WAR SUMMARY.

LONDON, To-day. Driving against the centre of the Russian line on the east front German troops gained possession of the Russian position on a front of about 2 and a half miles, in an attack which resulted also in the capture of more than 3,000 prisoners. It took place in the district of Skrobova, twelve miles north-east of Baranovich north of the Pinsk marshes, where only isolated fighting has occurred lately. The Russians, Berlin also says, lost twenty-seven machine guns and twelve anti-aircraft guns. The success of the Germans is admitted by the Petrograd War Office, which announces that the Russians after a stubborn resistance against seven onslaughts were finally compelled to fall back to their second line of trenches. Elsewhere on the eastern front and in the Carpathians there has been little fighting, according to official communications. In Dobruja the advance of the Russo-Rumanian forces southward continues. Petrograd records a battle with Field-Marshal Von Mackensen's troops in the region of Tchernavoda, abandoned recently by the Rumanians. At Tchernavoda is the bridge and railroad running between Constanza and Bucharest. It is for this bridge that the Russians and Rumanians are fighting. Petrograd also announces the occupation of several towns between Hirsovo and Tchernavoda. Berlin says there has been no change in Dobruja. On the Transylvania-Rumanian front Arch-Duke Charles has assumed the offensive and pushed back the Rumanians. In the Predal sector stubborn fighting continues with both the Austro-Germans and Rumanians claiming progress. The Austrians have almost completely recovered ground lost in the Georgy Mountains on November 4th. Several trench elements north of the Somme near Les Bouffes and Sailles have been captured by the French. Berlin states that Franco-British attacks between Guedecourt and Sully were repulsed. Inclement weather continues to hamper operations on a large scale on the Macedonian and Austro-Italian fronts.

DEUTSCHLAND READY TO RETURN

NEW LONDON, To-day.

The Deutschland, the merchant submarine which arrived here on November 1st, is loaded and ready for her dash homeward. The exact time of her departure is a matter of conjecture. To-day it was generally believed that she would sail within the next 48 hours. The value of her cargo is said to be in the neighborhood of one and a half million, consisting largely of crude rubber, nickel, and silver bars. The value of the latter is declared to be \$250,000. The engines and other machinery of the submarine were tested to-day. A 60 days' supply of provisions loaded to-day.

RAPPANNOCK OVERDUE.

HALIFAX, To-day.

The Durango from Liverpool via St. John's, Nfld., reports passing a schooner in mid-Atlantic. It is believed here to be the tern schooner Lillian H. Deal, laden at Pansboro, Whitehaven. The Rappannock from Halifax to London is 26 days out; no report, grave fears are felt for her.

ARROGANT WORDS.

BERLIN, To-day.

The Lokal Anzeiger in a leader regarding the hourly expected Norwegian answer to Germany's protest against Norway's attitude towards submarines, declares that should Norway refuse to alter her position Germany will be forced to ignore Norway's order to submarines to avoid Norwegian waters. The paper adds, the Norwegian Government will see itself faced with a serious fact. If Norway should abide by its illegal measures it is clear what the result would be. Continuation of diplomatic and other relations between Germany and Norway, could not be thought of.

SPLENDID ENDOWMENT.

NEW YORK, To-day.

The General Education Board in co-operation with Rockefeller, the founder, has appropriated \$3,000,000, to the University of Chicago, for the establishment of a High Grade Medical School. It was announced here to-day that the new Medical School will start with an initial endowment of almost \$8,000,000, the largest ever provided for any College of Medicine in the world.

Thursday, apparently refers particularly to certain war material for the use of the National Defence Army. The despatches say that at the same time that great secrecy is being observed in Athens regarding the Entente Note presented to Greece some days earlier. The Morning Post Athens correspondent expresses the belief that the Entente Allies' note demands the departure of all the legations of the Central Powers. The Premier stated the subject of the note was very grave and that there would be an unpleasant sequel if no compromise was reached by means of negotiations, according to the despatches.

WILSON GETTING BUSY OVER SUBMARINE QUESTION.

WASHINGTON, To-day.

A complete summary of the situation growing out of the recent activities of German submarines is being prepared by the State Department for submission to President Wilson on his return to Washington on Sunday. While officials are not inclined to discuss the subject in its present state they admit informally that the outlook is more disturbing than at any time since the sinking of the Channel steamer Sussex. Official information still is incomplete. All cases have been investigated by the Department and include those of the British passenger liner Arabia and the British freight steamer Marina in which six Americans lost their lives. Reports from British sources said both ships were torpedoed without warning.

Trophies in Dispute.

AN ARREST MADE.

At eleven o'clock this forenoon a thirty-five year old stoker of Queen's Road, was arrested under warrant by Constable Tobin, charged with the larceny of a silver cup and a shield, the property of the Firemen's Union.

This is the outcome of recent developments in relation to the Union and the story surrounding the entire affair is peculiarly interesting. It appears, we hear, that within the past half dozen years or since its inception, the Union won, amongst other trophies at athletic events, a silver cup and a shield. Recently a grievance arose between certain members of the organization as to the possession of the trophies and the arrested stoker, contended that he had helped to win them a n d therefore had as much right to have them in his possession as did the President and Delegate of the Union or anyone else. At a meeting of the Union last night the cup and shield were asked for, but were not produced, with the result that the custodian of the silverware was handed a document this morning, at the instance of the Union's President, and escorted to the police station by an officer of the law. A few minutes later the man arrested was released, and the case will be tried by civil action. Meanwhile the trophies are in the possession of the police.
