MY Coorse. The Government are pledged to have the Blanch in the Yours. The Government are pledged to have the Blanch in the Yours. The Government are pledged to have the Blanch in the Yours. The Government are pledged to have the Blanch in the Yours. Blill in operation this year, but they changed their owns. It was also, that well known and beautifully situated and have evamped the old Council by introducing accurate of their own supportors; and, prior to this remediling, threats were held out which chould not have been made the care shout 70 in a high state of cultivation. There are the necessary substantial buildings on the premiser as one promoned on tony of the care the necessary substantial buildings on the premiser are substantial buildings o

let the impression go abread that the Government had an intention of giving effect to their measure when they introduced it. I supported the Bill hast year, but when I find that by a wise enseales of the preregative the public business can be carried on humanitudy and estificated business can be carried on humanitudy and estificated by, I for one an content. I support the amendment of the hon. Uni. Gray, because it is now too late in the cassion to go into the question, and I have no decine to gratify the carriedly of the hon. Sendre who introduced the resolution. The people of the country, establish with the present composition of the Goundly, are quite content to let things remain as they are nutil past overlos.

and which has changed they be settled and the length of in this matter, I was propared to little to be long and cloquent address, but now that the cork is drawn the long bottled up content are found to be flat and taken to a most unusual degree. The reason of that is, the homester little to a upple and consider that is in the subject at present. I must any that it is comewhat novel for a member to move o consure on the Government for not having brought forward a messare to which he declares himself opposed. But a resolution owing from others of his party, for instance, the homest for configuration of the Copper, would not extent my urganic, for they, as superters of the Bill, might consistently disapprove of any delay in its instructuoide. I refer myself unable to find a metallel to the interduction.

SICK HEADACHES AND WANT OF

HOW TO BE STRONG.

HOW TO BE STRONG.

Nover let the bowels be either confined or unduly acted upon it may appear singular that Holloway's Pitle should be recommended for a run upon the bowels, many persons supposing that they would increase relaxation. This is a great mistake however, for these Pitle will im wedintally correct the liver and stop every kind of bowel complaint. In warm climates thousands of lives have been saved by the use of this medicine, which is all cases gives tone and vigor to the whole organic system, however deranged—health and strength following as a matter of course. The appetite too is wonderfully increased by the use of these Pitle, combined with the use of solid in preference to fluid diet. Animal food is better than broths and stews. By removing carld fermented, or other impure hemore from the liver, stomach, or blood, the cause of dysentnty, d hos, and other bowel complaints are expelled. The resul that the disturbance is arrested and the action of the bou comes regular. Nothing will stop the relaxation of the so quickly as this fine correcting medicine. DISORDERS OF THE KIDNEYS.

in all diseases affecting these organs, whether they secret too much or too little water—or whether they be affected wit stone and gravel, or with aches and pairs in the loins, over the region of the hidneys, these Fills should be taken according the printed directions, and the Ointment should be well rubble into the small of the back at bed time. This treatment will give almost immediate relief when all other means have failed. FOR STOMACHS OUT OF ORDER.

No medicine will so effectually improve the tone of the stom-ch as these Pills—they remove all acidity occasioned either by stemperance or improper diet. They reach the liver and re-nee is to a healthy settlem,—they are wonderfally efficacious in aces of agism,—in fact they never fail in curing all disorders

followay's Pills are the best remedy known in the world for th following diseases:—

Evil Sore Threats Stone and Gravel Secondary Sympte Tie-Deloureaux Colice Constitution of the Januaries Constitution of the Januaries Bowels Liver complaints Consumption Lambago Werns Drapsy Ratention of urine Dysoutesy Scrofule or King's Evidence Eofd at the Establishments of Professor Fellows (coar Tample Bar), London, also at all respects and Danler'in Medicines throughout the civilized Ellowing success 1, 2

which these LIFE MEDICINES give to the blood, and all the humors.

Scorbutic Eruptions and Bad Complexions, by their alternative effect upon the fluids that feed the skin, and the morbid state of which occasions all eruptive complaints, sallow, cloudy, and other disagreeable complexions.

The use of these Pills for a very short time will effect in entire care of Salt Rheum, and a striking improvement in the clearness of the skin. Common Colds and Influenza will always be cared by one doese, or by two even in the worst cases.

PILES. As a remedy for this most distressing and obstinate malady, the VEGETABLE LIFE MEDICINES deserve a distinct and emphatic recommendation. It is well-known to hundreds in this city, that the former proprietor of these valuable Medicines was himself afflicted with this complaint for apwards of minray-rive years, and that he tried in vain every remptly prescribed within the whole compassed the Meterical Medica. He however at length tried the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but almost the proposal of the Meterical Medical Control of the Meterical Medical Medical Control of the Medicine which is now offered to the public, and he was cured in a very short time, after his recovery had been pronounced not only improbable, but almost the proposal of the Medicine will be state of cultivation, and at present in the occupation of the New York of the Medicines will be state of cultivation, and at present in the occupation of the found of the Medicines, with a neat COTTAGE, and an extensive range of Barns and Out-buildings.
