MATERNITY HOME—Private, Mrs. T. White, 1009 Maitland St. Phone 1642J. Have you ever stopped to consider that you have a right to good health, that your friends, men, women and children, have a similar right and that good health is not a lesser right but is your sovereign right? Do you suppose such people as Henry Ford, Warren G. Harding, Chas. Schwab or John D. Rockefeller would accept chiropractic if it was not the one sane, reasonable and natural way of realizing this sovereign right of good health? Chiropractic is so natural, so reasonable, so in accordance with the divine plans that no thinking man or woman would reject it when he or she has considered the complete fact. Some people might say chiropractic is no good for an organic disease; that is not the truth. There is no healing art, science or profession in the world today that gets the natients well as chiropractic is sent and the said. S YOUR health of any value to you? in the world today that gets the patients well as chiropractic does, and patients wen as enfropractic does, and the reason is very simple. We remove the cause. If your health is of any value to you, consult a chiropractic. Get well the natural way. Dr. R. R. Fonger, D.C., Ph.C., Chiropractic Physician, 195 King St., cor. Talbot. Phone 7186J. Your Personality In Want Ads If you wish a demonstration of the possibilities of personality in selling, attend a country auction and observe the 'colonel." A successful auctioneer always has his following -people who will go far just to watch him in action, laugh at

WANT AD TIPS

his jokes, be entertained by his tilts with the crowd. His Personality isn't doomed, like a new suit-it's given us when we're born. It can't be simulated for use in Want Ads -the advertiser must possess it. Every little while, though, someone with appealing personality reveals that personality, in original manner, in his Want Ads. And he profits, because, like the individual ways of the good auctioneer, his personal Want Ad interests readers, makes them smile, draws them nearer to him.

A certain storage and moving man has Want Ads which always "stick out" from others, because they are in amusing verse form. The advertiser indulges his bent for versifying. The meter is far from perfect, but the man's comment on local affairs, the weather, etc., always with a tie-up with service given in storage and moving, makes a hit.

A business chance advertiser always takes several lines at the top of his detailed listing with matter of an inspirational nature. One Want Ad had this: "Garner up pleasant thoughts, for pleasant thoughts make pleasant lives. John Wilkins.' In his city, this man is an "old-timer." known for his philosophical outlook on life. The inspirational matter he uses is in keeping with his personality. He uses, incidentally, the slogan, "The Pioneer and Acknowledged Leader. Established 36 years."

In many other ways than these, the Want advertiser can put personality into his Want Ads. I have observed that earnest, sincere men and women, whose Want Ads "ring true," reflecting personality, get good results with Want Ads. The world likes to deal with earnest, sincere people.
