

WORLD'S DEBT TO CANADA

A Wonderful Achievement

Discovery of "Fruit-a-tives" meant health for all

Canada's fame does not rest solely on her furs and wheat fields. Her rise in the esteem of the world is not due to her Cobalt mines. It is the work of her great men that has made her great.

A graduate of McGill University has won lasting renown for his original researches in the realm of physics.

Everyone knows that fruit is wholesome, when eaten judiciously.

Physicians generally recognize the fact that fruit juices have a beneficial effect on the various organs of the body.

It remained for a Canadian physician to discover a process whereby the medicinal action of fruit could be so increased as to make the intensified

juices a wonderful cure.

"Fruit-a-tives" is this combination of fruit juices and tonics. Since its introduction to the public, "Fruit-a-tives" has met with a success accorded to other medicine in the world.

The reason is plain. "Fruit-a-tives" is the one remedy that is actually made of fruit, and is the only remedy that

naturally cures Constipation, Bileousness, Indigestion, Headaches, Rheumatism, Neuralgia, Backache, Kidney and Skin Troubles. At all dealers at 50c. a box, 6 for \$2.50, or trial size, 25c., or from Fruit-a-tives Limited, Ottawa.

ESCUINAC NOTES

Mr. Walter Edwards is spending a few weeks at his home here.

We welcome back again Mr. H. H. Brown who was called away on business to Quebec some months ago.

Mrs. John McKenzie is resuming congratulations on the arrival of twins at their home a boy and girl.

Miss Mary McDonald is spending a few days at her home here.

Miss Minnie Lavie is visiting Mrs. Robert Dickie this week.

Mrs. J. D. Sowerby visited Mrs. John McKenzie of Aboyné this week.

The boys are gone to the woods and everything looks very dull around here.

Goose shooting is the order of the day.

Everybody is busy potato digging and thrashing their grain.

EACH GOT A MOOSE

Mr. F. H. Bailey, of Chippenham, England, before being seized with appendicitis in the Miramichi woods, shot a moose with antlers spreading fifty-six inches.

Dr. C. P. Holden, who went into the woods to attend Mr. Bailey, also shot a moose. He returned on Tuesday with his patient, who is at the Victoria Hospital.

Wednesday's St. John Globe.

TUMOR OF YEARS GROWTH

Removed by Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"Eleven years ago I went to the Victoria Hospital, Montreal, suffering with a growth in the uterus. The doctors said it was a tumor, and could not be removed, as it would cause instant death. They found that other organs were affected and said I could not live more than six months in the condition I was in. After I came home I saw your advertisement in the paper and commenced taking Lydia E. Pinkham's Vegetable Compound. I took it constantly for two years, and still take it at times, and both my husband and myself claim that it was the means of saving my life. I highly recommend it to suffering women."

Mrs. ORILLA BRADLEY, 284 Johnson Ave., Winnipeg, Manitoba.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy—tumor. If you have mysterious pains, inflammation, ulceration or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation, but try Lydia E. Pinkham's Vegetable Compound at once.

For thirty years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills.

Shakeup Promised In Police Circles

Temperance Alliance Gets After the Town Officials and Improvement is Promised

ENFORCE LOCAL OPTION

A warm meeting of the Temperance Alliance was held after the regular service in the Opera House Sunday evening. The attendance was not large, but those present made up in earnestness for the lack of numbers.

The various town officials responsible for the enforcement of the license law, from His Worship Mayor Murray who was present on invitation to the

police officers were severely criticised and His Worship promised that he would bring the matter up at once and have the law properly administered.

The Graphic learns that an effort is being made to procure a thoroughly capable man for the police force, and it is likely the matter will be dealt with at today's meeting of the town council.

LARGEST MOOSE HEAD REPORTED

The largest moose head seen here in recent years was brought to town last week by Alfred Harquail, foreman for the Dalhousie Lumber Co. Its spread is 64 3-4 inches.

Mr. Harquail and a crew of men were engaged in swamping a main logging road for a new operation at White's brook on the International when he killed the moose. He was blazing the road-way in advance of the swamper when he unexpectedly came upon the monarch of the forest, and with a well directed shot brought him down.

The head, although very large is not a pretty one. It has eleven points on one side and thirteen on the other.

JACQUET RIVER

It is some time since anything has been said of this busy little village. Everybody seems too busy to send in correspondence.

Things are rather dull now as most of the boys have gone to the woods. The hay crop was unusually good here, as in other parts of the province. Grain crops, too, were very good and the weather was favorable until lately. The potato crop, however, is a failure. Very few farmers will have any to ship away this fall.

The heavy wind of last Sunday, the 2nd, did disastrous work for the Parish of Belledune. Fire broke out in the new and spacious presbytery of Father Van De Mortel, which had been erected a year ago at a cost of about \$7000 and fanned by the heavy gale, soon got beyond control. The large store owned by Paul J. Devereaux, was directly in the path of the wind and it and the church were saved with great difficulty. Much sympathy is felt for the parishioners, as two years ago they had a similar fire, from the effects of which they were just recovering.

W. R. McMillan's new store is coming along slowly but surely. It will be a magnificent building when completed. Laboring men are hard to procure.

Miss Alice Firlotte has recommended her tall trade in millinery and has some very pretty hats on exhibition. We hope the Jacquet River ladies will avoid the extra large hats. Miss Firlotte has copied some very stylish models from the St. John openings.

Ed. Savoy, shoemaker, is kept pretty busy of late. We hear that another shoemaking shop is to be opened in Archibald's Settlement.

The barbers have more spare time now and after the mills shut down will have a good rest.

Mrs. Paul Doyle has gone on a visit to friends in Roston.

Mrs. P. Regan, after spending the summer with her mother, Mrs. Paul Firlotte, has returned to her home in Boston.

The moving picture show here this week attracted large crowds, who could not be comfortably seated. Some enterprising citizen of Jacquet River should erect a more commodious building for such purposes.

The small pox scare is now a thing of the past. At first it was made light of, but after a vigorous method of quarantine was adopted, its progress was soon checked. All the afflicted families in the surrounding districts have had their quarantine lifted some time ago.

\$100 REWARD, \$100

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. J. CHENEY & CO., Toledo, O.

Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

MONCTON

Moncton is still without natural gas and a street railway, but by this time next year we believe both these institutions will have worn off the novelty.

Mrs. Connolly, who was committed for trial for obtaining money under false pretences, is plying her business as usual and her little lime light episode is only advertising her business. She positively avers she had no intention of "doing anybody."

Not many people are seen drunk on the streets these days. If they get boozed (and there are a few places where they can), Chief Rideout sees they are taken care of behind the bars before they have made much of an example of themselves.

The Thomas Connolly trial did not take very long this time. The first trial the jury stood 7 for conviction and 5 for acquittal. This trial there was 10 for conviction and 2 for acquittal. The prisoner is let go on his own recognizances. Why not another trial? Collins had three.

Mr. Gideon D. Reid of Albert Co., is now in the tools for having thrown a stone through a window, but it did not strike anyone. The question which is being asked now is, "Would it have helped Mr. Reid to get clear if the stone had struck a man and killed him?"

Yesterday an old familiar figure was carried to his last resting place. Mr. Alexander MacAulay, who for over thirty years has stood at Main Street Crossing to warn people of the danger of trains, was followed to his grave on Sunday, Oct. 9th. Many a tear was seen to fall and many a sigh was heard for poor old Sandy, for whom everybody had a good word, and who was the soul of honesty and candour. Sandy was as cheerful as could be expected under the circumstances, for when a young man he had the misfortune to have both his arms cut off near the shoulders, and that is why he occupied the place at the crossing. With his artificial arms he was always ready and willing to do his duty as well as he could and many lives have been saved by his timely warning. Many people wondered why Sandy was not sent home and allowed to draw his pay, rather than endure the living death which was his until one day last week when the welcome end came. He was taken to the hospital for an operation, but was not strong enough to stand it. His funeral was conducted by Rev. D. McDermid, pastor of the Presbyterian church here, of which the deceased was a consistent and much loved member.

SCHOOL STANDING

The following is a brief report of the several grades of the Dalhousie superior school for Aug. and Sept.

ADVANCED DEPT

Highest standing.

Grade X Eliza Wallace, Jean Mitchell.

Grade IX Alfred Kirk, Brian Patts.

Grade VIII Jessie Wallace, Hazel Jamieson.

Grade VII Grace McEwen, Margaret Wallace, Bessie Morton.

PERFECT ATTENDANCE

Beverly Scott, Eliza Wallace, Jean Mitchell, Brenton McKay, Alfred Kirk, Feodora Renault, George Conren, Etta Coleman, Hazel Jamieson, Margaret Wallace, Amanda Roy, Reginald Dean, Geraldine Sheehan, Grace McEwen, Bessie Morton, Glendon Sealey, George LeBaillois.

L. D. Jones, (Principal)

PRIMARY DEPARTMENT

Perfect Attendance.

Grade II Teskey Dunlop, Keays McNeill, Phoebe Palmer, Arthur Coleman, Alma Cameron, Victoria Strong, Donald Campbell, Vera Simpson, Gladys Strong.

Grade I A—Elsie Brown, Charles Stewart, Dorothy Williams, Clarence Auld, Norman Harquail, Osborne Cole.

Grade I B—Kenneth LeTurneau, Alice Campbell, Florida St. Onge, Agnes Barberie, Cecelia LeTurneau, Jasper Robinson, Alfred Power, Edmy Brown, Alexandra Elsliger.

Highest Standing.

Grade II Teskey Dunlop, Keays McNeill, Arthur Coleman, Alma Cameron.

Grade I A—Charles Stewart, Elsie Brown.

Grade I B—Agnes Barberie, Elizabeth Mott, Edmy Brown.

E. V. Harquail (Teacher)

Report of Intermediate Dep't for month of September.

No. of pupils enrolled—31.

Pupils who made perfect attendance—Sydney Jamieson, Greta Jamieson, Grace Campbell, Ruby Wood, Laura Wood, Rosa St. Onge, Jean Jamieson, Mary Bateman, Henry Barth, Frank Winchester.

Pupils present every day but tardy—George McNeill, Walter Winchester, Mabel McNeill.

Highest standing in grade VI Orlo Cook, Mabel McNeill.

Highest standing in grade V Jean Jamieson, Mary Bateman.

Vera McInerney (teacher)

Report of Junior Department for August and September.

Perfect Attendance.—Patrick Power, Manda Roy, William Cameron, Albert Murchie, Robert Coleman, Philemon Methot, Eleanor Bateman, Lillian Bateman, Irene Thompson, Stigres Auld, Emma Greiner.

Highest Standing.

Grade IV—Violet McCay 1, William Cameron 2, Jean Simpson 3.

Grade III—Irene Thompson 1, Eleanor Bateman 2, Gordon Fraser 3.

M. L. Miller (teacher)

For Falling Hairs

You Run no Risk When You Use This

Remedy.

We promise you that, if your hair is falling out, and you have not let it go too far, you can repair the damage already done by using Rexall "33" Hair Tonic, with persistence and regularity, for a reasonable length of time. It is a scientific, cleansing, antiseptic, germicidal preparation, that destroys microbes, stimulates good circulation around the hair roots, promotes hair nourishment, removes dandruff and restores hair health. It is as pleasant to use as pure water and is delicately perfumed. It is a real toilet necessity.

We want you to try Rexall "33" Hair Tonic with our promise that it will cost you nothing unless you are perfectly satisfied with its use. It comes in two sizes, prices 50c. and \$1.00. Remember, you can obtain Rexall Remedies in this community only at our store—The Rexall Store, Thos. Wran.

LOTS TO LEASE.

A number of desirable building lots on O'Leary property to lease at \$10.00 per year. The best for the price in town. Apply to

P. M. Shannon, Duke Street, Campbellton, N. B.

Sept. 15-6 ins.

ST. THOMAS COLLEGE

This institution opened Wednesday with 73 pupils, of whom 60 are from the Chatham public schools. It takes boys who have passed the 6th grade. The fee is \$20 a year. The idea is to provide a denominational school for the sons of Catholic parents. The promoters and teachers claim that this is for the purpose chiefly, of guarding the morals of the lads. They think that the pupils of a religious school are more likely to grow up moral men than those of public schools. The college building has been fitted up in good style, and will have four or five teachers.
