

**\$3,600**  
in Cash Prizes for Farmers  
**Your Photograph May Win a Prize**

AMONG the prizes we are offering in our big Prize Contest is one of \$100.00 (Prize "C") for the farmer in each Province who furnishes us with a photograph showing the best of any particular kind of work done on his farm during 1911 with "CANADA" Cement. For this prize, work of every description is included.

Now just as soon as you finish that new silo, barn, feeding floor or dairy, that you've been thinking of building, why not photograph it and send the picture to us? The photograph doesn't necessarily have to be taken by a professional or an expert. In fact, your son's or your daughter's camera will do nicely. Or, failing this, you might use the kodak of your neighbor's son nearby. In any event, don't let the idea of having a photograph made deter you from entering the competition. Particularly as we have requested your local dealer to help in cases where it is not convenient for the farmer to procure a camera in the neighborhood. By this means you are placed on an equal footing with every other contestant. Get the circular, which gives you full particulars of the conditions and of the other three prizes. Every dealer who sells "CANADA" Cement will have on hand a supply of these circulars—and he'll give you one if you just ask for it. Or if you prefer, you can use the attached coupon—or a postcard will do—send it to us and you'll receive the complete details of the contest by return mail.

If you haven't received your copy of "What the Farmer Can Do With Concrete," write for that, too. It's a finely illustrated book of 160 pages full of useful and practical information of the uses of concrete.

Write us to-night, and you'll receive the book and the circular promptly.

Do not delay—sit right down—take your pen or pencil, and fill out the coupon NOW.

Please send Circular and book.

### THE SOLID FACTS OF SUMMER TRAVEL

Intercolonial Railway Issues a New Tourist Guide.

"Summer Fares to Summer Havens" is the title given to a very practical booklet issued by the Intercolonial Railway. As the name would imply it deals with the question of reaching the various summer resorts along the line of the railway, and furnishes the details regarding routes and rates hotels etc. It is a booklet of plain travel facts, just what the practical tourist needs. The pages devoted to side trips will be found interesting by those who do not realize how numerous are the possibilities for delightful holiday excursions at very reasonable expense. This booklet will be mailed free to all who write the Advertising Dept. I. C. R. Montreal, N. B.

### THE METRIC SYSTEM

To the Editor of The Union Advocate, 8 Sir.—Allow me a few words on the Metric System, tho it is not my hobby (I haven't any hobbies)

Assuming the Equatorial circumference of the earth to be 25,000 miles, and its very close, and also assuming that the Equatorial and not the Polar Quadrant should have been the basis, the Metre would be 39.6 inches, 3.3 ft., or 1.1 yds long. Five Metres would equal 5.2 yds, or 1 rod, the Kilometer would be exactly 5.8 of a mile, and the Myriameter would be exactly 6.1 miles.

In square or surface measure, the Sq. m (Centar) would be 10.89 sq. ft., the Ar., rd. be exactly 4 sq. rods, and the Hectar would be exactly 2.12 Acres.

In volume had weight, the Liter would be nearly 62.1 cu. m., and the Gramme 15.68 grs., the Cubic Metre rd contain nearly 35 Cu. ft., (35.637), the Kiloliter rd. contain nearly 224 gallons, and the Metre Ton rd weight nearly 2240 lbs., about the same as our present Long Ton

We would then have some equivalents to our present weights and measures, but the Metric System disarranges and confuses all this, giving nothing equivalent, definite or even accurate.

After all it is only a fancy System, based on a mere theory.

Yours very truly,  
Michael Whalen,  
Renous River, N. B. June, 1911.

### CANADA'S PROSPERITY IS GREAT

Ottawa, June 16—Final figures show Canada's revenue last year ended March 31, to have totalled \$117,780,409, which is the greatest by far the dominion has ever had and is \$16,250, ahead of the preceding year.

This year there is every indication that the revenue will approach \$130,000,000.

In the last fiscal year customs revenue amounted to \$72,965,394; excise, \$16,869,837; postal returns, \$9,146,953; public works and railways, \$10,818,834; miscellaneous, \$7,979,391.

The expenditure on revenue account last year was \$87,773,998, an increase of \$8,250,000.

Expenditure on capital account totalled \$33,096,222, a decrease of \$500,000.

During the first two months of the present fiscal year, ended May 31, Canada's revenue was \$18,573,441.

### WHIRLED TO DEATH IN CHATHAM PULP MILL

Henry Dumont, aged about 30, met a frightful death in Chatham, Thursday afternoon, being buried around in the fly wheel in the Miramichi Rossing mill, and having his brains dashed out. Dumont was in the employ of Wm. Groat, a teamster, and had backed up his team to the door of the mill. As the tail board would not work properly, he went back to fix it, but in some manner fell into the machinery and was caught in the large fly wheel. He was carried around at a terrific rate, finally striking his head on the roof and dashing out his brains. He had been married only a short time.

Dan Connolly, of St. John, and Umpire Doyle, of Calais, have been recommended to fill the position of professional umpires for the N. B. & Maine League.

### K. & V. NORDIN, Ltd.

### Department of Railways and Canals.

#### Intercolonial Railway.

IMPROVEMENTS AT HALIFAX. SEALED TENDERS addressed to the undersigned and endorsed "Tender for Pier and Sheds," will be received at this office on 212 clock noon of the 20th day of July, 1911, for the construction of a reinforced concrete pier and sheds at the Deep Water Terminal of the Intercolonial Railway, at Halifax.

Plans, Specifications and form of contract to be entered into may be seen and full information obtained on and after the 21st day of June, 1911, at the office of the Chief Engineer, of the Department of Railways and Canals, Ottawa, Ont., and at the office of the Chief Engineer of the Intercolonial Railway at Montreal, N. B., or at the office of the Consulting Engineering, Mr. John Kennedy, Montreal.

Parties tendering will be required to accept the fair wages schedule prepared or to be prepared by the Department of Labour, which schedule will form part of the contract. Contractors are requested to bear in mind that tenders will not be considered, unless made strictly in accordance with the printed forms, and in the case of firms, unless they are attached the actual signature the nature of the occupation, and place of residence of each member of the firm.

An accepted bank cheque for the sum of \$25,000.00 made payable to the order of the Minister of Railways and Canals must accompany each tender, which sum will be forfeited if the party tendering declines entering into contract for the work at the rates stated in the offer submitted. The cheque of the successful tenderer will be held as security, or part security, for the due fulfilment of the contract to be entered into. The lowest or any tender not necessarily accepted.

By order,  
L. R. THOMPSON,  
Secretary.
