EDMONTON NEWS

LOCAL.

The seventh annual exhibition of the Vermilion Valley and Beaver Hills Agricultural Society will be held in Vegreville on September 29th. Entries close on Tuesday, September 28th, at the office of the secretary-treasurer, Frank Wilson, Vegreville.

The valuable business location on the southwest corner of McDougall and Jasper avenues will be occupied this week by Wm. Thompson, formerly of Stratford, Ont., who will open a thoroughly up-to-date clothing establishment.

The marriage took place on August 23rd, at the residence of George Hughson, Shaganadah, Manitoulin, of Mrs. Mary G. Hughson and John James Sutton, Justice of the Peace, St. Asaph, Ontario.

STATION SITE IN CAMROSE. H. Milton Martin, financial agent for Rene Lemarchand, owner of the right of way agent of the C.N.R., according to his opinion given for a station site in Camrose. The option provides that the permanent station will be located not less than 210 feet south of the government road allowance, which means that it will be either block 2 or block 12 of the subdivision.

TRANSFERRED TO P. E. I. A. W. Hyndman, who has been manager of the Royal Bank here since its opening two and a half years ago, leaves with Mrs. Hyndman on Thursday of next week for Charlottetown, P.E.I., where he has been transferred to the management of the branch in that city. His successor will be J. F. McMillan, the present manager of the Charlottetown branch. His many friends will regret Mr. Hyndman's departure from the city.

In the short time since the branch opened here, he has brought the Royal Bank prominently before the public and established a splendid clientele. Mr. and Mrs. Hyndman will be missed socially as well.

TIED BODY TO SHORE. Both the bodies of R. Volkofsky and Frank Bonneau, the two men who were drowned shooting Grand Rapids on the Athabasca River in Count Alfred Von Hammerstein's boat, have been recovered. Bonneau's body, badly mutilated and almost unrecognizable, was taken from the river at the island at Fort McMurray six days after the accident, and buried on the island. Volkofsky's remains were discovered by two American prospectors at Brule Rapids, tied to the shore on the east side of the river and posted a sign expecting that when the Hudson's Bay Company's transport came up the river last week it would be picked up. But the transport came up the west side of the river on the Brule Rapids and therefore did not see the sign. The body is still in the river.

CHARGED WITH EMBEZZLEMENT. Before Magistrate Cowan yesterday Reginald W. Wedman, lawyer for the Remington typewriters in this city, was sent up for trial on a charge of embezzlement of \$481.03, the money of the company. The evidence of Mr. Duggan was to the effect that the accused had sold typewriters to the Wolf Creek Township company, the Masters Piano Company and others on the installment plan and had applied the money due in payment of the typewriter and piano. The defendant's lawyer, H. H. Robertson contended that as lien notes in full had been given by the purchasers of the typewriter, the Remington people were fully protected and there was no embezzlement. The accused has been released on \$400 bail, \$200 in his own recognizance and \$100 each in two securities.

EXTEND TELEGRAPH LINE. John R. Campbell, of Qu'Appelle, and A. Fessault, of Vancouver, two land seekers, who have been spending the summer in the Grand Prairie country, 500 miles northwest of Edmonton, have returned to Edmonton. They state that there is a probability that the Dominion government will succeed in extending this year the telegraph line from Athabasca Landing north to Lesser Slave Lake, which, like the good roads problem, has been the subject of considerable agitation on behalf of the settlers at the lake and surrounding country. All summer long the telegraph gang has been working on the extension of the line north from the Landing, but have been delayed a great deal by bad weather and other causes.

The prospectors stated that there was a lot of speculation going on among the settlers as to the intentions of the various transcontinental lines running to Edmonton regarding the north country. It is quite generally believed that one of the main roads at least will make use of the Pine Pass as a new outlet to the Pacific coast and that one of the lines, probably the C.P.R., will head through the Grand Prairie country for the pass and establish new terminals on the North Pacific coast.

MANY BEING VACCINATED.

There has been a big rush this week at the office of the medical health officer, Dr. Whitelaw by children's desires to be vaccinated. The rule that all children must be vaccinated before entrance to the public schools this year is being rigidly enforced and a result many small children beginning school for the first time have now to undergo the ordeal.

AT IMMIGRATION HALL.

Twenty-four immigrants were received at the hall during last week and 17 interviews were granted. The nationality of the arrivals was as follows: English 3, German 5, French 2, Welsh 2, Irish 2, Canadian 2, Americans 7.

ANOTHER TRADER REPORTS.

Ed. Nagle, one of the veteran traders of the Edmonton district has returned to the city after a fur-gathering trip which he completed in the borders of the Arctic circle and included a four months tour of the north country from Edmonton to the mouth of the Mackenzie river. As a result of his tour of the north Mr. Nagle has secured ninety packs of furs and expressed himself as well satisfied with this year's catch in view of the general scarcity of fur-bearing animals which has existed in the north.

REDUCTION IN TARIFF.

Duncan Marshall, M.P.P. for Oils, has returned from a tour of the eastern provinces as far as Prince Edward Island. The trip took Mr. Marshall through seven provinces and the Dominion in all which he found signs of prosperity on every hand.

IS A MATTER OF KEEN INTEREST.

"It is a matter of keen interest to us people in the West," said Mr. Marshall to the Bulletin this morning "that there is a strong feeling in the rural sections of the Maritime provinces and Ontario for a still further reduction of the tariff. On the question the East joins forces with the West and will bend its energies to this end."

LINE TO LESSER SLAVE LAKE.

Learning of good authority that work is to be discontinued on the present year on the government telegraph extension from Athabasca Landing north to Lesser Slave Lake, the Edmonton board of trade who have interested themselves in the line on behalf of the northern settlers, this morning wired the Hon. Frank Oliver at Ottawa, requesting him to take up the matter with the department of Public Works. An answer is expected tomorrow. At the present time the telegraph poles are on the ground in the position to be set up in the line from the Landing to the Lesser Slave settlement and the wire is within twenty miles of the eastern extremity of the line.

IN BEAVER RIVER COUNTRY.

K. W. Mackenzie, Dominion land agent at Edmonton, returned on Sunday from the Beaver River district north of Vegreville, where 50,000 feet of timber, board measure, had been previously seized for royalty. Mr. Mackenzie conducted the sale of the timber successfully and returned to Vegreville after having been away for five days and having covered a distance of over 200 miles.

In an interview, Mr. Mackenzie stated the trip into the Beaver River district was by the Boyne Lake trail and the 25-40 Lake agency, while the return was made by the old Lac la Biche trail. The country was looking fine, the crops being much more advanced than in the Edmonton district. At the White Fish Lake Mission, not a thing had been done by frost at the time that Mr. Mackenzie passed through. Corn on the cob was four growing at the time. At Beaver River, Mr. Mackenzie found himself standing at the head waters of the Churchill river and at a point in the great divide between the Saskatchewan river and the rivers flowing directly into the Hudson Bay.

"This was a new part of the country to me," said Mr. Mackenzie, "and I enjoyed the trip immensely. With the good climate and the innumerable lakes and rivers, the country is most desirable for settlement."

FIVE YEARS AT PENITENTIARY.

Reginald Bruce, of Lambton, Alta., who was yesterday sentenced to a five year term in Edmonton penitentiary for Judge Lee and Deer brought to the city last night by the R.N.W.M.P. and taken to the Edmonton prison to await the trial of the charges of forgery and the different periods of imprisonment given were to run concurrently.

DECIDES ON RIVER TRIP.

The two hundred British scientists who will visit Edmonton on September 10th in the course of their trip through the west, will be given a great reception by the entertainment committee, who are now completing arrangements. The program will consist of a luncheon at noon, with a river trip of several hours' duration, afterwards, on the steamer City of Edmonton during which the river coast mines and other industries along the Saskatchewan may be visited.

In honor of the distinguished scientists of the entertainment committee deem it desirable that the business men should decorate their places of business along the main street, on the day of the arrival of the visitors.

WANT MORE MEN.

J. D. McArthur, of Winnipeg, who has the contract for the C.P.R. for the construction of the line from Toleda to Calgary is in the city today having come up from Glenora where he has an outfit at work on the irrigation ditch for the C.P.R.

"We must have more men," said Mr. McArthur to the Bulletin this morning. "Our horses are standing idle eating up our supplies of hay and oats, for the lack of men to work them. We could handle 100 men at once on the grade between Toleda and Camrose."

Mr. McArthur stated that the gangs have only been at work about two weeks on the grade but the sod has been turned on a stretch of about forty miles. The men are not grading right in Camrose but both north and south of the town. As soon as the track laying will begin, Mr. McArthur said that several miles of the grade from Toleda is now ready to receive the steel and he expects that something will be done soon. The first fifty miles of the north country is being advanced with all possible speed.

MONTHLY STATISTICS.

Monthly statistics for the month of August record the same story of continued progress of Edmonton and the surrounding district as told in past months. Bank clearings, home entries, building permits all tell of the growth and development. Following are some of the figures:

At the Land Office.

The land office returns for the month of August are as follows: Eighty acres granted, 396. Homesteads purchased, 4. Pre-emption, 1. Military Canadian Volunteer scrip located, 16.

At the Land Office.

Letters received, 5,803. Letters sent, 5,962. Applications for patent recommendations granted, 134. Applications for patent recommended, 3,322 letters received and 2,355 letters sent, a total of 6,747 letters, as against a total of 12,138 in the month of July.

Postal Changes.

The report from the Edmonton division of the postal service for the month of August is as follows: Letters received, 17,301-W-4th-M. A. B. Butcher, Saturday at seven o'clock from St. James. Letters sent, 17,301-W-4th-M. A. C. Brooks, Friday at 13 o'clock from Westeros.

Naughton Glen, section 28-30-10-W-5th-M. H. Brantford, Saturday at eight o'clock from Mannville. Yeoward, section 28-40-2-W-5th-M. C. H. Adams, Saturday at 11 o'clock from Westeros.

New money order offices have been established as follows: Chauvin, section 28-30-10-W-5th-M. Durney (Victoria), September 1st.

Victoria Man Drowned.

Victoria, B.C., Aug. 30.—Go. Rogers, resident of Victoria, was drowned on the steamer Tanager, while trying to make a landing in a row boat from the steamer Tanager.

Killed By Bursting Saw.

Tilsburg, Aug. 30.—By the bursting of a saw in Tilsburg mill this afternoon, Peter Chas was instantly killed and Wm. Armstrong badly injured but not fatally. Chas was fifty years of age and leaves a wife and six children.

Building Permits.

Building permits for the month reached a total of \$208,777, more than one hundred per cent. more than in August, 1908, when the figure was \$23,773.25, and in August, 1905, \$18,008.24.

Bank Clearings Bigger. Edmonton bank clearings indicate a continued expansion in the business of the city. The total clearings for last month were \$4,500,161.59, as against \$4,003,956.19. The increase over last year's figure is 12 per cent.

Registered Letters Stolen.

Victoria, B.C., Aug. 31.—Eighteen or twenty registered letters were stolen last night from the mail car attached to the C. P. R. transcontinental car over at 9 o'clock this morning. The robbery is supposed to have occurred between Spence's bridge, the roller-coasting over the tender through the end of the car. The loss probably will not be more than five hundred dollars.

Laurier's Departure a Dream.

London, August 30.—Regarding the Ottawa Free Press report that a movement is on foot in influential circles in London to persuade Sir Wilfrid Laurier to accept the governor-generalship of British Columbia, the Colonial Office authorities declare that this is the first they have heard of the movement.

Governor of Illinois Will Farm at Tyvan

Announces Intention of Having Operations Started on His Saskatchewan Property—Believes Agriculture in Western Canada is Pay-Investment.

Winnipeg, Aug. 30.—Governor Charles Samuel Deneen, of Illinois, has decided to become a Canadian farmer. He will not reside on his farm at Tyvan, Sask., although assured that he would receive a most cordial welcome. He will engage an experienced Canadian or American farmer to supervise operations on his farm and will visit the estate as frequently as possible. He will make arrangements to buy a quantity of land broken up and will erect some buildings and in the spring and summer of next year he will build more largely.

Bought Land Years Ago. The land which the governor will cultivate is located at Tyvan, Sask. He bought the land several years ago. The reports which he has heard, especially this season, of the returns which are being made from lands in the province, were of such a nature that he decided to begin farming by proxy and to keep in as close touch as possible with the property. He will spend Sunday and Monday next on the land and will lay plans for the work which he is to do in future years. Asked regarding the movement of Illinois farmers to the Canadian west, the governor stated that it would undoubtedly continue as long as there were opportunities for these farmers to better their condition. A large number of people had come to the west from Chicago under the direction of land companies doing business there, and they had done well in this country.

Governor Deneen is slightly younger than Governor Johnson or Governor Hughes. He was born in 1857, being thus in his 40th year. He began his public life in 1892, when he was elected to the House of Representatives of the state. He was chosen by the attorney for the sanitary district of Chicago in 1898, and was elected attorney for Cooke's county, in which Chicago is located, in 1906, serving for eight years.

Since that time he has been the governor of the state. WARSHIPS AT COLLINGWOOD Dock Yards There Large Enough to Construct Canadian Navy.

Ottawa, Aug. 31.—It is claimed for Collingwood, Ont., that the dock yards there are of sufficient magnitude to turn out the smaller war vessels for the proposed Canadian fleet and the difficulty which has appeared to some is whether it would be a contravention of the Rush-Bagot agreement, if Canada were to build warships on the great lakes. The Rush-Bagot agreement, it is understood, does not enter into consideration in such a case for the vessels could be built at Collingwood, capable of being transported to the Great Lakes, and already practically broken the Rush-Bagot agreement by placing armed training vessels on the Great Lakes, so that there seems to be nothing which would prevent the building of warships on the Canadian inland waters in so far as the international agreement is concerned.

Victoria Man Drowned. Victoria, B.C., Aug. 30.—Go. Rogers, resident of Victoria, was drowned on the steamer Tanager, while trying to make a landing in a row boat from the steamer Tanager.

Killed By Bursting Saw.

Tilsburg, Aug. 30.—By the bursting of a saw in Tilsburg mill this afternoon, Peter Chas was instantly killed and Wm. Armstrong badly injured but not fatally. Chas was fifty years of age and leaves a wife and six children.
