ADVERTISEMENTS Inserted at very Lowest Rate

W. C. MILNER, Proprietor.

Farm and Household.

of his stables, and upon this the fodder can be conveniently transferred into the barns. Besides the clover and timothy now being stowed, Mr. Stopford has several acres of corn growing, also some late outs and peas mixed, which he intends treating in the same manner when fit to cut. Should this process prove successful, a large amount of winter food for the farmers' stock will be saved, also a great amount of space in barn room, which is now required for stowing the loose hav.

The turnip crop is one of the most important in our system of farm

small surface at a time, care being taken not to expose the body to a boring physician was poisoned while dressing a mortified finger, suffering untold misery, being drenched with perspiration for a number of days, and his life despaired of. On being bathed in the above selution, repeated once in two hours, all perspiration stopped with the third application, and convalescence began at once.

A Montana man, has bought a two-thirds interest in the Davis, Hauser & Co. cattle herd. The prise paid was \$266,000. The entire prise paid was \$266,000. The entire with the same of 12,000 head is valued at \$400,000. The sale is the largest this year. Kohrs & Bielenberg now hold the controlling interest in 25,000 to 30,000 head of horned stock, the total value of which on the range.

A Profitable Cow.

Given up by Doctors.

"Is it possible that Mr. Godfrey is up and at work, and cured by so simple a remedy?"
It assure you it is true that he is entire prise paid was \$266,000. The entire prise paid was \$266,000. The sale is the largest this year. Kohrs & Bielenberg now bold the controlling interest in 25,000 to 30,000 head of horned stock, the total value of which on the range.

A Profitable Cow.

The Section of Education Section

The Holstein cow, Echo, owned by Fred. C. Stevens, proprietor of the Maplewood stock farm, Attica, the Maplewood stock farm, Attica, N. Y., has just completed her year's at Ravenna, Italy, celebrated by milk record, which foots up 18,1201 pour de, which is 115 pounds mere than the record of the famous cow Venice, are to be cut down, because than the record of the famous cow Aggie, which has theretofore led all an excavation for a railroad has so the bovines of the world. Echo is 10 years old and weighs 1,610 pounds, consequently has given over 10 times her weight in milk during times her weight in mink tuning the year. The largest yield in one 000 and 40,00 head of young cattle day was 85 pounds; in a month will be shipped into Montana this 4.196 aounds.

and quickening of pulse. In fatal cases its average course is about two years, hence the importance of of space in barn room, which is now required for stowing the loose hay. This farm fully repays a visit by anyone interested in farming upon improved and scientific principles, whom we are sure will be made welcome by the genial proprietor at any time.

The Turnip Crop.

The turnip crop is one of the most Grain is subject to loss in storage, iton which is the irritation or congenerally neglected than any other. It is not so valuable a crop as upon a method which appears to be of glycerine, two ounces of alcohol, prantips, carrots or beets, as far as its feeding value is concerned, but it is to store it in sheet-iron cylinders of morphine make an excellent mixtall seeding value is concerned, but it is to store it in sneed not symbol. It the others. Beets, carrots and so made that they can be hermetical-should be taken in doses of two the others. Beets, carrots and parsnips should go in early, in order ly sealed, and with an air-pump artoget a good start in growth, but rangement by which a vacuum can the cough is relieved. The chest, we have the advantage of being able to defer the putting in of turnip bread thus stored for seven ments be dead to be advantage of being able to defer the putting in of turnip bread thus stored for seven ments be dead with a rater-emetic ointment the control of the chest of the chest of the cough is relieved. The chest, flour and be preduced. Wheat, flour and bread thus stored for seven ments bed with tarter-emetic ointment "Yas. I did!" seed till July, after the new crop of seed is ready, and cultivation is carried on during a period when no be placed anywhere, and the cost is sores are brought out; then run the content of the placed anywhere, and the cost is sores are brought out; then run the content of the placed anywhere, and the cost is sores are brought out; then run the content of the placed anywhere, and the cost is sores are brought out; then run the content of the content of the placed anywhere, and the cost is sores are brought out; then run the content of the c other crops are being seeded. Considering the cost of production, the storage in a granary. The contents of turnip should be a special one on every farm. They keep well during the winter, and not only serve an it is claimed, kills parasite insects, There is nothing that equals herse the storage of the contents of the

A VALUABLE DISCOVERY.—One of the most valuable discoveries in medical, for the benefit of mankind, was made when Burdock Blood Bitters were invented. This medicine positively cures all diseases of the River Kidneys, Stomach, Skin and Blood. 25,000 have been sold during the last months.

—It is now in season to warn our readers against the sudden attacks of Cholera, Cramp, Colie, and the various Bowel Complaints incident to the season of ripe fruit, vegetables, etc. Dr. Fowlers's Extract of Wild Strawberry is the grand specific for those troubles. those troubles.

The Ray. J. W. S. Young, in a letter to the "Carleton Sentinel" of a recent date, says:—This is the first time I ever gave e testimonial to a paper in favor of any medicine, but it seems my duty to say I think "W. T. Barit's Curv-All Liminent" the best we ever used in our faulty for Coughs, Colds, Sore Threat, and Palms in the Stommer.

They Weren't Sandwiches.

[Detroit Free Press.] Among the score of us who rushed into a railroad eating house in Missisippi at the call of "twenty mnutes for duner," was a chap who minutes for dinner, was a chap who had his mind up to say something unpleasant when he came to pay for his meal. He was growling when he went in and he jawed all the while he was eating, and when he slouched up to the desk to pay his twenty-five cents he broke out with:

we have no sandwiches o " But the table, sir," protested the landlord. "You haven't? Well, I should

"Yes, I did 1"

table ornaments, made of terra-cotts

roem, and said, "Just look at that conceited young prig! Isn't it perfectly absurd for such boys to go into society!" "Why," exclaimed his companion, "that isn't a door; it's a mirror!" -Four sisters are described as

sleeping in one small room at a fashionable resort, and without complaint of overcrowding; but they have to go outside to simultaneously put on their hats, as the area of wide-brimmed millinery exceeds that of the apartment. BOOTS & SHOES

There is no excuse for suffering fro Headache, Constipation and all the weary-ing train of symptoms of a disordered liver, when Burdock Blood Bitters is an unfailing remedy, and only cost One Dol-lar a bottle. Why suffer on without a trial? 25,000 bottles sold during the last three months, with almost universal satis-faction.

Do not attempt to remain over night without a bottle of Dr. Fowler's Extrabt of Wild Strawberry near at hand. This is the season for Bowel Complaints, Colic, Cholera Morbus, etc., and the remedy above named is the unfailing specific. The Power of Pain

entirely overcome by using W. T. Baird's Cure-All Lintment. Pains or Lameness in the Back, Chest or Side, Cramps, Sore Throat, and Flatulent Colic are cured by this Lintment.

a slight, dry cough in the morning, caught the rat that bit the chicken the on going to bed, getting more and more frequent, with more and more polyses in the chicken that the rat that bit the chicken on Clay-street. more phlegm, increasing of debility, thinness of flesh, shortness of breath of success. The disease is owing to an irritation commening in the threat and extending to the lungs, so thet their action is interfered with, and the blood does not receive sufficient oxygen to purify it. The first thing is to remove the obstruction which is the irritation or continuous distributions. The distribution of the continuous distribution with the continuous distribution of the continuous distribution distribu

the winter, and not only serve an excellent surpose when sliced and fed in the raw state to stock, but can also be be cooked and mixed with other food. Not only are the roots valuable, but the tops also—there is no part wasted. By weight they produce heavily, and are not deficient in bulk when compared with many other crops.

A Cure for Excessive Sweats.

Dr. Currie states, in the Medical News, that for thirty years he has prescribed, without a single failure, in sweats, from whatever cause, alcohol and sulphate of quinine; that is, to wet a small sponge with it and bathe the body and limbs, a small surface at a time, care being taken not to expose the body to a scenario and dries the distinct and bathe the body to a large failure.

A Large Cattle Herd.

There is nothing that equals herse back riding as a remedy for this disease. If a consumptive were "to live in the saddle" and sleep out of disease. If a consumptive were "to live in the saddle" and sleep out of disease. If a consumptive were "to live in the saddle" and sleep out of dors, taking care to keep the feet dry and warm, and to live upon, god, nourishing food, in short, "to rough it," he would recover him to be dying from Bright's disease. "You have been too high a liver," they said; "but if you will come down to a prescribed diet we may possibly save you." "What is the diet?" he asked. "Milk and since as a small surface at a time, care being the feet of the low of the dispase.

A Cure for Excessive Sweats.
