tread if they could get its merits elsewhere?

Also, would that other large list of car owners buy " "SPECIAL" if tires which somewhat resemble it in appearance resembled it in efficiency?

Too Little Exercise
HE necessity of using medi-
cine to regulate the action of the liver, kidneys and bowels is largely due to the changed conditions of life dur-
ing recont years ing recont years.
Our fathers ilved a life of activity in the open air. If they ate heartily they had sufficient exer-
cise to keep the liver and bowels cise to keep the liver and bowe
active and to thereby remove the poisonous waste from the body To-day we get too little exercise
and too little freah air. The food we eat ta more concentrated and artif. chat. The result is much discomfort
and the development of serious dis. easag from constipation of the bowels
and torpld condition of the liver.

ning in the inactivity of tie tiver
and bow hoalth to to to soceret of keeping in these filtering to the regularity of organs, and Dr. Chase'a Kidney-Liver
