Mr. E. L. Ouimet has offered \$500 to the National Club to be added to the amount it would be willing to pay Lalonde to secure his services. In a letter to the 'Presse' Mr. Ouime says in part: "I agree that it is not material for a team that we need, but rather able management. As the directors are elected for one year, I urge that the association engage a captain who can take charge of the men, and if there are some directors not sufficiently business'ike to understand that we ought to pay a man like Lalonde what he asks. I undertake personally to subscribe \$500 to add to the sum which the National A.A.A. will decide to pay him for his services in the

have already been promised to Nationals to help the directors to get together a winning team. In addition to this, a subscription, and it will probably be generous one, has been promised by Mr. Rodolph Forget, the amount at present not being stated.
