NEW BRUNSWICK WANTS PROHIBITION

Vote Not Large as it Should Have Been But Verdict is Plain

New Brunswick has elected to prohibit the importation and the bringing of intoxicating liquors into the province at the referendum on the question by a majority estimated to be more than 23,000. On the basis of the incomplete returns the ratio of those voting to prohibit importation to those voting to permit it was about three to two. With many places still to hear from the vote stood at about 17,000 in favor of importation to 40,000 opposed to importation. Legislation giving effect to the verdict will be passed, it is expected, within a short time and after three months it is likely that no more intoxicating liquors may be imported or brought into New Brunswick by private citizens.

Only two of the fifteen counties of the province, namely Madawaska and Gloucester, chose to continue to permit the importation of the liquor at yesterday's referendum.

imens of Standard bred horses by winning first and second in the show ring in a class of 15 of the finest horses of the province. Besides this Miss Peter Splan was started again in the 2.21 trot and pace among a field of pacers and won third place. These horses are owned by Dr. Macintosh and have returned to winter at the home stable.

WOODSTOCK MEN SENT UP FOR TRIAL

Three Men Implicated in Shooting Wendall Slipp in Court Tuesday

John Barpes, Oliver Davenport and Dick Britton appeared Tuesday morning before Magistrate Cambon on the charge of shooting Wendall Slipp, in an automobile on the Hamilton Road recently, and were sent up for trial. C. J. Jones appeared for the prosecution and R. L. Simms for the defendants.

Quite a sensation was caused in court when Miss Gretchen Smith, the young lady who was in the car when the shooting took place, made the statement that that stories published in newspapers were greatly exaggerated, saying that no one tried to pull her into the car.

Dick Britton, who made a clean breast of the affair to Sheriff Foster even before being asked to do so, said the shooting was an accident as they were out shooting moose or deer and mistook the automobile for a moose or deer.

Mr. Slipp, who is yet in a serious condition, is reported to be improving and likely to recover.

SALE OF PUREBRED STOCK NEXT THURSDAY

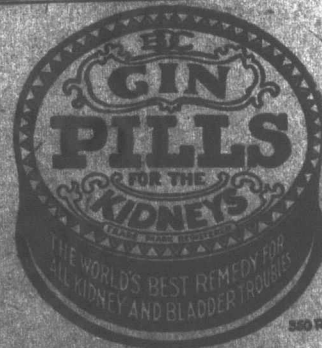

An event of interest to live stock breeders, especially to those desirous of improving their herds, will be the consignment sale of purebred cattle and sheep at Hartland next Thursday afternoon. The animals to be offered will be from the herds of such successful breeders as Cloverbrook Stock Farm, Highland Stock Farm and C. E. Barnett, all of whom have been successful exhibitors at the various provincial fairs, and also this year but in previous years.

There will be present at the sale M. A. McLeod, superintendent of Agricultural Societies, and also the acting Superintendent of Live Stock, and these gentlemen will be of much assistance to prospective buyers. Every breeder who can get here for this event should come whether he wishes to buy or not. It is always profitable for specialists in any line of business to get together occasionally and interchange ideas.
