

From THE DAILY COLONIST, August 27.
BOARD OF ALDERMEN.No More Horse Racing to Be Allowed
in Beacon Hill
Park.Oakland Estate Will Have a Fire
Hall and a Volunteer Fire
Company.

At last night's city council meeting all the board were present, and the list of business was disposed of with exceptional celerity. The statement of the receipts and expenditure in connection with the Queen's Birthday celebration of 1895, was received from Beaumont Boggs, the general secretary. The balance on hand is \$102.

It was decided to pay the costs agreed upon with Hunter & Duff in Haell and the cemetery by-law, and W. J. Taylor, city solicitor, wrote suggesting that as soon as the results of the outside engineer's examination of Mr. Wilmot's calculations in Coughlan & Mayo vs. the City are made, the council or a committee should meet Mr. Taylor to decide whether or not an appeal should be taken from Mr. Justice Drake's judgment. The matter of the conference was left with the mayor to arrange.

M. & L. Young wrote complaining that they were discriminated against in their water rate.

Ald. CAMERON said that the present water by-law discriminated unfairly and should on that account be altered.

Ald. WILSON suggested a return to the old rates. The amendments had been made in the by-law to give people with large gardens and lawns a chance to get enough water to keep them green.

Ald. MACMILLAN was for the pipe frontage tax on property.

Ald. MACMILLAN pointed out that people who used metres had in some instances to pay more for watering their lawns than people who had no metres.

On Ald. CAMERON's motion it was decided to inform Young Bros. that the council were considering the matter complained of in their letter.

Tom Kaine wrote asking that the two posts marked "private lane" be removed from a lane between Lewis and Menzies street, as it was not private property.

It was referred to the city surveyor and streets committee to report.

Mr. Hutcheson, engineer of the electric light department, reported that the Wm. Hamilton Co. were entitled to five days' pay for their engine—the time between the acceptance of the electric light steam plant and its final taking over. The company had claimed eighteen days.

The report was adopted.

A number of Oakland estate residents petitioned for a fire hall and hose cart and the fire wardens reported in favor of granting the petition. Mr. N. Sabin having given a free site for the hall. The fire hall would cost \$180 and the hose and other material would be on hand and would be operated by a volunteer company, which was organized as a result of the meeting last week.

Ald. MACMILLAN spoke strongly in favor of adopting the report, and at the same time put in a word for a hydrant on the George road.

Ald. BRAGG and Wilson, and other members, favored the report, and Ald. PARTRIDGE pointed out how such a fire hall as suggested would greatly relieve the regular department. The report was adopted.

The recommendation of the fire wardens for \$200 for an exercise wagon was carried, Ald. CAMERON objecting.

Horse racing in the park was condemned by the park committee as dangerous to the public, and they recommended that in future racing be prohibited.

This was adopted.

Ald. PARTRIDGE noted that the sea wall on Dallas road was gradually being washed away, and suggested that the street committee might have men crib with drift wood along the road.

Ald. WILSON referred to the James Bay mud flat stretch as unbearable. Some method should if possible be taken to improve this. He would also like to see the Dallas road attended to if possible.

Ald. BRAGG spoke up for the roads in North Ward. If there was any money it should be used to improve the streets.

Ald. WILSON wanted to have the drains opening on the beach attended to.

Ald. HUMPHREY feared that retaining wall was too costly to tackle this year.

Ald. MACMILLAN supported Ald. PARTRIDGE in hoping that something would be done to stop the encroachments of the sea on the Dallas road.

Ald. MACMILLAN's motion to the effect that the tax notices sent to each ratepayer have on them the proportion of taxes to go to every department of the city, was the subject of considerable discussion. There was some difference of opinion as to whether the matter should be set out, and though Ald. Macmillan wanted a vote taken then and there, it was thought advisable by the majority to lay the motion over for a week.

Ald. WILSON suggested to the Mayor that a public holiday be proclaimed for Labor day, and His Worship promised to consider it.

The council adjourned at 10.30.

ALBERT'S GOLD FIELDS.

W. J. Sutton has just returned from the Albert gold fields, having spent the past two months in an examination of the country in the vicinity of China creek, under instructions from the Minister of Mines. Mr. Sutton, when asked for information as to the mining prospects, etc., stated that he could not very well give anything in particular regarding some of them as he was preparing a report to the government, which would be completed in short time.

He has brought down a number of large samples, showing fine gold scattered all through the rock. The samples have been taken from the Missing Link, Champion, Albert and Starlight claims, and are certainly remarkably rich for surface prospects.

Mr. Sutton states that he is preparing a map for the mining district, showing the location of all the claims recorded up to date, giving the mountains, creeks and rock formations, which will be a valuable aid to prospectors going into the district.

The new angel smiled.
"Are there any men here in heaven?" she asks.

"Yes; there were men here in heaven."
"Well," she observed, "I guess you'd better fit me with an angel halo or else give me a back seat."—Detroit Tribune.

A New York Compilation.—"Hi there!" exclaimed Jimmy Burgle.
"What's the matter?" asked his fellow prisoner.

"De warden's looked hesself in and lost his keys. He says you an me ter help git 'em out."—Washington Star.

THE CITY.

St. ANN's academy and the Sisters' kindergarten reopened for the Christmas term yesterday.

The place of meeting for the travelling dairy has been changed from St. Luke's hall, Cedar Hill, to Colquhoun hall, Lake.

The members of the Juvenile Opera Co. have decided to give Mrs. Lang, their manager and instructor, a benefit performance at an early date.

The Governor-General and Lady Aberdeen visited the Salvation Army shelter yesterday afternoon, and expressed themselves as highly pleased with the excellent arrangements.

The members of the Epworth League of the Pandora avenue Methodist church were last night entertained in a very handsome manner at the residence of Mr. A. B. Erskine, Alfred street.

Mrs. HUMPHREY WARD's new novel, upon which she has been at work for the past two years, will be called "Sir George Trevelyan." It will appear as a serial in The Century, beginning with November.

A new candidate for the attention of British Columbia readers has reached the fourth number. It is christened "The Idler," and published in Vancouver where its projectors were convinced it would fill a long unmet need. The idea "starts life with the determination to be humorous once a week."

Mr. THOMAS HARMAN, of this city, has received a handsome photograph portrait of Admiral Stephenson from that distinguished officer, who thus remembers a shipmate's acquaintance on the Chias station in the old Euryalus thirty-three years ago. It is needless to say the souvenir is deeply prized by the recipient.

The city police are making special inquiries, by request of the Morse Detective Agency of San Francisco, for Harry W. Eagles, a stonecutter by trade and a resident of this city as late as 1873. Mr. Eagles was born in New York State, and if he is still living is about sixty-two years of age; a fortune awaits him or his lawful heirs.

Two gentlemen, well known throughout the province and especially in this city, Mr. M. T. Johnston and Dr. E. C. Foot, had an exciting experience on the trunk road near Duncan a day or so ago, their equipages coming in collision and both gentlemen being badly cut and bruised. A too-busy little wasp is said to have been the exciting cause of the misadventure.

Upwards of thirty Scandinavian residents, ladies and gentlemen, met at the Hotel Victoria last evening and decided upon the organization of a new national society, which will bear the name of "Val-hall." Mr. A. Henderson was elected as temporary chairman and Mr. George Amorson as secretary pro tem.

The arrangements for Sunday's excursion to Cape Flattery by the Rosalie were altered at the last moment, and the steamer went instead to Port Angeles, where the excursionists—over one hundred in number—enjoyed equally as pleasant a day as though they had gone for a longer sea voyage.

The excursionists were made aware of the change of plans before leaving Victoria, and it was made optional whether they had their tickets money refunded or "took in" the excursion. At Port Angeles a stay of four or five hours was made, and among the sports enjoyed was the yacht race, in which Victoria craft were competitors.

The sisters, from New Westminster, of the Good Shepherd, are engaged presently in soliciting aid from the charitable disposed for their 60 or 80 orphan children, all of whom are dependent for support upon the sisters, who by their own exertions have provided a home for them, feed them, clothe them, and now have to beg for them. The orphanage has recently been visited with measles, as many as 24 of the children being prostrated with the malady at one time. They are all round again and in the enjoyment of good health. The outbreak has occasioned much expense, hence the present appeal, to which a generous public will be glad to willingly respond.

The Mayor, who was acting as commander of the expedition, was reserved as his coup de main, an exhibition of the working of the fire brigade. Chief Deasy had apparently been given a quiet hint, for at about the time the call was expected to come in even the horses seemed to realize that something was about to happen, and hence the present appeal, to which a generous public will be glad to willingly respond.

"A TRIP TO CHINATOWN."

His Excellency the Governor-General and His Party See "The Quarter" by Daylight.

The Chinese Benevolent Society presents an Address—A Disloyal Fire Alarm Box.

Chinatown was honored yesterday with an informal visit from His Excellency the Governor-General and his party, the latter on this occasion including the Countess, Lord Haddo, Lady Marjorie, Hon. Dudley and Archie Gordon, the Misses (Monk—two lady friends who are at present guests of the vice-regal occupants of Carey Castle—Mr. Ferguson, Dr. Gibson and Rev. Dr. Weldon of Harrow. Their escort for the trip was headed by His Worship the Mayor, with Ald. Cameron and Chief of Police Sheppard; a detail of the latter's veterans made up the retinue. An hour or two was spent in "the quarter," which for the occasion had been swept and brushed and polished to such a degree that the fashion as the oldest inhabitant and the distinguished visitors had the satisfaction of seeing much that was new and strange and interesting to them—from the joss house down to the funny little Teibly-footed ladies who enjoy the distinction of having the fashion as the oldest inhabitant and the distinguished visitors had the satisfaction of seeing much that was new and strange and interesting to them—from the joss house down to the funny little Teibly-footed ladies who enjoy the distinction of having the fashion as the oldest inhabitant and the distinguished visitors had the satisfaction of seeing much that was new and strange and interesting to them—from the joss house down to the funny little Teibly-footed ladies who enjoy the distinction of having the fashion as the oldest inhabitant and the distinguished visitors had the satisfaction of seeing much that was new and strange and interesting to them—from the joss house down to the funny little Teibly-footed ladies who enjoy the distinction of having the fashion as the oldest inhabitant and the distinguished visitors had the satisfaction of seeing much that was new and strange and interesting to them—from the joss house down to the funny little Teibly-footed ladies who enjoy the distinction of having the fashion as the oldest inhabitant and the distinguished visitors had the satisfaction of seeing much that was new and strange and interesting to them—from the joss house down to the funny little Teibly-footed ladies who enjoy the distinction of having the fashion as the oldest inhabitant and the distinguished visitors had the satisfaction of seeing much that was new and strange and interesting to them—from the joss house down to the funny little Teibly-footed ladies who enjoy the distinction of having the fashion as the oldest inhabitant and the distinguished visitors had the satisfaction of seeing much that was new and strange and interesting to them—from the joss house down to the funny little Teibly-footed ladies who enjoy the distinction of having the fashion as the
