TO-DAY'S MESSAGES.

Star of the Sea Association.

BURIED IN SNOW.
WASHINGTON, Jan. 30. Buried under one to two feet of snow by the severest storm in several decades, Middle Atlantic States spent Sunday in a valiant but mostly vain effort to resume activities suspended when the storm swept up from the South on Friday night. Heavy sales prevailed from Cape Hatteras to Cape Cod.

FOUND THE DEATH BOMBS.
CAIRO, Jan. 30. Police informed of a plot to assassinate Khalek Serrat Pasha, Minister of Justice for Egypt, raided certain houses and found six bombs ready for use.

TURKISH FLAGS HALF MASTED.
CONSTANTINOPLE, Jan. 30. Council of Ministers ordered the half masting of Turkish flags on all public buildings, in honor of the late Pope Benedict. This was the first occasion in Turkish history of the Ottoman Government officially taking part in mourning for the death of a Christian foreign sovereign.

FOR ABSOLUTE REPUBLIC.
PARIS, Jan. 30. In a statement to the Echo de Paris, Edmond De Valera says "my policy in Ireland is to win the full independence for which we have struggled for years. The Republic of Ireland exists. An attempt is being made to substitute for this another form of government. All my efforts aim to preserve it as it is, without permitting the modification of anything essential in the constitution. In addition, and it is a grand task we are going to work to get the Republic of Ireland recognized by foreign governments." It was pointed out that in view of the Anglo-Irish pact, it would be difficult or impossible for foreign governments to recognize an Irish Republic, to which Mr. De Valera replied "the pact in question is as yet only a project. I consider the agreement null and void. In the near future the date has not yet been fixed but men and women of Ireland will vote and thus make known their sentiments on the agreement proposed by England. A general election will decide the fate of Ireland."

OBJECT TO SCHOOL POLICIES.
WINNIPEG, Jan. 30. To locate on land purchased at Durango, Mexico, approximately 1500 Mennonites from Southern Manitoba and Saskatchewan will leave about March 1, railway officials here state. The school policies of the western provinces are responsible for the Mennonites leaving. They have purchased two hundred thousand acres of land in Mexico, upon which five hundred thousand dollars have been paid.

BRITAIN PREPARED TO MAKE TERMS.
LONDON, Jan. 30. The basis on which the British Government would be willing to terminate its Egyptian protectorate, recognizing Egypt as a sovereign state, and agreeing to establish an Egyptian Parliament, is announced in a statement officially circulated last evening by the foreign office. The statement says "there appears to be an impression in some quarters that Great Britain has abandoned, or is about to abandon, her liberal attitude toward Egyptian aspirations, and desires to make use of her special position in Egypt to maintain a political and administrative system there incompatible with that freedom which she has declared her willingness to recognize. This is not the case. The policy of his Majesty's Government is founded upon the following principles: while unwilling to cede to disorder or violence what they are prepared to grant on its own merits, his Majesty's government have explicitly stated their readiness to invite Parliament to terminate the protectorate which was declared in 1914, to recognize the existence of Egypt as a sovereign state, and to agree to the constitution of an Egyptian Parliament, and the establishment of an Egyptian Ministry of Foreign Affairs, as soon as they are satisfied as to the following conditions, which they regard as vital to the interests both of Egypt and Empire: "They must have full and effective guarantees, first that imperial communications, to which Egypt is the essential, are assured; second, that Great Britain retain both the right and the power to afford that protection to foreign communities in Egypt, which the governments of these peoples, in existing conditions, look to her to supply; and third, that Egypt be safeguarded from foreign interference or aggression direct or indirect."

The Star Movie Co. Testimonial.

Jan. 21st.
Mr. Walter White,
Commission Agent, City.
Dear Sir,—In answer to your enquiry, the young Victor Safe, would say that at the time of our recent fire we had in our office, which was situated at the top of the theatre, a small Victor Safe. The theatre was completely burned to the ground. Two days after the fire we discovered this safe in the ruins. We there opened it and found the contents, consisting of papers and coins, as we recalled them previous to the conflagration. Yours truly,

DO YOU REALIZE WHAT YOUR RECORDS MEAN TO YOU?

Have you ever read that part of your fire insurance policy which says: "The insured shall produce for examination all books of account, bills, invoices and other vouchers, or certified copies thereof, if the original be lost?"
Could you produce this vital proof of loss sustained on the day after the fire?
You will remember the night the Star of the Sea Hall was destroyed, and the above testimonial shows how well the Victor Safe stood the test. Let us provide you with protection that is accessible and efficient.
