

MILLIONS IN COAL

A few days ago the public despatch from Washington, U.S.A., announced to the world that the Lehigh and Wilkes-barre Coal Mining Companies had paid a special cash DIVIDEND of **150 p.c.** on a Capital of \$9,000,000. Just imagine \$13,500,000 in DIVIDENDS IN ONE YEAR. As millions of tons of this coal which helped to make those MILLIONS of DOLLARS was taken from seams smaller than have been proven to exist on the property now being developed by THE ST. GEORGE'S COAL FIELDS, LTD., there can be no doubt but in the near future you will be reaping a similar reward, IF YOU BUY SHARES NOW AT

ONE DOLLAR EACH.

TO-DAY'S MESSAGES.

MYSTERIOUS BOMB OUTRAGE.

MADISON, Maine, March 5. Somerset County authorities had been unable to-night to find any clue to the person who mailed a package containing a bomb to Dr. John L. Pepper, aged fifty-five, of this town, who was seriously injured by the resulting explosion when he opened the package to-day. Physicians of hospital in Skowhegan, to which he was taken, said that he had a chance of recovery. Dr. Pepper's right hand was blown off, his left hand and lower jaw were severely injured, and his eyes were filled with powder. It was found necessary to amputate his right arm just below the elbow. He did not lose consciousness, and was able to talk to physicians while being taken to hospital. He could throw no light on the reason for sending the bomb, and said he did not know who had it in his mind.

MINISTER RELEASED.

DUBLIN, March 15. Rev. J. A. Irwin, Presbyterian Minister, who last month was sentenced to one year in prison, after conviction by a court martial, for having a revolver and ammunition in his possession, was liberated from Belfast Jail to-day. General Sir Neville MacCreedy, military commander of Ireland, remitted the remainder of Irwin's sentence on account of ill health.

COME AND SEE.

RIGA, March 15. Kronstadt authorities have transmitted a wireless message, inviting foreign correspondents to come to

Kronstadt and be convinced with their own eyes of the falsity of Bolshevik accounts of the revolt. At Krasnoyarsk railwaymen refused to transport the Red army. The Bolshevik War Minister, Trotsky, ordered the execution of many of the Petrograd Commissaries for inefficiency during the first days of the revolt.

BARTLETT IN COLLISION.

NEW YORK, March 15. In a dense fog off Little Egg Inlet, N.J., to-night, the United States Shipping Board steamship, Invincible, bound for Norfolk, collided with the army transport Madawaska, incoming from Manila, damaging the transport severely and necessitating radio calls for immediate assistance. The Madawaska, carrying passengers, was struck amidships. The first message said she was taking water rapidly. However, a radio received at eleven p.m. from her commanding officer said he had all boats swung out, and would await daylight, when he would transfer his passengers to the Invincible, which apparently was not seriously damaged. The Invincible reported she was standing by, playing her searchlights on the crippled transport, and prepared to render whatever assistance was necessary. At midnight a message received here stated that number one hold of the transport was filled with water, but that number two hold was still dry and the vessel was in no danger of sinking. The Madawaska carries forty-six passengers, including twelve soldiers, who were taken on board at San Francisco and the Panama Canal zone. The ship is commanded by Capt. Robert A. Bartlett, who was in charge of Rear Admiral Robert Peary's ship

Roosevelt on the expedition which discovered the North Pole.

JAPAN IS AMBITIOUS.

WASHINGTON, March 15. Embarkation, by Japan, on an elaborate programme of naval aviation is to be expected, in the opinion of officials, by the recent activity of the Japanese Government in the purchase of airplanes in Europe, and in an endeavor to enlist expert advice of British Naval forces.

EARTHQUAKE IN MINING TOWN.

BUENOS AIRES, March 15. A severe earthquake occurred shortly before midnight Monday at the village of Chillecito, a mining town in the Province of Rioja. The extent of the damage is not reported.

EXTRA RESTRICTIONS.

LONDON, March 15. Liners sailing for United States from the British Isles for the next few days, will be almost without third class passengers, as a result of a United States consular order providing for the detention of emigrants for twelve days. Those who intended sailing are being classed, medically inspected, and put under close observation.

MORE OCCUPATION.

DUISBURG, March 15. The arrival of new French occupational forces here may foreshadow the occupation of Mulheim on Ruhr, four miles from here, toward Essen, it is thought.

INSTRUCTIONS ISSUED.

COBLENZ, March 15. Principles to be followed in the collection of customs and the outflow of a new tariff zone along the Rhine, are contained in a statement sent by the Allies to the Rhineland Commission.

TYROL DEPIES AUSTRIA.

VIENNA, March 15. Asserting that there is no federal law prohibiting a vote of expression of sentiment, Tyrol has defied a prohibition of the Central Austrian Government, relative to the holding of a plebiscite on the question of fusion with Germany.

WOMAN KIDNAPPED.

CHICAGO, March 15. Fears are expressed that Mrs. Clifford Victor Herbert, daughter-in-law of Victor Herbert, composer, who has been missing from her home since Saturday, has been kidnapped.

CUBAN ELECTIONS.

HAVANA, March 15. Dr. Alfred Zayas Alfonso, and candidates of the Conservative Popular Coalition Party made practically a clean sweep in the partial elections held yesterday in the various provinces of Cuba.

GATHERING STRENGTH.

COPENHAGEN, March 15. Fifty thousand men have been gathered at the Fortress of Kronstadt, and the number is increasing daily, says a Helsinki despatch. Wireless says Kronstadt is receiving necessary provisions, and has ammunition for three years. Victor Tchernoff, former Minister of Agriculture with Kerensky, who is said to have engineered the counter revolution is reported negotiating with the Bolsheviks flight with a view to making the Soviet Government more democratic.

TRADE AGREEMENT SIGNED. LONDON, March 15. A trade agreement, under which commercial relations will be resumed

between Great Britain and Soviet Russia, was signed here this morning on the principle that Russia will cease all propaganda outside that country, and Great Britain will observe neutrality regarding Russian internal affairs after being given due recognition.

Charged With Murder of Wife.

MONCTON STIRRED OVER ALLEGED BRUTAL SLAYING.

Moncton, N.B., March 9.—Charged with the murder of his wife, Minnie Berry, Ezekiel Berry, of Forest Hill, Albert County, was arrested yesterday by provincial constable Dryden. The coroner's jury called to examine the body of Minnie Berry after her death on December 12, 1920, failed to agree that the circumstances surrounding the events were accidental, as her husband is said to allege, and Berry's arrest is the sensational culmination of a probe ordered by the Attorney General's department.

Berry is alleged to have stated that his wife was drowned in a spring a short distance from her home at Forest Hill on the morning of December 12th. The coroner's jury is said to have found one side of Mrs. Berry's head bruised and swollen, and marks on the throat from which blood was oozing.

Consable Dryden brought his prisoner to Moncton last night and he will be given a preliminary hearing this afternoon. Berry has three children.

Quebec Man Now Tells About the Splendid Results

Gagnon Couldn't Eat, Sleep Or Work To Do Any Good Before Taking Tanlac.

E. Napoleon Gagnon, of 53 1/2 Salisbury St., Quebec, well known machinist for the Canadian Pacific Railway Co., is still another who has cause to be glad he was induced to give Tanlac an honest trial.

"When a man gets no satisfaction out of eating, can't sleep and feels worn out all the time he is in pretty bad shape," said Mr. Gagnon, "and that was just my condition before I got Tanlac. Indigestion and stomach trouble robbed me of many a good meal, and I would suffer for hours after eating the least little thing. I lost my appetite, was falling off in weight right along, and had little or no strength. A good night's sleep wasn't even to be thought of, and I was going down hill so fast I was almost in despair.

"One day I was telling one of the men where I work of my condition, and he told me that he used to suffer like I did, but had gotten complete relief by taking Tanlac. This was enough to decide me, and I can never thank my friend enough for putting me on to the medicine. Why, it has given me such an appetite that I eat like a wood chopper now, and I have picked up ten pounds in weight. My stomach never troubles me a bit, and I sleep like a log every night. Tanlac has helped me just like it was made especially for my case, and I'm more than thankful for the good health it has given me."

Tanlac is sold in St. John's by M. Connors; in Paradise by Mrs. Martin F. Byrne; in Upper Gables, by Heber Andrews; in Portland, by H. C. Haines; in St. Joseph, Salmonier, by Mrs. J. Gushue; in Marytown, by Esplanade Valley Royal Stores, Ltd.; in Flat Islands, by William Samson; in Jamestown, by Christopher Haines, and in Lewisporte by Ulrich Freake.—adv.

Horses Races at Placentia.

Editor Evening Telegram. Dear Sir—As a great many of your readers are somewhat interested in some of our horses here, I would ask you to publish the following report of the Horse Races which took place yesterday.

Yours truly, SPECTATOR. Placentia, March 14, 1921.

There were four entries, 1 pacer and 3 trotters in the race, which was decided in the best 2 out of 3 heats. Minnie, the pacer, owned by Thomas Croucher, won the first 2 heats easily; Prince, owned by John Phippard, came an easy second. In both heats the trotting horses broke a number of times and lost badly at the starting point. The ice was in fairly good condition, but the rain made it unpleasant for the spectators. The course was about 5/8 of a mile.

The entries were as follows: 1st—Minnie, owned by Thomas Croucher. 2nd—Prince, owned by John Phippard. 3rd—Trix, owned by Geo. Kelly. 4th—Brandy, owned by Edward Fulford.

This Man Gives the Reason Why.

RECOMMENDS DODD'S KIDNEY PILLS FOR KIDNEY ILLS.

John T. Major Suffered From Sore Back, Rheumatism and Kidney Troubles and Got No Relief Till He Used Dodd's Kidney Pills.

Island, Cap la Ronde, Richmond Co., N.S., March 15th.—(Special).—Mr. John T. Major, a well-known resident here, is advising all his friends who suffer from kidney trouble to use Dodd's Kidney Pills. And Mr. Major gives his reason:

"I suffered from kidney trouble for years," he writes, "I also had rheumatism in my back and down one leg, and sometimes I could not walk. I tried different medicines but did not get any lasting benefit till I used Dodd's Kidney Pills. It is now two years since I first took them and I am in the best of health to-day. I still keep Dodd's Kidney Pills on hand and take one occasionally."

Dodd's Kidney Pills are a kidney remedy. They are taken for backache, rheumatism, diabetes, dropsy and urinary troubles because each of these diseases comes from sick kidneys. Ask your neighbors if Dodd's Kidney Pills are not the remedy for derelict or weak kidneys are calling for.
