It is hard to keep the children from stching cold, they will run out of doors not properly wrapped, or have too much clothing on and get overheated and cool off too suddenly, they get their feet wet, kick off the clothes at night.

The mother cannot watch them all he time so what is she going to do? Mothers must never neglect her ildren's coughs or colds, but must ook for a remedy on the first sign.

A great many mothers are now giving their children Dr. Wood's Norway Pine Syrup, as it is so pleasant and nice for them to take, and relieves the cough or cold in a very short time.

cold in a very short time.

Mrs. S. Crowe, R.R. No. 5, Truro, N.S., writes:—"Two years ago my little boy caught a severe cold which left him with a very bad cough. He could not rest at night, and became very thin and weak. The prescription our physician gave me did not help him, and I did not know what to do. My sister, in Manitoba, wrote me to try Dr. Wood's Norway Pine Syrup. I went right to town and purchased two bottles, and before they were used my boy's cough had disappeared, and he became strong and well again.
