Our Lawn Mowers

are all good and represent the most advanced principles of lawn mower making. We have a cheap low wheel three knife mower that is the best of its kind—and we have also the old reliable "Woodyatt" which is known far and wide in Canada. But our best value is the "Star" mower with high driving wheels—this mower is truly the star of the lawn mower firmament—nothing like it for looks and wear. We're selling the "Star" retail at from twenty-five to fifty cents less than we could buy them wholesale to-day—here's your chance while we have them.

The Uncertainty of Life.

Sudden Death of Mr David Eby.
AT WORK ON SATURDAY, DEAD ON SUNDAY.
The death of Mr. Dittman Eby, of the manufacturing firm of Eby & Dunham, to a place very suddenly at his home on Irvine st., about 11 o'clock on Sunday. He had been ailing for a few weeks but his illness was not considered dangerous and on Saturday last he was at the shop working for a short time. On returning home he felt quite ill and suffered acute pain in his right shoulder. His medical attendants were called in but could do nothing and he sank gradually until the end. His death is a loss to the town and community for he was a progressive citizen and a man worthy of everyone's respect. He was 45 years of age and leaves a widow and two children. He was a member of the N. M. Brethren and the funeral was held at their church on Lancaster street this afternoon, the remains being interred in the East End cemetery.

Winning Laurels In South Africa

Mr. Oscar Quimby of the Bell Telephone Company, received a letter on Dominion Day from his brother Herman. The letter was written on June 2nd, and was exactly a month in reaching its destination. Up to that time his company had seen no fighting, and expected to receive orders to go home to Canada before long. The boys held a field day of sports on Queen's birthday and Herman won 15 shillings in prizes, winning the 1-4 mile foot race and the long distance football kicking contest. They had heavy rains the last days of May and at the date of writing the weather had turned as cold as a Canadian December.

Touched for His Purse

A Toronto Doctor Robbed ON THE STREET.
Dr. J. M. Philip, 61 X-chillie Ave., Toronto, was among the holiday visitors to Berlin, he came in on the 11 o'clock train and boarded the street car for down town. He had his purse when he got aboard the crowded car but when he reached for it to pay his fare the purse and its contents were gone. There is a certain party under suspicion of having taken it and Detective Kupper has the case in hand.

WATER MELONS AT S.A.B.

There is no truth in the report that there are 75 cases of diphtheria in Georgetown. There was one case occurred about a couple of weeks ago and since then there have been five cases of a mild type. The disease is about stamped out.

Mr. P. E. Shaute of Preston, is interesting himself in the formation of a company to manufacture manilla twine at Doon. The waterpower at Gutlie mill is favorably looked upon as a site. Some farmers are willing to invest from \$2,000 to \$3,000 but it is likely the company will consist entirely of business men.

United Brethren will Probably Join Forces.

SO SAYS ONE OF THEIR CLERGYMEN.
A well known minister of the United Brethren in Christ is the authority for the statement that the difficulties which caused the division in the ranks of the United Brethren, and which has kept them apart for a number of years, promise fair to be settled and that the Liberal and Radical branches of the church may merge into one again as formerly.

A Steady Increase In the Customs House Receipts

ALMOST DOUBLED IN FOUR YEARS.
The Customs House receipts at the Berlin port are now out and are most interesting. They show a constantly increasing volume of business transacted by our manufacturers and merchants. The imports of materials have increased each year. The following are the figures: Free goods imported for year ending June 30th, 1900—\$988,365. Dutiable goods imported \$397,822. Total \$1,386,187.

Waterloo News Notes

THE JOINT DEMONSTRATION A BIG SUCCESS.
The joint celebration held here yesterday by the Bands of the Berlin and Waterloo Musical Societies was a grand success both as an entertainment and financially. In the morning there was a large parade and exhibition. Four bands were in line, Berlin, Marine, Waterloo and a Galt's. The Waterloo Manufacturing Company must be given first place in the list. They certainly did their part right up to the hilt. The Mig. Co.'s first piece was a large flat wagon on which was given an exhibition of their machinery by hand as done in 1890, with a thrasher of the 1840 series, then one of the year 1850 and one of 1870; these were followed up by the Company's present "Advance Champion" a machine recognized as one of Canada's leading and most advanced reapers.
