DEFEAT IN THE LORDS.

Amendment to the Land Bill Carried by Almost Two to One.

Li Hung Chang Visits Her Majesty at the Isle of Wight.

LONDON, Aug. 5.—When the royal yacht Alberta arrived at Cowes, Li Hung Chang was received with naval honors. He was driven from the landing to Osborne House in a royal carriage, and upon his arrival there was shown to the apartments set aside for his use. He was then presented to the Prince of Wales and the Duke of York in the reception room. The Prince of Wales observed when the Chinese envoy was presented to him that he would have recognized him immediately from his photographs. The Prince added that doubtless, in his travels in Russia, Germany and France, he had seen large armies, but to-day he would see a magnificent fleet. Li Hung Chang and his suite, Lord Salisbury and others took lunch together at Osborne House, while the Queen and other royal ladies took lunch in a private apartment. Afterward the Chinese envoy was ushered into the presence of the Queen, who was seated in a small gilded chair, dressed in black and surrounded by the members of the royal family.

Lord Salisbury presented Li Hung Chang and in response the Queen bowed to the nation's guest but did not rise. Li Hung Chang then read a speech in the Chinese language, which his son, Viscount Li, translated. He said in substance that he had been commanded by the Emperor of China to pay his respects to Her Majesty, and that he had travelled many miles to carry out this mandate. He then handed to the Queen a large yellow silken envelope, containing his credentials. The Queen, in replying, said that she was glad to see His Excellency and remarked that he had had a long journey. Her Majesty also said that she reciprocated the good will of the Chinese Emperor, the Queen for the first time arose and remained standing while Li Hung Chang retired from her presence, bowing.

Li Hung Chang afterwards boarded the royal yacht Osborne to be presented to the Princess of Wales, who, kodak in hand, took a photograph of the great Chinaman as he approached the yacht. After taking tea on board the Osborne, Li Hung Chang returned to the royal yacht Alberta, which then steamed back to Portsmouth through the Solent. The vessel was manned by the yacht passed and Li Hung Chang did not conceal his admiration at the imposing spectacle, comprising some forty-seven vessels of the British navy, of which twenty-seven were battleships. This is the strongest British fleet assembled since the review in honor of the Queen's jubilee.

A Lisbon despatch to the Times says: "The foreign office has communicated a note to the newspapers to the effect that Portugal, whose good offices were accepted by England and Brazil, has awarded the island of Trinidad to Brazil. All the Lisbon newspapers praise England's nobility and promptness in accepting the award."

A representative of Reuter's telegram company was, however, informed to-day from a reliable source that all the state-

ments made to the effect that Great Britain has acknowledged the sovereignty of Brazil over the island of Trinidad, off the coast of Brazil, are premature. It was, however, stated that a solution of the question in favor of Brazil is not impossible.

A body of Mahometans, which broke through the cordon of Turkish troops at the third attempt, advanced to attack the insurgents near Coprana, but were met by the latter and repulsed with heavy loss. The Cretans captured the arms and ammunition of the Mahometans and pursued them back to the Cordon.

The trouble in the province of Valencia, Spain, nominally due to the imposition of new taxes, is believed to be the results of a republican movement. The patrol of gendarmes have captured several bands and a squadron of cavalry is now in pursuit of a band, which tried to enter a village near Valencia. No disorder has occurred in Madrid.

A despatch from Brussels to the Chronicle, giving an account of the trial of Major Lothaire for the execution of Stokes, an English sergeant, who was killed by the latter, during the war in Africa, says: "The crown prosecutor made a four-hour speech which, from beginning to end, was a complete justification of Major Lothaire, ending with a demand for his acquittal, which is certain to be accorded."

LONDON, Aug. 6.—The debate on the Irish land bill developed into a defeat of the government on Viscount Templeton's amendment, asking that the value of the improvements mentioned in the several clauses of each heading should be ascertained and the fair rent be based on the assumption that all the improvements had been made or acquired by the landlord.

The Marquis of Lansdowne said that the government could not accept the amendment as it would overburden the land commissioners with minute details and involve great expense. The Marquis of Londonderry, the Earl of Mayo, the Earl of Winchester, the Duke of Abercorn and others supported the amendment, which was finally adopted by a vote of 127 to 67 amid cheers from the gallery. The Marquis of Salisbury and the opposition peers supported the government.

Several verbal amendments were then carried. Baron Inchiquin, Conservative, moved that no reduction be made in the fair rent by reason of the mere right of occupation of the vested tenant. The Marquis of Lansdowne opposed this motion on the ground that it was unnecessary, but nevertheless it was adopted without a division.

The Earl of Dunraven moved a new clause to the Irish land bill to facilitate the landlords' purchase of tenants' improvements.

The Marquis of Lansdowne said that it was a novel proposal and was foreign to the scope of the bill.

The Earl of Dunraven thereupon commenced his speech. A long discussion followed on Baron Clonery's amendment to clause 4 to exclude from the operation of the bill holdings to the value of £50 yearly instead of £100.

The Marquis of Lansdowne and the Duke of Devonshire declared that the government could not accept this amendment, as it would be a denial of justice to that class. Baron Clonery's amendment was carried by a vote of 107 to 69, in spite of the government's opposition.

Baron MacNachtan, then moved the omission of clause 5 relating to town parks. The Marquis of Lansdowne and Baron Ashbourne contended that this clause was non-contentious, but nevertheless, the clause was omitted by a vote of 96 to 77.

The House of Lords finally adjourned at midnight. It was understood that when the Irish land bill returns to the House of Commons the government will have to move to disagree to the various Peers' amendments, which were carried against the government to-night. The Lords then persist in maintaining their amendments, there will be no alternative for the government but to drop the bill.

There was a larger attendance of peers than in connection with any measure since the Home Rule bill. The public galleries were crowded, and the public while there is a good attendance of peers, among them the Duchess of Dudley, Countess of Mayo, Lady Wolverton, Countess of Shelburne and Countess Cowper.

Mrs. Jeph Chamberlain was the only woman in the gallery of the peers, and was very unequal. Less than a score of the opposition lords were present, while the Marquis of Salisbury had about a hundred Unionist peers behind him. Rt. Hon. Gerald Balfour, chief secretary for Ireland; Mr. George N. Curzon, parliamentary secretary; Lord foreign office; Sir Vernon Harcourt, opposition leader in the house of commons; Sir Henry Asquith, former home secretary; the Right Hon. John Atkinson, attorney-general for Ireland; and other leading members of the house of commons, were also present to-day.

The government proposes that the select committee of members of parliament to investigate the administration of Rhodesia by the British Chartered South Africa Company, and the circumstances of the Jameson raid, shall be composed as follows: Right Hon. Joseph Chamberlain, Secretary of State for the Colonies; Sir Michael Hicks Beach, Chancellor of the Exchequer; Right Hon. William Harcourt, Dyke, J. C. Bigham, Q.C.; C. A. Cripps, J. L. Wharton, George Wyndham; Right Hon. W. L. Jackson and Attorney-General Sir Richard Webster, all government supporters and the following members of the opposition: Sir William Vernon Harcourt, the Liberal leader in the House of Commons; Sir Henry Campbell-Bannerman, J. E. Ellis, Henry Labouchere, Sydney Charles Buxton and Hon. Edward Blake. It is probable that Rt. Hon. W. L. Jackson, who is member for Leeds, will be made the chairman of the committee, but owing to objections urged to Mr. Labouchere, who has for some time waged a bitter feud against Cecil Rhodes, and the desire of the Parnellites to substitute John Redmond for Hon. Edward Blake, as a member of the committee, it

Government Printing Bureau in Favor—Defeated Patron Candidate to Be Consoled.

OTTAWA, Aug. 6.—Sir Mackenzie Bowell left for Toronto this morning. Last night he had a chat with Sir Charles Tupper in reference to the coming session. Sir Mackenzie expects to be in his place in the upper house, but whether he will lead the opposition there he has not determined, although Sir Charles is very anxious for him to assume that position. Sir Mackenzie's inclination is to quietly drop out of active politics and consequently until such time as he has consulted his friends he will not announce his decision.

The trades and labor council passed a resolution protesting against the proposal to abolish the government printing bureau, and suggesting an inquiry into the cost of printing at present compared with the cost under the contract system. Copies of the resolution will be sent to all labor organizations in Canada, soliciting co-operation.

A Central News despatch in to-day's papers stated that Hon. Edward Blake, at the request of Premier Laurier, had been added to the judicial committee of the royal council. The statement is incorrect, as no request of such a character has gone to England.

HALIFAX, Aug. 6.—(Special)—At the nomination and election yesterday of Minister of Finance, Mr. Fielding he spoke at length on questions of the day. He said he had never been his practice to endeavor to please the electors by lavish promises. "Be slow to promise and quick to fulfill" was a good motto for a minister in public life. He promised to do his utmost to protect the interests of his constituents and of the Dominion at large. Touching upon the French domination cry, Mr. Fielding said there was not the shadow of a cause for alarm. The promotion of a French Canadian to the position of Premier was instead of an occasion for alarm, from one point of view a cause for rejoicing.

MONTEAL, Aug. 6.—A Montreal correspondent says: "It is learned that Mr. Harry Barrett J. Cloran, who ran as a Patron candidate in Prescott, will be appointed secretary to the commission that is to inquire into the Manitoba school difficulty."

WINNIPEG, Aug. 6.—Considerable dissatisfaction is reported in the Liberal ranks over the management of election protests by Major Sutherland, the Liberal whip, who sawed off a large number of persons against threatened Conservative protests. This is learned from the necessary thousand dollars to Toronto law firms, with the expectation that they would be filed, and that was the chief object of the protest. The case of Brockville, Nipissing, Addington, South Wellington, North Victoria, Muskoka and South Lanark. Representatives of the Liberal party in these constituencies have had an interview with Mr. Sutherland since the lapse of the protest, but nothing, of course, can be done. The Liberal no doubt secured full compensation in warding off protests in Hamilton, Ottawa, South Ontario, South Victoria, and elsewhere. Major McGillivray, of North Ontario, has announced that he will oppose the petition lodged against him by the Liberals.

LORD WOLSELEY GLAD.

The Commander-in-Chief Congratulates the Canadian Artillerymen on Their Victories.

British Volunteers Cheer the Success of Their Visitors and Honor the Commandant.

SHOEBURNESS, Aug. 7.—Lord Wolseley, in distributing the prizes to the artillery volunteers to-day, expressed great pleasure at the fact that the Canadian artillerymen had taken part in the competitions and had won prizes. He headed the hoped other colonies would follow Canada's example in the future. He said he had passed many happy years in Canada, felt wrapped up in its destinies and always entertained the greatest affection and respect for its people. Continuing, the Commander-in-Chief remarked: "I am sure that the detachment returns with great pride to our brothers on the other side of the Atlantic, carrying with them the four prizes they have won. They will be able to tell their friends and comrades that during their stay in camp here they were not only received with open arms by all ranks, but that there was a sincere feeling of pleasure upon the part of every artilleryman connected with this great centre of artillery exercises with the fact that they have won the great and highly sought Queen's prize."

Lord Wolseley's references to Canada were heartily cheered. Lord Strathmore, who was present in addition to the Queen's prize the Canadians would take home the sincere congratulations of all the teams that had competed with them and of all the volunteers of Great Britain. The Canadians were vociferously cheered as they received their prizes. Lord Wolseley spoke to each man, expressing his congratulations upon the Canadian victories.

Col. Cole and Capt. Myles, of the Canadian team, were hospitably hosted in chairs upon the shore of the British artillerymen this evening and were carried around the camp bearing the cups won by the Canadians, and were heartily cheered on all sides. The Canadians repeatedly expressed the great satisfaction which they felt at the cordial treatment they had received since landing in England and the generous manner in which their victories over the British artillery teams were received by the latter, and by the volunteers in general.

MOUNT LEFROY'S VICTIM.

WINNIPEG, Aug. 6.—(Special)—A despatch from Lagan, B.C., states that the body of Phillip S. Abbott, of Milwaukee, who met his death on Monday by falling from a cliff, has been recovered and will be taken east to Boston for interment on Saturday. When Mr. Abbott met his death he was making the first ascent of Mount Lefroy by its western slope. All went well and safely until the others came to the foot of the cliff, where they reached the first cliff. Here a rock chimney was to be ascended. Under his instructions the party being in a safe position unroped while he made the ascent in order to fix a rope by which the others could ascend. It is probable that his handhold or foothold gave way, and he fell a distance of forty feet, landing on the snow slope at the foot of the chimney. On this he descended some nine hundred feet, where he stopped on a rocky plateau above a second precipice. The ropes having failed to hold, the other members of the party were compelled to use the utmost care in descending to where he lay in the very line they had travelled. He was breathing but obviously unconscious when they reached him. An endeavor was made to bring him down, but he expired in a few moments, and they were obliged to temporarily leave the body where he lay at a point over ten thousand feet above sea level.

NEWS OF NORTHWEST.

EDMONTON, Aug. 7.—Fifty armed settlers of St. Albert threw the house and furniture of L. Como into Big lake. Como had "jumped" land between what was high water mark in old times and where the water is now. Inspector Snyder took four men to the scene, but he has wired Fort Saskatchewan for a detachment of police that is at St. Albert now.

THE ORETA QUESTION.

LONDON, Aug. 6.—The Times, in an angry article, complains of the German press for denouncing and abusing Lord Salisbury because he refused to join in a blockade of Crete. It says: "It is not improbable that if a blockade had been started Germany would again discover that she had no ships available for the purpose. It is not dignified to stand aside and incite other nations to do what she is not prepared to do herself. To make Crete a cockpit in which opposing forces might fight out their quarrels would be a most effectual method of producing a European war, unless the powers were most completely in agreement."

A despatch from Berlin to a news agency says that it was stated that the various European courts have received letters from the royal family of Greece, saying that King George may abdicate in favor of the crown prince if Greece is compelled by the powers to desist from her aspirations to make the island of Crete a part of the Grecian dominions.

SOMETHING WORTH HAVING.

WINNIPEG, Aug. 6.—(Special)—General Superintendent Whyte, of the Canadian Pacific, left for the Kootenay country in his private car, accompanied by Lieutenant Governor Patterson, Mr. J. A. M. Aikens, Q.C., and Mr. Irving, general manager of Bradstreet's, Toronto. Their trip is only to have an important bearing upon the mining country, which is now being opened up, Mr. Irving said: "If we can only convince and make the people of Great Britain feel that there is something worth having in that gold mining district, we can make them invest some of their millions in properties now awaiting development, and which undoubtedly are very valuable. English capitalists have been occasionally bitten in Canada, but at present they are paying brokers to handle and take care of their money. Trade in Ontario and the East is quiet, but it is not so dull as in the United States."

LINDSAY, Aug. 6.—Fred Hawkins, holder of the Port Hope, and a small even while bathing. Hawkins had the boy on his back when both suddenly disappeared.
