The recent panic in the Salvation Army Citadel has resulted in an important recommendation being made by Engineer Graydon and Fire Chief Clark to the ity council, and it will come up at the

city council, and it will come up at the next meeting of that body, a week from Monday night.

After carefully considering the matter, the engineer and chief have come to the conclusion that, in the public safety, it is necessary for the city council to pass a bylaw prohibiting the setting off of fireworks on the stages of public places, and particularly in churches and all such places as the Salvation Army Barracks. It is pointed out that when church festivals are going on, the buildings are invariably decorated with bunting, flags, cedars, etc, and fireworks at such places are always extremely dangerous.
