DOCTOR SAID SHE WOULD DIE "Fruit-a-tives" Saved Her Life

RIVIERE à PIERRE, QUE., May 9th 1910 "I look upon my recovery as nothing short of a miracle. I was for eleven years constantly suffering from Chronic Dyspepsia, Indigestion and Constipation. The last two years of my illness, I was confined to my bed nearly all the time. I was so thin I weighed only 90 pounds, and I vomited everything I ate. Even water would not stay on my stomach.
The doctors gave me up to die as the stomach trouble produced heart weak-ness and I was frequently unconscious. At this time, a lady friend strongly advised me to try "Fruit-a-tives" and ow thankful I am that I did so. When I had taken one box, I was much better and after three boxes, I was practically well again and had gained 20 pounds. Thave taken thirteen boxes in all and now weigh 150 pounds and am absolutely -no indigestion-no cons tipation-my heart is sound and complexion clear'

BOUILLON FAVORS SUPT. FOR PARKS

Submits Report of Commissioners Dealing with Amusements.

The appointment of a superintendent of parks and the adoption of a policy of park improvement, which would include the provision of healthful amusements was strongly decommended by Commissioner Bouillon in a report submitted o the commissioners at yesterday's meeting. In view of the many applications received of halls and other similar places of amusements in the city park, the comnissioner urges the rejection of any proposal to erect a dance hall, but recommends properly regulated band concerts, declaring that they should
