Miss Oakes' concert of North Albany took place on Thurs. evening, 19th. The school room was a perfect art gallery, each blackboard being decorated with beautiful Xmas drawings in which Santa Claus formed a prominent part. A tree adorned with beautiful and useful gifts for the pupils, stood in a corner; and toward the close of the evening in response to a song given by master George Fairn, Santa Claus appeared and dispensed the numerous gifts to the great delight of the scholars. The music, which was conducted by Miss Essie Fairn, deserves special mention; Mr. Almon Oakes accompanied with the violin, Mr. Kenneth Zwicker with phonograph and Miss Hettie Fairn and Miss Oakes with the auto-harp. Glory to God in the Highest, was finely rendered by the Misses Essie and Hettie Fairn; the school aided by Mr. Fred. Fairn, joined in the chorus. Each scholar performed his and her respective parts with the utmost ease and grace; which plainly manifested the great pains-taking given to them by our esteemed teacher, who spared no expense in making the concert a grand success. Miss Oakes was the recipient of a number of nice presents from her pupils.

## The Bar Honors Judge Savary.

PLEASANT AFFAIR AT ANnapolis ROYAL—PRESENTATION TO RETIRING JUDGE.

At Annapolis Royal, on December 19th, in the parlour of the Queen hotel, the members of the Western bar of Nova Scotia assembled for the purpose of presenting an address to Judge Savary on his retirement from the position of county court judge so long and ably filled by him since the institution of the county courts in this province. The address was read by Mr. Owen, and with the address was presented a handsome gold hunting-case watch. On the inside of the case is the following inscription:—

"Presented to the Hon. A. W. Savary upon his retirement from the bench, by the members of the Western bar, as a slight token of their respect, Christmas, 1907."

The judge expressed his great appreciation of the expression of regard of the bar with which he had been for so long a time so intimately associated, and made feeling reference to the many members thereof at the time of his appointment, who are no more, and thanked the donors for their handsome gift.

Judge Felton was then called upon and made a happy speech, in which he referred to the high attainments of Judge Savary as a lawyer and man of letters. Speeches were made by all the members of the bar present and satisfaction expressed that the position made vacant by Judge Savary's retirement, is filled by so worthy a successor and able a lawyer as Judge Felton.

The estimates submitted in Parliament on Dec. 11 amounting to \$19,238,591 included \$20,000 for bridge at Annapolis Royal; \$15,000 for harbor at Digby; \$5,362 for harbor at Hall's Harbor; and \$2,650 for improvements at Parker's Cove.

THE EGG AND BUTTER Famine

Eggs are not even from "land to mouth" in this vicinity they are so scarce. Even the few old hens that can be persuaded to do duty for the whole feathered tribe, dole them out in such scanty numbers that the price has soared to 25c. The old cow that has scoured to 25c. "In Mother Goose's day, was several leagues behind the high butter rate commanded to day by her less ambitious sisters. Reports allege that several of our citizens skilled in high finance have been cornering eggs and butter ever since last July, and now that the "Season and good will" season is at hand, they are bringing them into town, asking, and worse still obtaining, for "new laid eggs," and "fresh dairy butter" prices, almost beyond the reach of the fortunate rich.—Windsor Tribune.

Cleaning the machine—About twice a year I give the working parts of my sewing machine a thorough bath with gasoline, using perhaps a pint for the operation. Spool and bobbin are removed, and filling the oil can with gasoline, I pour continuously through each oil hole in turn, while the machine is in motion, refilling the can until all parts have had an application. It removes all lint and dust, and the machine runs like a new one. Try it, but take care that no fire is near when using gasoline.—E. E. Shaw.

WONDERFUL CHANGE

IN LIFE'S PROSPECTS.

Mother and Son Happy and Grateful Because Darkness Was Turned to Light.

"Yesterday a happy and grateful mother told the following story, at much greater length than here repeated, in the Laboratory of Dr. Slocum, 179 King Street west, Toronto:—

"My son was in poor health. Went to two leading doctors, who both told him his lungs were badly affected. Did not think he would live long, but they might prolong his life. Prescribed for him, but he continued to grow rapidly worse. Was induced by friends to take Psychine. Improvement was slow, but marked and steady. Lungs became gradually stronger. Commenced to gain flesh. Persisted in the use of Psychine. In a few months was well, healthy and robust. Had some doctors examine his lungs again. Said they were as sound and strong as they had ever examined. Asked what he had been doing for them he said: 'Using the greatest remedy in the world—Psychine.' The doctors replied, 'Well, we can certify to the fact that when we last saw you you were a very sick man; now you are sound and well. We have to congratulate you on your recovery, which we considered very doubtful.'"

This tells its own story. All forms of throat, chest, lung and stomach troubles yield quickly to the all-purifying power of Psychine (pronounced SIGH-ee). Big sale at all druggists at 50c and \$1.00 per bottle or at Dr. T. A. Slocum, Limited, 179 King Street west, Toronto.

## THE QUESTION OF FLOUR.

Not the least of the many problems which puzzle the young housekeeper, is the selection of flour. Cook books are often indefinite; one recommending a brand you cannot conveniently obtain, another, neglecting the point insisting on some flour you have found unsatisfactory.

Have you ever tried blended flour? If not, use it next baking day. The leading Ontario millers are now making a blend of Ontario fall wheat with Manitoba spring wheat in such a way that the best qualities of both are combined scientifically to make a perfect flour.

Ontario fall wheat has the flavor and delicacy, but not sufficient strength. Manitoba spring wheat flour rises well but absorbs much water and requires much kneading, the bag bear of all bread-makers. Blended flour, as milled by the Ontario millers, combines the strength of Manitoba wheat, and the delicate flavor of Ontario wheat, and is a superior flour to either alone. It gives the food value with the lightness and deliciousness.

Housekeepers everywhere are using blended flours for bread, cake and pastry. Blended flours solve the flour troubles of all home cooks who have the discernment to see them.
